Corporate

On 30 March 2026, the Company completed the second tranche of its Private Placement exercise with the issuance of 18,848,200 new ordinary shares, raising estimated gross proceeds of up to RM3.60 million to support the Group's expansion in technology enhancement and IT services business.

Subsequent to 31 March 2026, 1,536,800 new ordinary shares were issued arising from the conversion of warrants. Each warrant entitles the registered warrant holder to subscribe for one new ordinary share in the Company at an exercise price of RM0.05 per ordinary share.

Petaling Jaya, 26 May 2026 – FSBM Holdings Berhad ("FSBM" or "the Group") today announced its financial results for the first quarter ended 31 March 2026 ("Q1FY2026"), marking a turnaround in financial performance driven by strong growth in its Intelligent Application and Digital Solutions segment.

For Q1FY2026, the Group achieved revenue of RM9.51 million, representing a substantial increase of 433% from RM1.78 million in the corresponding quarter last year. Likewise, the Group's Profit After Tax ("PAT") stood at RM1.04 million compared with a loss of RM0.77 million in Q1 FY2025.

The stronger performance in Q1FY2026 was primarily driven by higher contribution from the Intelligent Application and Digital Solutions segment, which generated revenue of RM9.44 million, representing an increase of approximately 561% from RM1.42 million in the corresponding quarter last year. The segment also posted a profit of RM1.92 million, compared with a marginal loss in the corresponding quarter last year.

On a quarter-on-quarter ("QoQ") basis, the Group also recorded a strong recovery in financial performance, with revenue increasing by 118% from RM4.35 million in 4QFY2025 to RM9.51 million in Q1FY2026, alongside a return to profitability.

The quarter marked an important milestone for FSBM as the Group continues executing its strategic transformation into an AI-enabled digital solutions provider. The strong growth achieved during the quarter reflects increasing market demand for intelligent enterprise solutions, automation technologies, and digital transformation initiatives across industries.

Looking ahead, FSBM remains optimistic about its growth prospects as businesses continue accelerating digital transformation, AI adoption, and cybersecurity investments amid an increasingly technology-driven operating environment.

The Group remains committed to deepening its AI capabilities, enhancing intelligent automation solutions, and expanding its enterprise technology offerings to capture emerging opportunities in the evolving digital economy.
