Subject : Report on Corrective Action Plan to resolve "CB" sign posted

Attention : President

The Stock Exchange of Thailand

Thai Nondestructive Testing Public Company Limited ("the Company") held the Public Presentation No. 2/2025 on May 27, 2025, to provide information to investors and stakeholders regarding the "CB" sign posted " due to shareholders' equity being less than 50% of paid-up capital for the financial statements ending March 31, 2025.

In Q1/2025, the Company incurred a net loss of 13.17 million Baht, an increase of 9.14 million Baht or 227.32% compared to Q1 2024. The main factors contributing to this loss were the impairment of non-financial assets totaling 3.50 million Baht, in compliance with TFRS9 (Financial Reporting Standard No. 9), and an increase in administrative expenses of 7.43 million Baht, resulting from the Company's business expansion and normal operations.

Remedial Plan.

The Company has prepared a management plan as follows:

1. Actions to Reverse Impairment: The Company is currently evaluating various risks and possibilities to achieve the best outcome for projects with impaired assets, including power plant projects in Myanmar and the Republic of Indonesia.

2. Capital Increase as an Option: The Company obtained approval for a General Mandate capital increase at the last Annual General Meeting of Shareholders. This includes increasing capital through a Private Placement (PP) and an allocation of new shares to existing shareholders (Right Offering: RO). The Company will consider the feasibility and appropriate format, but will primarily focus on business operations, including seeking suitable strategic partners for co-investment.

The Company will make full efforts to resolve the aforementioned issues and will inform shareholders and relevant parties of the progress.

Please be informed accordingly.

Your Sincerely,

Chomduen Satavuthi

(Miss Chomduen Satavuthi)

Managing Director
