## **Teva and Ignyta Announce Acquisition by Ignyta of Four Oncology R&D Assets from Teva**

- **Acquisition of one clinical and three pre-clinical phase development programs**
- **Concurrent \$42 million equity investment in Ignyta by Teva and selected healthcare investors**
- **Upon closure of the agreements, Teva will hold approximately 12% of Ignyta common shares**
- **Ignyta to host conference call and simultaneous webcast to discuss the transaction at 5:00 pm ET (2:00 pm PT)**

JERUSALEM and SAN DIEGO, March 17, 2015 – Teva Pharmaceutical Industries Ltd. (NYSE: TEVA) (“Teva”), a world leading global pharmaceutical company, and Ignyta, Inc. (Nasdaq: RXDX) (“Ignyta”), a precision oncology biotechnology company, today announced the acquisition by Ignyta of the worldwide rights and assets relating to four targeted oncology development programs in exchange for 1.5 million shares (6%) of Ignyta’s common stock.

Concurrently, Ignyta has entered into stock purchase agreements with Teva, and selected additional healthcare investors, whereby Teva will purchase a further 1.5 million shares of common Ignyta stock at a price of \$10 per share in a registered direct offering. The other investors will purchase an additional 2.7 million shares at \$10 per share, valuing the total offering at approximately \$41.6 million.

“Teva has committed to finding novel ways for the ongoing development of early clinical stage and pre-clinical oncology R&D programs, which hold significant promise for cancer patients,” said Michael Hayden, Teva’s President of Global R&D and Chief Scientific Officer. “Ignyta’s capabilities and focus in oncology will give these assets the best chance of realizing their potential for patients, and of maximizing their value for Teva.”

“Acquiring these four development stage programs from Teva is truly transformational for Ignyta and well aligned with our strategic focus on developing first-in-class and best-in-class precision medicines to help cancer patients with unmet needs,” said Jonathan Lim, M.D., Chairman and CEO of Ignyta. “These oncology programs add critical mass to our pipeline and further enable

us to leverage our precision oncology platform, including our proprietary multiplex diagnostic assays and our CLIA certified, QSR compliant diagnostic laboratory. Furthermore, these new assets complement our entrectinib development program and extend our ability to target the majority of known oncogenic drivers across multiple solid tumor indications. For example, in non-small cell lung cancer alone, we believe that our product candidates have potential activity against many of the most frequent oncogenic drivers in this disease, and we plan to explore these opportunities through innovative clinical trial designs such as master protocols.”

“We are also grateful to Teva and the financial investors who share Ignyta’s precision oncology vision and invested in this latest financing,” continued Dr. Lim. “We intend to use the funds to further advance our precision oncology vision by developing targeted therapies that provide meaningful benefit to specific populations of cancer patients.”

### Overview of Asset Acquisition Transaction

Under the terms of the asset purchase agreement with Teva, Ignyta is acquiring all of Teva’s assets and worldwide rights relating to four oncology development programs in exchange for 1.5 million shares of Ignyta’s common stock. Teva has agreed not to sell or otherwise transfer any of these shares until March 17, 2016, and Ignyta is required to register the resale of these shares with the Securities and Exchange Commission (SEC) prior to such date.

The development programs Ignyta purchased from Teva include:

- CEP-32496, which Ignyta has renamed RXDX-105, a potent small molecule inhibitor of BRAF, EGFR and RET that is currently in a Phase I/II dose escalation clinical trial;
- CEP-40783, which Ignyta has renamed RXDX-106, a potent, highly selective, pseudo-irreversible inhibitor of AXL and cMET that is in late preclinical development;
- CEP-40125, which Ignyta has renamed RXDX-107, a nanoformulation of a modified bendamustine with potential activity in solid tumors that is in late preclinical development; and
- TEV-44229, which Ignyta has renamed RXDX-108, a potent, selective inhibitor of the atypical kinase PKCιota that is in preclinical studies. Ignyta has also acquired next generation PKCιota inhibitors in addition to the lead compound.

Ignyta also assumed all of Teva’s ongoing obligations under certain contracts relating to the purchased programs, including the agreements under which Teva in-licensed rights to the assets.

release

### **Concurrent Equity Financing**

Teva has agreed to purchase 1.5 million shares of Ignyta common stock for a purchase price of \$10 per share, resulting in gross proceeds to Ignyta of \$15 million. Ignyta has also entered into stock purchase agreements with several additional investors that will purchase an aggregate of 2.7 million additional shares of Ignyta common stock. The offering is expected to result in aggregate gross proceeds to Ignyta of approximately \$41.6 million. The offering closed concurrently with the asset purchase. Ignyta did not use a placement agent in connection with this transaction.

