To: The Shareholders of Shin Yang Group Berhad

Dear Sir/Madam

PART A: PROPOSED SHAREHOLDERS' MANDATE

PART B: PROPOSED RENEWAL OF SHARES BUY-BACK

1. INTRODUCTION

At the 20th AGM held on 9 December 2025, the Company had obtained a shareholders' mandate for the Company and its subsidiaries to enter into any of the categories of Recurrent Related Party Transactions ("RRPT") as set out in the circular to shareholders dated 31 October 2025 with the Related Parties. The shareholders' mandate for RRPT shall, in accordance with the Listing Requirements, expire at the conclusion of the forthcoming 21st AGM of the Company which will be held on 10 June 2026, unless it is renewed.

The Board of Directors of SYGROUP had on 17 April 2026 announced its intention to seek shareholders' approval on the following Proposals at the forthcoming 21st AGM of the Company:

- a) Proposed Shareholders' Mandate and
- b) Proposed Renewal of Shares Buy-Back
(Collectively known as "the Proposals")

The purpose of this Circular/Statement is to provide you with information pertaining to the above and to seek your approval for the resolution pertaining to the Proposals to be tabled under agenda of Special Business at the forthcoming 21st AGM of the Company.

SHAREHOLDERS OF SYGROUP ARE ADVISED TO READ THE CONTENTS OF THIS CIRCULAR/STATEMENT AND APPENDIX A CAREFULLY BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSALS.

PART A

**PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY
TRANSACTIONS OF A REVENUE OR TRADING NATURE AND PROPOSED NEW
SHAREHOLDERS' MANDATE FOR NEW RECURRENT RELATED PARTY TRANSACTIONS OF
A REVENUE OR TRADING NATURE**

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

Pursuant to Paragraph 10.09 of the Listing Requirements, a listed issuer may seek shareholders' mandate in respect of RRPT which are necessary for its day-to-day operations subject to the following:-

- (i) the transactions are in the ordinary course of business and are on terms that are not more favourable to the Related Parties than those generally available to the public;
- (ii) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial period where the aggregate value is equal to or more than the threshold prescribed under Paragraph 10.09(1) of the Listing Requirements;
- (iii) the issuance of a circular to shareholders by the Company containing information as specified in the Listing Requirements;
- (iv) in a meeting to obtain shareholders' mandate, the interested director, interested major shareholder or interested person connected with a director or major shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder, must not vote on the resolution approving the transactions. The interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution approving the transactions; and
- (v) the Company must immediately announce to Bursa Malaysia when the actual value of a RRPT entered into by the Company, exceeds the estimated value of the RRPT disclosed in the circular by 10% or more and must include the information as may be prescribed by Bursa Malaysia in its announcement.

It is anticipated that the Group and the Related Parties would, in the ordinary course of business, enter into the related party transactions as mentioned in Section 2.2 below. It is likely that such transactions will occur with some degree of frequency and could arise at any time.

The Board proposes to seek a renewal of the authorisation from the shareholders to allow the Group, in the normal course of business, to enter into RRPT provided such transactions are made at arms' length, on the Group's normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interests of the minority shareholders.

The ensuing sections of this Circular sets out the relevant information pertaining to the above for the consideration and approval by the shareholders at the forthcoming 21st AGM.

2.4 Rationale

The RRPT to be entered into by the Group are all in the ordinary course of business. There are recurring transactions of revenue or trading nature, which are likely to occur with some degree of frequency and at any time.

In view of the time-sensitive nature and frequency of these transactions, it is impractical to seek shareholders' approval on a case-by-case basis before entering into such RRPT.

As such, the Board seeks shareholders' mandate pursuant and subject to Paragraph 10.09 of the Listing Requirements to allow the Group to enter into such RRPT made on an arms' length basis and on normal commercial terms and are on terms not more favourable to the Related Parties than those generally available to the public, which are not prejudicial to the interests of the shareholders whatsoever.

