1. If the change affects more than one security, the effect of the change must be shown in a separate line for each security.
2. Date of change – all changes of the same type, in the same security, made on one day, are to be summed up in a single line. In this context – changes executed via TASE clearing and those recorded directly in the company books must be separated.
3. For decrease, a minus sign "-" should be added.
