RENAISSANCE UNITED LIMITED

(Company Registration No. 199202747M)
Incorporated in Singapore

Flooding affecting the Group's Hubei Zonglianhuan Energy Investment Group Inc. ("HZLH")

---

1. The Board of Directors of Renaissance United Limited ("**RUL**" or the "**Group**") would like to announce that the torrential rain and flash flooding affecting central and southern China since mid-May 2026 — spanning eight provinces including Hubei, Hunan, Jiangxi, Anhui, Guizhou, Guangxi, Guangdong and Hainan — has disrupted the usual operations of the Group's majority owned subsidiary HZLH which is based in Hubei province. China's State Flood Control and Drought Relief Headquarters activated a Level-IV emergency response for Hubei and Chongqing on 23 May 2026, with cumulative rainfall in parts of the region reportedly exceeding historical records.

2. All employees are safe from the hazards caused by the weather pattern, and the majority of the gas facilities of HZLH are not affected. However, the flash flood has disrupted and resulted in temporary work stoppages. The management is currently trying to assess the full impact of the flooding on its supply lines and gas grid. The Group's insurance company has been notified and will be assessing the claim and damages in due course.

3. The Board wishes to highlight that whilst the impact assessment of the flooding at HZLH is being carried out, the Group has activated its business continuity plan to mitigate operational disruption including prioritisation of critical customers, close coordination with local authorities and emergency services, and continuous monitoring of weather and infrastructure conditions. The Board envisages that regular operations at HZLH will resume substantially once power and local transport links are restored to normal.

4. The Company will make further announcements in relation to the flooding situation and its impact on HZLH as and when there are material developments.

5. Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company. Shareholders and potential investors are advised to read this announcement and any further announcements by the Company carefully, and should consult their stock brokers, bank managers, solicitors or other professional advisers if they have any doubt about the actions they should take.

BY ORDER OF THE BOARD