It is in the interest of the Group to enter into the RRPT. The close working relationship with the Related Parties ensure and will continue to ensure timely delivery of products and provision of services, commitment to and reliability of quality products and services for the Group, to enable the smooth operation of the day-to-day business of the Group.

By reviewing the Proposed Shareholders' Mandate on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when RRPT recurs will not arise. As such, this will inevitably reduce substantial administrative time, inconvenience and expenses associated with the convening of such meeting, without compromising the corporate objectives of the Group or adversely affecting the business opportunities available to the Group.

2.5 Review Methods and Procedures

To ensure that the RRPT are conducted at arm's length on transaction prices and terms not more favourable to the Related Parties than those generally available to the public, and are not to the detriment of the minority shareholders, the Board and management will ensure that transactions with the Related Party will only be entered into after due consideration on the quotation of price, level and quality of products or services and the corporate objectives of the Group. These include transacting at the prevailing market rates/prices of the service or product provider's usual commercial terms, business practices and policies (including, where applicable, preferential rates and discounts accorded to a class or classes of customers or for bulk purchases) or otherwise in accordance with applicable industry norms.

Disclosure will be made in the annual report of the Company of the breakdown of the aggregate value of transactions conducted pursuant to the Proposed Shareholders' Mandate during the financial year based on information such as the type of the RRPT made and the names of the Related Parties involved in each type of the RRPT made and their relationship with the Company. Disclosure will also be made in the annual reports for subsequent financial years during which the shareholders' mandate remains in force.

In addition, the Company will also immediately announce to Bursa Malaysia when the actual value of a RRPT entered into by the Group exceeds the estimated value of the RRPT set out in Section 2.2 of this Circular by ten percent (10%) or more.

The following will be implemented and observed in order to achieve the above:-

- (a) To notify the Group's Head of Marketing/Chartering/Purchasing/Procurement Department and to ensure that all RRPT are undertaken on an arm's length basis and on normal commercial terms and on transaction price and on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders;
- (b) All RRPT will be reviewed by one (1) person from senior management (i.e. Head of Marketing/Chartering/Purchasing/Procurement Departments) and one (1) person from the Chief Executive Officer/Chief Operating Officer/ Chief Procurement Officer/ Senior Manager of the different business units of the Group, namely Shipbuilding and Ship Repair unit, Container Shipping unit, Coastal and Domestic Shipping unit and International Shipping unit, Transportation and Logistic unit, Barrage and Shiplock Operator unit, Gas Distribution unit and Automotive Dealership unit;
- (c) A register will be maintained by the Group to record all RRPT;
- (d) The annual internal audit plan shall incorporate a review of all RRPT to ensure that the relevant approvals have been obtained and the review procedures in respect of such RRPT are adhered to;
- (e) The Board and the Audit and Risk Management Committee shall review the terms of the RRPT and shall continue to review the procedures as and when required, with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate.

If a member of the Board or Audit and Risk Management Committee has an interest, as the case may be, in the RRPT, he will abstain from any decision making by the Board or Audit and Risk Management Committee in respect of the said RRPT;

- (f) For the transaction value of RM500,000.00 and below, it will be approved by the level of authority as per Section 2.5(b) above and where the transaction value exceeds RM500,000.00 (individually or on a cumulative basis with the same party), the transaction will need to be approved by any one (1) of the Group Executive Chairman, Group Executive Vice Chairman and/or the Group Managing Director;
- (g) At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, whenever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/ services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined based on the usual business practices of the Group to ensure the RRPT is not detrimental to the Group;

2.6 Amount Due and Owing by Related Parties

There is no amount due and owing to the Group which has exceeded the credit term as at 31 December 2025, by its related parties pursuant to RRPT. As such, the disclosure as required under Paragraphs 16A and 16B in Annexure PN12-A of the Listing Requirements are not applicable.

Members of the Audit and Risk Management Committee who have interest in the RRPT will abstain from participating in reviewing the transactions.

The Audit and Risk Management Committee is also of the view that the Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. The Audit and Risk Management Committee review these procedures and processes every quarter as well as when the needs arise.

