

## **EANS-Adhoc: Kapsch TrafficCom AG / Specification of the contract for the Gauteng open road tolling (GORT) system in South Africa**

ad-hoc disclosure transmitted by euro adhoc with the aim of a Europe-wide distribution. The issuer is solely responsible for the content of this announcement.
--

Vienna, April 6, 2010. Kapsch TrafficCom AG (ISIN AT000KAPSCH9), listed on the Vienna Stock Exchange in the prime market segment, specifies in the name of Electronic Toll Collection (ETC), a joint venture led by the South African subsidiary of the Swedish Kapsch TrafficCom AB, a subsidiary of Kapsch TrafficCom AG, the announcement, issued by the South African National Roads Agency Ltd (SANRAL) on 18 September 2009 (and the corresponding Ad-hoc release of Kapsch TrafficCom AG on 19 September 2009).

Based on the specification of the agreements that have taken place since and on the current level of awareness of the scope and the configuration of the system, the value for the operations of a multi-lane free-flow tolling system (also known as open road tolling - ORT) in the Gauteng province (GORT system) excluding VAT and provisional sums, which can only be determined on the full acknowledgement of the scope and the configuration of the system, is estimated at Rand 4.56 billion (approximately EUR 450 million) for the full contractual term.

The operations services shall commence on 8 April 2011 for a period of 8 years, except for the Transaction Clearing House (TCH) and the Violations Processing Centre (VPS) which will initially be for a term of 5 years.

Kapsch TrafficCom is an international supplier of innovative road traffic telematics solutions. Its principle business is the development and supply of electronic toll collection (ETC) systems, in particular for the multi-lane free-flow (MLFF) of the traffic, and the technical and commercial operation of such systems. Kapsch TrafficCom also supplies traffic management systems, with a focus on road safety and traffic control, and electronic access systems and parking management. With more than 230 references in 38 countries in all 5 continents, and with more than 16 million delivered on-board units (OBUs) and 12,000 equipped lanes, Kapsch TrafficCom has positioned itself among the leading suppliers of ETC systems worldwide. Kapsch TrafficCom is headquartered in Vienna, Austria, and has subsidiaries and representative offices in 23 countries.

### **Disclaimer**

This ad-hoc release constitutes neither an offer to sell nor a solicitation to buy any securities.
