

## **Pluristem to hold Symposium on Therapeutic Angiogenesis for Peripheral Arterial Occlusive Disease at European Society for Vascular Medicine in Berlin, Germany**

**HAIFA, ISRAEL, May 7, 2015 --** [Pluristem Therapeutics Inc.](#) (NasdaqCM: PSTI, TASE: PLTR), a leading developer of placenta-based cell therapy products, today announced that on May 12 it will hold a symposium on therapeutic angiogenesis for Peripheral Arterial Occlusive Disease (PAOD) at the [European Society for Vascular Medicine](#) in Berlin, Germany. The symposium, supported by Pluristem, will include presentations and discussions on therapeutic angiogenesis for peripheral arterial occlusive disease. Esther Lukasiewicz Hagai, M.D., Vice President Medical & Clinical Affairs, and Racheli Ofir, Ph.D., Vice President Research & Intellectual Property, will each present. Dr. Lukasiewicz Hagai's presentation is titled "Therapeutic Angiogenesis for Peripheral Arterial Occlusive Disease". Dr. Ofir will present "PLX-PAD Cells: Overview of Pre-clinical Studies in CLI".

Pluristem is currently conducting a Phase II trial for the treatment of intermittent claudication, a type of PAOD. The trial is ongoing in Germany, the U.S., Israel and South Korea. Pluristem has applied to the European Union's accelerated regulatory Adaptive Pathway to conduct a Phase II trial for critical limb ischemia, another form of PAOD.

### **About Pluristem Therapeutics**

Pluristem Therapeutics Inc. is a leading developer of placenta-based cell therapy products. The Company's patented PLX (PLacental eXpanded) cells release a cocktail of therapeutic proteins in response to inflammation, ischemia, hematological disorders, and radiation damage. PLX cells are grown using the Company's proprietary three-dimensional expansion technology and are an "off-the-shelf" product that requires no tissue matching prior to administration.

Pluristem has a strong intellectual property position, Company-owned, GMP-certified manufacturing and research facilities, strategic relationships with major research institutions, and a seasoned management team.
