

**PRESS RELEASE – FOR IMMEDIATE RELEASE**

## **Uzma Secures Multiple CTU Contracts from PETRONAS Carigali**

**Kuala Lumpur, 15 April 2026** – Uzma Berhad (“Uzma” or “the Group”), an international energy and technology company, has secured three (3) contracts from PETRONAS Carigali Sdn. Bhd. (“PETRONAS Carigali”) for the provision of Coiled Tubing Unit (“CTU”) equipment and services across Sabah, Sarawak, and Completion packages in Malaysia through its subsidiary, Setegap Ventures Petroleum Sdn. Bhd. (“SVP”).

The contracts encompass a comprehensive scope of well services, including intervention, completion, idle well reactivation, and production enhancement activities.

The awards cover operations across Sabah and Sarawak, as well as completion services, and will be executed over a period of five years, commencing on 13 February 2026 and ending on 12 February 2031.

Uzma has a track record in delivering reliable, large-scale services, and the Group is capable of supporting a wide range of upstream activities, including operations in High Pressure and High Temperature (HPHT) environments.

**Dato’ Kamarul Redzuan Muhamed, Group Chief Executive Officer of Uzma Berhad**, said: “Our ability to deploy ready assets and experienced teams at scale has been a key differentiator in supporting operators like PETRONAS Carigali. These awards reflect our operational readiness and our strength in executing complex intervention and completion programmes safely and efficiently across multiple locations.”

Uzma’s established asset base, coupled with its experienced technical workforce, enables rapid mobilisation and consistent service delivery, particularly in high-demand and logistically challenging environments.

Under the contracts, Uzma will deploy its CTU equipment and expertise to support well activities during the **development and production phases**, with a focus on optimising production, enhancing asset performance, and improving operational efficiency.

The long-term nature of these contracts provides strong earnings visibility while reinforcing Uzma’s role as a dependable partner in Malaysia’s energy ecosystem.
