Allocation of 75 MMSCFD Gas from Mari Gas Field, to Pak Arab Fertilizer Limited

The Economic Coordination Committee of the Federal Cabinet in its meeting held on May 17, 2018 (evening) has approved allocation of 75 MMscfd gas from Mari Gas Field to PakArab Fertilizer Limited (PFL). The allocation comprises Mari's additional production potential from both shallow and deep reservoirs made available from new discoveries and appraisal/development wells.

Based on ECC's approval, the Company is in the process of finalizing the gas sale and purchase terms and conditions with PFL.

The dedicated supply of 75 MMCFD gas would meet the gas requirement of PFL's closed plant to restart its operations, resulting in reduction of the Country's reliance on costly imported fertilizers.
