ATTACHMENT IV. ACCOUNTANTS' AUDIT REPORT AND FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of GameSparcs. Co. Ltd.

Opinion

We have audited the accompanying consolidated balance sheets of GameSparcs. Co. Ltd. and its subsidiaries (the “Group”) as at December 31, 2025 and 2024, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors’ responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Group’s 2025 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group’s 2025 consolidated financial statements are stated as follows:

Revenue Recognition

Description

Refer to Note 4 (23), 5(2) and 6(13) to the Consolidated Financial Statements.

The operating revenue of the Company mainly comes from the agency and online games operation. The company's performance obligation is not fulfilled upon the sale of game points after the players have stored the value, but is satisfied when the players use the game points in the future. Therefore, management recognizes revenue from the sale of game points as a contractual liability at the time of sale and allocates it as revenue over the estimated period of the players' remaining games. Consequently, the revenue recognition is identified as a key audit matter.

How our audit addressed the matter

The audit procedures performed as follows:

- Understanding and examining the online gaming revenue recognition process in order to evaluate and test internal control over gaming revenue recognition.
- We sampled the reconciliation and collection between the company and the game platform.
- We sampled the accuracy of the remaining game period reports of players.

Other matter – Parent company only financial statements

We have audited and expressed an unqualified opinion on the parent company only financial statements of GameSparcs Co., Ltd. as at and for the years ended December 31, 2025 and 2024.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the parent company only financial statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Company's 2025 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Company's 2025 parent company only financial statements are stated as follows:

Revenue Recognition

Description

Refer to Note 4 (22), 5(2) and 6(13) to the parent company only Financial Statements.

The operating revenue of the Company mainly comes from the agency and online games operation. The company's performance obligation is not fulfilled upon the sale of game points after the players have stored the value, but is satisfied when the players use the game points in the future. Therefore, management recognizes revenue from the sale of game points as a contractual liability at the time of sale and allocates it as revenue over the estimated period of the players' remaining games. Consequently, the revenue recognition is identified as a key audit matter.

How our audit addressed the matter

The audit procedures performed as follows:

- Understanding and examining the online gaming revenue recognition process in order to evaluate and test internal control over gaming revenue recognition.
- We sampled the reconciliation and collection between the company and the game platform.
- We sampled the accuracy of the remaining game period reports of players.

Responsibilities of management and those charged with governance for the parent company only financial statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the parent company only financial statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are parent company only material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

 - (3) In case of a hybrid shareholders meeting, when the virtual meeting cannot be continued, if the total number of shares represented at the meeting, after deducting those represented by

shareholders attending the virtual shareholders meeting online, meets the minimum legal requirement for a shareholder meeting, then the shareholders meeting shall continue. The shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, and the shareholders attending the virtual meeting online shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders meeting.

(4) Actions to be taken if the outcome of all proposals have been announced and extraordinary motion has not been carried out.

3. To convene a virtual-only shareholders meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders meeting online shall be specified. Except for the circumstances stipulated in Article 44-9, Paragraph 6 of the 'Regulations Governing the Administration of Shareholder Services of Public Companies,' the Company shall provide shareholders with connectivity equipment and necessary assistance, and shall specify the application period for shareholders as well as other relevant cautionary notes.

Article 7

The company, beginning from the time it accepts shareholder attendance registrations, shall make an audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Where a shareholders meeting is held online, the company shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by The company, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by the company during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

In case of a virtual shareholders meeting, the company is advised to audio and video record the back-end operation interface of the virtual meeting platform.

Article 8

Attendance at shareholders' meetings shall be calculated on the basis of shares. The number of shares present shall be calculated by adding the number of shares exercising the voting rights by electronic means to the signature book or the attendance card paid.

The Chairman shall announce the meeting immediately after the meeting time has expired, and shall announce the number of non-voting shares and the number of shares present at the same time.

If no shareholders representing more than one-half of the total number of issued shares are present, the chairman may adjourn the meeting to a later time, with the number of adjournments limited to two and the total time of the adjournments not exceeding one hour. If less than one-third of the total number of issued shares are still present after the second postponement, the chairman shall declare the meeting adjourned. If the shareholders' meeting is held by video conference, the company shall also announce the meeting adjourned on the video conference platform of the shareholders' meeting.