A shelf registration statement relating to the shares of common stock issued in the offering was filed with, and declared effective by, the SEC. A prospectus supplement relating to the offering will be filed with the SEC. This press release shall not constitute an offer to sell or a solicitation of an offer to buy any shares of common stock. No offer, solicitation or sale will be made in any jurisdiction in which such offer, solicitation or sale is unlawful.

### **Ignyta Slide Deck and Conference Call**

Ignyta has posted a slide presentation relating to the Teva transaction, its new development programs and the concurrent equity financing on the Investors page of the company's website at <http://investor.ignyta.com>. On Tuesday, March 17, 2015, Ignyta will host a conference call with interested parties beginning at 5:00 p.m. ET (2:00 p.m. PT) to discuss the transactions and related matters. A live webcast of the conference call will be available online on the Investors page of the company's website at <http://investor.ignyta.com>. The call will also be archived and accessible at that site for one year. Alternatively, callers may participate in the conference call by dialing (888) 734-0328 (domestic) or (678) 894-3054 (international), and entering passcode 5138138.

Discussion during the conference call may include forward-looking statements regarding such topics as, but not limited to, Ignyta's development plans for its new product candidates, its other product candidates and discovery programs, the company's financial status, and any comments the company may make about its future plans or prospects in response to questions from participants on the conference call.

## About Teva

Teva Pharmaceutical Industries Ltd. (NYSE and TASE: TEVA) is a leading global pharmaceutical company that delivers high-quality, patient-centric healthcare solutions to millions of patients every day. Headquartered in Israel, Teva is the world's largest generic medicines producer, leveraging its portfolio of more than 1,000 molecules to produce a wide range of generic products in nearly every therapeutic area. In specialty medicines, Teva has a world-leading position in innovative treatments for disorders of the central nervous system, including pain, as well as a strong portfolio of respiratory products. Teva integrates its generics and specialty capabilities in its global research and development division to create new ways of addressing unmet patient needs by combining drug development capabilities with devices, services and technologies. Teva's net revenues in 2014 amounted to \$20.3 billion. For more information, visit [www.tevapharm.com](http://www.tevapharm.com).

## About Ignyta, Inc.

Ignyta, Inc., located in San Diego, California, is a precision oncology biotechnology company pursuing an integrated therapeutic (Rx) and companion diagnostic (Dx) strategy for treating cancer patients. The company's goal with this Rx/Dx approach is to discover, develop and commercialize new drugs that target activated cancer genes and pathways for the customized treatment of cancer. It aims to achieve this goal by pairing each of its product candidates with biomarker-based companion diagnostics that are designed to identify, at the molecular level, the patients who are most likely to benefit from the precisely targeted drugs the company develops. For more information, please visit: [www.ignyta.com](http://www.ignyta.com).

## Teva's Safe Harbor Statement under the U. S. Private Securities Litigation Reform Act of 1995:

*This release contains forward-looking statements, which are based on management's current beliefs and expectations and involve a number of known and unknown risks and uncertainties that could cause our future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. Important factors that could cause or contribute to such differences include risks relating to: our ability to develop and commercialize additional pharmaceutical products; competition for our innovative products, especially Copaxone® (including competition from orally-administered alternatives, as well as from potential purported generic equivalents) and our ability to migrate users to our 40 mg/mL version; the possibility of material fines, penalties and other sanctions*

## טבע ו- Ignyta מודיעות על רכישה על ידי Ignyta של ארבעה נכסי מו"פ אונקולוגיים מידי טבע

- רכישה של תכנית קלינית אחת ושלוש תכניות פרה-קליניות
- השקעה הנית של \$42 מיליון ב-Ignyta על ידי טבע ומשקיעים נבחרים מתחום הבריאות
- עם סגירת ההסכם, טבע תחזיק כ- 12% ממניות Ignyta
- Ignyta תארח שיחת ועידה ושידור מקוון כדי לדון בעסקה בשעה 17:00 שעות מזרח ארה"ב

**ירושלים וסן דייגו, 17 במרץ 2015** – טבע תעשיות פרמצבטיות בע"מ (NYSE:TEVA), חברת פרמצבטיקה גלובלית מובילה, ו-Ignyta, Inc. (NASDAQ:RXDX) ("Ignyta"), חברת ביוטכנולוגיה לאונקולוגיה ממוקדת, הודיעו היום על רכישה על ידי Ignyta של הזכויות הגלובליות והנכסים הקשורים בארבע תכניות פיתוח של אונקולוגיה ממוקדת בתמורה ל- 1.5 מיליון מניות (6%) מהמניות הציבוריות של Ignyta.

