3. If an interested party holds more than one type of security in the corporation, the holding percentage (including fully diluted) should be stated for all securities held in a single row.
4. This form should detail the holdings of all interested parties, including those whose holdings have not changed.
5. If the interested party is a held company with activity material to that of the corporation, holdings from before the Companies Law 1999 (granting rights in capital and voting) and dormant shares should be separated.
6. If the interested party is a corporation, also state the first name(s) of the controlling shareholder(s). If not, provide details of the interested parties in it.
7. If a senior officer holds five percent or more of the issued share capital or voting rights, his/her holdings should be detailed in the 'Interested parties' table as in section A above.
8. If the interested party or senior officer also holds securities in a held company material to the corporation’s activity, details must be given in the 'Notes' of the holder's details.