If the number of shareholders representing at least one-third of the total number of issued shares is still insufficient after the second postponement of the aforementioned paragraph, the Company may, in accordance with the provisions of Article 175(1) of the Company Act, make a bogus resolution and notify the shareholders of the bogus resolution to reconvene the shareholders' meeting within one month.

Before the end of the meeting, if the number of shares represented by the shareholders present reaches more than half of the total number of issued shares, the chairman may re-submit the fictitious resolution made to the shareholders' meeting for a vote in accordance with Article 174 of the Company Act. If the virtual shareholders meeting is convened, shareholders who wish to attend the virtual meeting shall re-register with the company in accordance with Article 5.

Article 9

If a shareholders' meeting is convened by the board of directors, the agenda shall be set by the board of directors, and the relevant resolutions shall be voted on a case-by-case basis, and the meeting shall proceed in accordance with the scheduled agenda, which may not be changed without a resolution of the shareholders' meeting.

If a shareholders' meeting is convened by a person other than the Board of Directors with the right to convene, the provisions of the preceding paragraph shall apply.

If the chairman violates the rules of procedure and adjourns the meeting, the other members of the board of directors shall promptly assist the shareholders present in accordance with the legal procedures and elect a chairman with the consent of a majority of the shareholders present to vote and continue the meeting.

The chairman shall give sufficient explanation and opportunity to discuss the motion and any amendments or provisional motions proposed by the shareholders, and when he/she considers that the motion has reached the level of being ready for voting, he/she may declare that the discussion has ceased, put the motion to vote, and arrange an appropriate time for voting.

Article 10

Before a shareholder attends the meeting to speak, he/she must fill in a speech slip stating the main idea of the speech, the shareholder's account number (or attendance card number) and the name of the account, and the chairman will determine the order of his/her speech.

A shareholder who attends the meeting and merely mentions the speech but does not speak is deemed not to have spoken. If the content of the speech does not correspond to that of the speech slip, the content of the speech shall prevail.

Each shareholder may not speak more than twice on the same motion without the consent of the chairman, and each time may not exceed five minutes, provided that the chairman may stop any shareholder who speaks in violation of the regulations or outside the scope of the subject matter.

When a shareholder is present to speak, no other shareholder shall interfere with the speech except with the consent of the chairman and the shareholder speaking, and the chairman shall stop such violation.

If a corporate shareholder designates two or more representatives to attend a shareholders' meeting, only one person may speak on the same motion.

The Chairman may reply in person or designate the relevant person after the shareholders present have spoken.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the Chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the

public at the virtual meeting platform.

Article 11

Voting at shareholders' meetings shall be based on shares.

The number of shares of non-voting shareholders is not included in the total number of issued shares when the resolution is made at the shareholders' meeting.

A shareholder may not vote at a meeting if he or she has an interest that would be detrimental to the Company's interests, and may not exercise his or her voting rights on behalf of another shareholder.

The number of shares on which voting rights cannot be exercised as described above is not counted as the number of voting rights of shareholders present.

Except for a trust business or a stock agency approved by the competent securities authority, if a person is appointed by more than two shareholders at the same time, the voting rights of the proxy shall not exceed 3% of the total voting rights of the issued shares, and the voting rights in excess of that shall not be counted.

Article 12

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When the company holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received

earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent. After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to The company, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the company.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. In the event of a virtual shareholders meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When the company convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders meeting in person, they shall revoke their registration two days before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 13

In the event of an election of directors at the shareholders' meeting, the election results shall be announced on the spot, including the list of elected directors and the number of their election rights, as well as the list of unsuccessful directors and the number of election rights they received.

The election ballots for the aforementioned election shall be sealed and signed by the scrutinizer and kept in a safe place for at least one year. However, if a lawsuit is filed by a shareholder in accordance with Article 189 of the Company Act, it shall be kept until the end of the lawsuit.