במקביל, Ignyta נכנסה להסכם רכישת מניות עם טבע ומשקיעים נבחרים מתחום הבריאות, אשר על פיו תרכוש טבע 1.5 מיליון נוספות במחיר של \$10 למניה, במכירה ישירה. שאר המשקיעים ירכשו 2.7 מיליון מניות נוספות במחיר של \$10 למניה, המקנות ערך למכירה של כ-\$41.6 מיליון.

"טבע התחייבה למציאת דרכים חדשות לפיתוח תכניות קליניות מוקדמות ותכניות פרה-קליניות במו"פ אונקולוגי, אשר מייצגות הבטחה ממשית למטופלי סרטן", אמר מייקל היידן, נשיא מו"פ והמדען הראשי של טבע. "היכולות והמיקוד של Ignyta באונקולוגיה יתנו לנכסים אלו את מירב הסיכוי להגשים את הפוטנציאל שלהם עבור המטופלים, ולמקסם את הערך שלהם עבור טבע."

"רכישת ארבעת תכניות פיתוח אלו מטבע היא מהלך טרנספורמטיבי של ממש עבור Ignyta ונמצא בהתאמה טובה עם המיקוד האסטרטגי שלנו לפיתוח תרופות ממוקדות מהשורה הראשונה לסייע למטופלי סרטן אשר להם צרכים ללא מענה", אמר ד"ר ג'ונתן לין, יו"ר ומנכ"ל Ignyta. "תכניות אונקולוגיות אלו מוסיפות מסה קריטית לצבר המוצרים שלנו ומאפשרות לנו למנף את פלטפורמת האונקולוגיה הממוקדת שלנו, כולל בדיקות האבחון הסימולטניות הקנייניות שלנו, וספריית הדיאגנוסטיקה המאושרת על ידי CLIA ו-QSR. כמו כן, נכסים חדשים אלו תומכים בתכנית הפיתוח שלנו עבור entrectinib ומגדילה את יכולתנו להתמקד במרבית המנועים האונקוגניים על פני מגוון גידולים מוצקים. למשל, רק בסרטן ריאה של התאים הלא קטנים, אנו מאמינים שלמועמדים למוצרים הללו יש פוטנציאל פעילות כנגד רוב המנועים האונקוגניים של מחלה זו, ואנו מתכננים לבחון הזדמנויות אלו באמצעות תכניות קליניות מעוצבות חדשניות כגון 'פרוטוקול-על'."

"אנחנו גם מודים לטבע ולמשקיעים הכספיים אשר שותפים לחזון של Ignyta בדבר אונקולוגיה ממוקדת ואשר השקיעו בסבב מימון זה", המשיך ד"ר לים. "אנו מתכננים להשתמש בכספים כדי להמשיך לקדם את חזון האונקולוגיה הממוקדת על ידי פיתוח טיפולים מכוונים אשר יעניקו ערך חיובי לאוכלוסיות ספציפיות בקרב מטופלי סרטן."

### סקירה של עסקת הרכישה ההנית

על פי תנאי הסכם רכישת הנכסים עם טבע, Ignyta תרכוש את הזכויות הגלובליות והנכסים הקשורים בארבע תכניות פיתוח של אונקולוגיה ממוקדת בתמורה ל- 1.5 מיליון מניות של Ignyta. טבע הסכימה לא למכור או להעביר חלק כלשהו ממניות אלו עד ל- 17 במרץ, 2016, ו-Ignyta מחויבת לרשום את המכירה מחדש של מניות אלו אצל הרשות לניירות ערך האמריקאית (SEC) עד לתאריך שזכה.