The availability of audited accumulated retained profit of SYGROUP as at 31 December 2025 for the Proposed Renewal of Shares Buy-Back is RM557.74 million.

The amount of funds allocated for the purchase of SYGROUP's shares pursuant to the Proposed Renewal of Shares Buy-Back will be financed through internally generated funds and/or bank borrowings, the proportion of which will depend on the quantum of the purchase consideration as well as the availability of internally generated funds and bank borrowings at the time of the purchase(s). In the event the purchase of SYGROUP's shares pursuant to the Proposed Renewal of Shares Buy-Back is to be partly financed by bank borrowings, the Company expects that it will be capable of repaying the bank borrowings and that the bank borrowings will not have any material impact on the cash flow of the Company.

2.2 Treatment of the Purchased Shares

The Company will deal with the Purchased Shares subject to compliance with Section 127 of the Act, the Listing Requirements and other relevant statutory and regulatory requirements, in the following manner:

- (i) Retain the Purchased Shares as treasury shares (where there is good potential for the share price to increase) for future resale to realize gains and/or cancellation subsequently and/or for distribution as dividends to the shareholders of the Company; or
- (ii) Retain part of the Purchased Shares as treasury shares and cancel the remainder; or
- (iii) Cancel the Purchased Shares; or
- (iv) Such other manner Bursa Malaysia and other relevant authorities may allow from time to time.

At this juncture, we expect the Purchased Shares to be held as treasury shares.

2.3 Purchase/Resale Price

In purchasing the shares under the Proposed Renewal of Shares Buy-Back, we may purchase shares at a price which is not more than 15% above the WAP of the Company's shares on Bursa Malaysia for the past 5 market days preceding the date of the purchase.

In any subsequent re-sale of the Purchased Shares that are held as treasury shares, we are allowed to sell treasury shares on Bursa Malaysia provided that:

- (a) The selling price is not less than the 5-day WAP immediately preceding the date of the re-sale; or
- (b) The selling price can be at a discount of not more than 5% to the 5-day WAP immediately preceding the date of the resale where:
 - i) The selling takes place at least 30 days after the date of the purchase; and
 - ii) The selling price, whilst at a discount to the 5-day WAP, is not less than the cost of the purchase of the shares being re-sold.

2.4 Public shareholding spread

As at LPD, the public shareholding spread of the Company was approximately 25.15%. Assuming that the Proposed Renewal of Shares Buy-Back is carried out in full and the Company's shares so purchased are from the public shareholders, the proforma public shareholding spread of the Company is expected to reduce to approximately 25.03%.

The Board will take cognizance of the requirement of Bursa Malaysia that any purchase of shares by the Company must not result in the public shareholding spread of the Company falling below 25% of its issued and paid-up share capital.

3. RATIONALE FOR THE PROPOSED RENEWAL OF SHARES BUY-BACK

The Proposed Renewal of Shares Buy-Back, if exercised, will provide the Company with another option to utilize its surplus financial resources more efficiently and is expected to benefit the Company and its shareholders in the following manner: -

- (i) The Company may be able to stabilize the supply and demand of the ordinary shares in SYGROUP, traded on the Bursa Malaysia and thereby support its fundamental value;
- (ii) If the Purchased Shares are cancelled, either immediately or subsequently after being held as treasury shares, the EPS of the Group is likely to be increased, thereby enhancing the value of shareholders' investment in the Company;
- (iii) If the Purchased Shares are kept as treasury shares and/or resold on Bursa Malaysia at a higher price, thereby making a gain for the Company; and
- (iv) In the event the treasury shares are distributed as share dividends to the shareholders, it serves as a reward to the shareholders of the Company.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED RENEWAL OF SHARES BUY-BACK

The potential advantages of the Proposed Renewal of Shares Buy-Back to the Company and its shareholders are outlined in Section 3 above.

