Title of Each Class	Number of Shares of Common Stock Outstanding
Common Stock ₱1.00 par value	6,291,500,000 Shares
11. Indicate the item numbers reported herein: Item 9 (Other Events)

(For PSE Disclosure Form 4-30 – Materials Information / Transactions)

The relevant material information contained in the ACR press release are, as follows:

1. ACR posted P689 million in net earnings for the first half of 2022, with its 2nd quarter reported net earnings at P364.93 million. These figures are lower compared to those reported for the same period last year mainly due to the one-time recognition of expenses for the present year.
2. ACR posted P5.40 billion in revenues for the first half of 2022, with its 2nd quarter revenues at P2.73 billion. These figures are higher compared to those reported for the same period last year.
3. ACR's 210 MW Sarangani Energy Corporation baseload powerplant, which provides power to key areas in Mindanao, continues to be its key revenue and income driver. ACR's 100 MW Western Mindanao Power Corporation diesel plant in Zamboanga City,

the only major power generation facility in the Zamboanga Peninsula, is another revenue contributor.

4. ACR is now focused in building its renewable energy capacity. ACR's 14.5 MW Siguil Hydro Power Plant in Maasim, Sarangani is currently under construction and is targeting to begin operations in the 2nd quarter of 2023.
5. ACR also has two hydro power facilities slated for development. ACR's Sindangan Zambo-River Power Corporation is developing a power plant in Zamboanga del Norte with a capacity of 21 MW. ACR is also developing its first power project outside Mindanao – the Bago River hydroelectric power plant in Negros Occidental with a planned capacity of 42 MW.