## תכניות הפיתוח שרכשה Ignyta מטבע הן:

- CEP-32496, which Ignyta has renamed RXDX-105, a potent small molecule inhibitor of BRAF, EGFR and RET that is currently in a Phase I/II dose escalation clinical trial;
- CEP-40783, which Ignyta has renamed RXDX-106, a potent, highly selective, pseudo-irreversible inhibitor of AXL and cMET that is in late preclinical development;
- CEP-40125, which Ignyta has renamed RXDX-107, a nanoformulation of a modified bendamustine with potential activity in solid tumors that is in late preclinical development; and
- TEV-44229, which Ignyta has renamed RXDX-108, a potent, selective inhibitor of the atypical kinase PKCι that is in preclinical studies. Ignyta has also acquired next generation PKCι inhibitors in addition to the lead compound.

Ignyta גם לקחה על עצמה את כל חובותיה של טבע תחת חוזים מסוימים הקשורים לתכניות הנרכשות, כולל ההסכמים אשר בהם מסרה טבע זכויות רישוי על הנכסים.

## מימון הוני

טבע תרכוש 1.5 מיליון מניות במחיר של \$10 למניה, אשר יניבו הכנסות של \$15 מיליון ל-Ignyta. Ignyta הגיעה להסכם עם מספר משקיעים אחרים אשר ירכשו עוד 2.7 מיליון מניות. היצע המניות יניב ל-Ignyta הכנסות של כ-\$41.6 מיליון. היצע המניות נסגר עם רכישת הנכסים. Ignyta לא נעזרה בסוכן השמה כחלק מהעסקה.

הצהרת רישום בנוגע למניות אשר הוצעו הוגשה והוכרזה כתקיפה על ידי ה-SEC. נספח הנוגע למכירה יוגש ל-SEC. הודעה לעיתונות זו איננה נחשבת כהצעה לרכישת מניות.

## פרטים אודות מצגת ושיחת ועידה של Ignyta

Ignyta has posted a slide presentation relating to the Teva transaction, its new development programs and the concurrent equity financing on the Investors page of the company's website at <http://investor.ignyta.com>. On Tuesday, March 17, 2015, Ignyta will host a conference call with interested parties beginning at 5:00 p.m. ET (2:00 p.m. PT) to discuss the transactions and related matters. A live webcast of the conference call will be available online on the Investors page of the company's website at <http://investor.ignyta.com>. The call will also be archived and accessible at that site for one year. Alternatively, callers may participate in the conference call by dialing (888) 734-0328 (domestic) or (678) 894-3054 (international), and entering passcode 5138138..

#### About Ignyta, Inc.

Ignyta, Inc., located in San Diego, California, is a precision oncology biotechnology company pursuing an integrated therapeutic (Rx) and companion diagnostic (Dx) strategy for treating cancer patients. The company's goal with this Rx/Dx approach is to discover, develop and commercialize new drugs that target activated cancer genes and pathways for the customized treatment of cancer. It aims to achieve this goal by pairing each of its product candidates with biomarker-based companion diagnostics that are designed to identify, at the molecular level, the patients who are most likely to benefit from the precisely targeted drugs the company develops.

## Press Release

for  
**immediate**  
release

# IGNYTA™

*statements include, among other things, references to the development of Ignyta's new or other product candidates, the potential advantages and first-in-class or best-in-class nature of these drug programs and the potential for Ignyta to establish a leadership position in oncology personalized medicine and provide benefit to cancer patients. Actual results could differ from those projected in any forward-looking statements due to numerous factors. Such factors include, among others, the inherent uncertainties associated with developing new products or technologies and operating as a development stage company; regulatory developments in the United States and foreign countries; Ignyta's ability to develop, complete preclinical studies and clinical trials for, obtain approvals for and commercialize any of its product candidates; changes in Ignyta's plans to develop and commercialize its product candidates; the potential for final results of the ongoing Phase I/II clinical trials of entrectinib, or any future clinical trials of entrectinib or other product candidates, to differ from preliminary or expected results; Ignyta's ability to raise any additional funding it will need to continue to pursue its business and product development plans; Ignyta's ability to obtain and maintain intellectual property protection for its product candidates; the potential for the company to fail to maintain the CLIA registration of its diagnostic laboratory or to fail to achieve full CLIA accreditation of such laboratory; the loss of key scientific or management personnel; competition in the industry in which Ignyta operates; and market conditions. These forward-looking statements are made as of the date of this press release, and Ignyta assumes no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those projected in the forward-looking statements. Investors should consult all of the information set forth herein and should also refer to the risk factor disclosure set forth in the reports and other documents the company files with the SEC available at [www.sec.gov](http://www.sec.gov), including without limitation Ignyta's Annual Report on Form 10-K for the year ended December 31, 2014 and subsequent Quarterly Reports on Form 10-Q.*