The potential disadvantages of the Proposed Renewal of Shares Buy-Back to the Company and its shareholders are as follows:

- (i) The Proposed Renewal of Shares Buy-Back could reduce the Company's financial resources and may result in the Company foregoing better investment opportunities that may emerge in the future; and
- (ii) As the Proposed Renewal of Shares Buy-Back can only be made out of retained profits and/or share premium of the Company, it may result in the reduction of financial resources available for distribution to its shareholders in the immediate future.

However, these disadvantages are mitigated by the prospect that the financial resources of the Group may increase, if the Purchased Shares held as treasury shares are resold at prices higher than their purchase price. Therefore, the Proposed Renewal of Shares Buy-Back will be undertaken only after due consideration of the Group's resources. The Board will be mindful of the interests of the Company and the shareholders in undertaking the Proposed Renewal of Shares Buy-Back.

5. EFFECT OF THE PROPOSED RENEWAL OF SHARES BUY-BACK

Based on the assumption that the Proposed Renewal of Shares Buy-Back was carried out in full on the LPD, the financial effects are as follows:

5.1 Share Capital

Assuming the Proposed Renewal of Shares Buy-Back is carried out in full and all the Purchased Shares are cancelled, the pro forma effect of the Proposed Renewal of Shares Buy-Back based on the issued and paid-up share capital is illustrated below:

Pro forma effect	No. of Stock (Units)
Existing issued and paid-up capital as at LPD	1,200,000,000
Less: Number of shares assumed to be cancelled	(26,000,000)
Issued and paid-up capital upon completion of the purchase and cancellation	1,174,000,000

However, there will be no effect on the issued and paid-up capital of the Company if the Purchased Shares are retained as treasury shares.

5.2 Net Asset and Working Capital

The effects of the Proposed Renewal of Shares Buy-Back on the net assets per share of the Company are dependent on the purchase price and the number of Purchased Shares.

The Proposed Renewal of Shares Buy-Back will increase the net assets per share when the purchase price is less than the net assets per share at the relevant point in time. On the contrary, the net assets per share will reduce when the purchase price exceeds the net assets per share at the relevant point in time.

If the Purchased Shares are held as treasury shares and subsequently resold on Bursa Malaysia, the Company's net assets per share could increase if our Company realizes a substantial enough gain from the resale and vice-versa.

The Proposed Renewal of Shares Buy-Back, as and when implemented, will reduce the working capital of the Group to the extent of the amount of fund utilized for the purchase of the Company's shares. However, it is not expected to have material effect on the working capital requirements of the Company.

5.3 EPS

The effect of the Proposed Shares Buy-Back on the EPS of the Group is dependent on the number of shares purchased and the purchase price(s) of the shares and the effective funding cost for the Proposed Renewal of Shares Buy-Back or any loss in interest income to the Group.

6. HISTORICAL SHARE PRICES

The monthly high and low market price of the Company's shares as traded on Bursa Malaysia for the past 6 months from October 2025 to March 2026 are as follows:

	High RM	Low RM
2025		
October	0.885	0.820
November	0.925	0.875
December	0.845	0.805
2026

7. IMPLICATION OF THE CODE

In the event that the Proposed Renewal of Shares Buy-Back results in the equity interest of any one of the substantial shareholders and their respective parties acting in concert obtaining control in SYGROUP, i.e. a stake in the Company is increased beyond 33%, or if his/their existing shareholding is between 33% to 50% and increases by more than 2% in any six (6) months period, the affected substantial shareholder and parties acting in concert will be obliged to undertake a mandatory offer for the remainder shares not already owned by them pursuant to the Code.

It is not the intention of the Company to cause any shareholders to trigger an obligation to undertake a mandatory general offer under the Code and the Company will be mindful of the above implications of the Code when making any purchase of the Company's shares pursuant to the Proposed Renewal of Shares Buy-Back.

Nevertheless, the affected substantial shareholders and/or persons acting in concert with him/her may apply for an exemption from the Securities Commission under paragraphs 15 and 24 of the Practice Note 9 of the Code from a mandatory offer obligation arising from the purchase of the Company's shares.

8. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS
