SECURITIES AND EXCHANGE COMMISSION

SEC FORM 17-A

ANNUAL REPORT PURSUANT TO SECTION 17 OF THE REVISED SECURITIES ACT AND SECTION 141 OF CORPORATION CODE OF THE PHILIPPINES

1. For the fiscal year ended: **31 December 2025**
2. SEC Identification Number: **AS93008127**
3. BIR Tax Identification No. **002-834-075-000**
4. Exact name of registrant as specified in its charter: **APC GROUP, INC.**
5. Province, Country or other jurisdiction of incorporation or organization: **Philippines**
6. Industry Classification Code: _____ (SEC Use Only)
7. Address of principal office: **G/F MyTown New York Bldg., General E. Jacinto St. corner
Capas St., Brgy. Guadalupe Nuevo, Makati City, 1212**
8. Registrant's telephone number: **(632) 8662-8888**
9. Former name, former address, and former fiscal year: **N.A.**
10. Securities registered pursuant to Sections 4 and 8 of the RSA

Title of Each Class	Number of Shares Outstanding
Common Stock, ₱0.01 par value	7,504,203,997

11. Are any or all of these securities listed on the Philippine Stock Exchange? Yes [☒] No [☐]

12. Check whether the registrant:

(a) has filed all reports required to be filed by Section 11 of the Revised Securities Act (RSA) and RSA Rule 11(a)-1 thereunder and Sections 26 and 141 of The Corporation Code of the Philippines during the preceding 12 months (or for such shorter period that the registrant was required to file such reports):

Yes [☒] No [☐]

(b) has been subject to such filing requirements for the past 90 days: Yes [☒] No [☐]

13. The aggregate market value of the voting stock held by non-affiliates of the registrant as of 31 December 2025: **₱406,566,493.44**

This was computed by multiplying the no. of voting stocks held by non-affiliates (3,835,532,957 shares) by the stock's closing price of ₱0.106 per share on December 31, 2025.

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

APC Group, Inc. (the Parent Company or APC) and subsidiaries (the Group) were incorporated in the Philippines and are registered with the Securities and Exchange Commission (SEC). The Parent Company was incorporated on October 15, 1993 and was originally organized to engage in the oil and gas exploration and development.

On April 30, 1997, the SEC approved the change in the primary purpose of the Parent Company to that of a holding company. The Parent Company's shares of stock are publicly traded in the Philippine Stock Exchange (PSE).

The Parent Company has the following subsidiaries as at December 31, 2025 and 2024:

Company	Nature of Business	Date of Incorporation	Percentage of Ownership
Aragorn Power and Energy Corporation (APEC)	Energy	January 6, 2005	97.6%
PRC-Magma Energy Resources Inc. (PRC - Magma)*	Energy	June 10, 2009	85%
APC Cement Corporation (APC Cement)	Manufacturing	November 15, 1994	100%
APC Energy Resources, Inc. (APCERI)	Mining	January 31, 2005	100%
APC Mining Corporation (APC Mining)	Mining	March 17, 2005	83.3%

*A direct subsidiary of APEC

The registered office address of the Parent Company is G/F MyTown New York Bldg., General E. Jacinto St. cor. Capas St., Brgy. Guadalupe Nuevo, Makati City.

Approval of Consolidated Financial Statements

The consolidated financial statements of the Group as at December 31, 2025 and 2024 and for the years ended December 31, 2025, 2024 and 2023 were authorized and approved for issuance by the Board of Directors (BOD) on February 27, 2026, as reviewed and recommended for approval by the Audit Committee on the same date.

Status of Operations

The following is the status of operations of the Group:

a. Aragorn Power and Energy Corporation (APEC)

APEC was established to engage in renewable energy resource exploration, development and utilization.

▪ Kalinga Geothermal Project

In 2008, APEC was granted a Geothermal Service Contract (GSC) by the Republic of the Philippines, through the Department of Energy (DOE), for the exploration, development and exploitation of geothermal resources covering a total area of 26,139 hectares located in the Province of Kalinga (the "Kalinga Geothermal Project" or "KGP"). The GSC was converted into a Geothermal Renewable Service Contract (GRESK) in March 2010 to avail of the incentives provided under the Renewable Energy Act of 2008. GRESK No. 2010-03-24 has a term of not exceeding 25 years (including the used term under the GSC) and renewable for not more than 25 years. The total period from pre-development stage to the development/commercial stage shall not exceed 50 years.

In November 2010, APEC and its partner, Guidance Management Corporation (GMC), formed a partnership with AllFirst Kalinga Ltd. (AKL, formerly Chevron Kalinga Ltd.) and signed a Farm-

out Agreement (FOA) which gives APEC and GMC the option to take an equity position of up to 40% in KGP. The parties also signed a Joint Operating Agreement where AKL will be responsible for the exploration, development and operation of the steam field and power activities. As at December 31, 2025 and 2024, APEC and GMC each have 5% participation as provided under the FOA.

On August 14, 2018, pursuant to Executive Order No. 30, the Energy Investment Coordinating Council (EICC), through the DOE, granted KGP a Certificate of Energy Project of National Significance (CEPNS) for Pre-Development Phase. The CEPNS entitles KGP to all the rights and privileges provided for under Executive Order No. 30 series 2017.

On September 18, 2018, AKL assigned its Farm-out interest, including all associated rights and obligations under the FOA, in favor of its affiliate, Allfirst Kalinga Holdings, Inc. (AKHI).

In 2019, KGP completed securing all the remaining necessary permits and maintained and complied with its commitments. KGP has also engaged contractors and suppliers necessary for the construction of access roads, well pads, and well drilling activities. With the completion of the negotiation for right-of-way, remaining regulatory permits, as well as the engagement of the needed contractors and suppliers, KGP has completed the construction of well pads and access roads, and continues to implement geo-hazard mitigation measures.

On October 12, 2019, the KGP commenced drilling of the PAS-02 exploration well and ended drilling operations on April 21, 2020 after reaching a depth of 4,483 ft. (1,366 m MD) and being unable to drill further. The results of the drilling still show promise, with very encouraging commercial temperatures at 568°F (298°C) despite tight permeability.

On March 12, 2021, KGP re-commenced its geology, geochemical, and geophysical surveys (3G) which ended on June 7, 2021. After the evaluation and study, the results of the 3G established the presence of multiple independent systems within the KGP. Three potentially exploitable systems have been discovered located in the areas of Liwang, Caigutan, and Dananao. All three systems are located within the existing contract area.

On June 5, 2023, the GRESC was converted into GSC No. 2023-04-073 as a result of the request to apply for a new investment on Southwest Kalinga, amending the contract area of GRESC No. 2010-03-024. This amended GSC has a pre-development and development term until July 1, 2033 and renewable for not more than 25 years.

Multiple extensions were secured for the exploration period of KGP with the latest of which is valid until May 28, 2026, upon the conversion of the GSC. On October 20, 2025, the DOE granted the suspension of obligations from July 12, 2025 to July 11, 2026 due to force majeure. This effectively extends the exploration period for another year or until May 28, 2027.

- **Southwest Kalinga Geothermal Power Project (SWKGPP)**

On July 7, 2023, a new GSC (GSC No. 2023-07-074) was awarded to APEC for the Southwest Kalinga Geothermal Power Project (SWKGPP) which covers the newly discovered potentially exploitable systems of Caigutan and Dananao. This GSC has a pre-development and development contract period of 25 years with a possible extension of another 25 years. The total period from pre-development stage to the development / commercial stage shall not exceed 50 years. The exploration period of this GSC shall be valid for seven years.

With the newly discovered potential systems and newly awarded GSC, APEC and its partners intend to continue exploration activities through further 3G surveys and eventually start exploratory and appraisal drilling. To date, KGP has been engaging with communities within the contract area.

KGP has maintained full engagement with the host LGUs and Communities. As at February 27, 2026, the consent of nine (9) out of eleven (11) ancestral domains has been secured covering 85% of the GSC area. In addition, all of the Community Development (CD) Projects have been fully completed and turned over to the respective community beneficiaries.

KGP continues to provide scholarship grants and educational assistance to deserving youths from the eight (8) ancestral domains within its contract area. As at school year 2024-2025, KGP has already extended scholarships to 469 grantees and has produced 386 graduates in various courses, which includes 66 licensed professionals, scholarship accounts for 31% of CD Projects Expenditures. Five (5) scholar graduates in engineering and geology have been hired for the Project.

KGP involves the development of steam fields that can generate around 120 megawatts (MW) of new capacity, providing an additional source of clean, indigenous and reliable baseload power to the Luzon grid. A 120 MW geothermal project will approximately cost more than US\$300.0 million.

On January 15, 2020 and March 2, 2018, APEC contributed US\$2.1 million (₱106.5 million) and US\$1.0 million (₱51.2 million), respectively, to AKHI equivalent to the 5% share of the appraisal drilling budget which includes construction of general facilities, roads, and pads, rig mobilization and demobilization, well drilling, testing, resource feasibility study, other exploration capital (salaries and wages) and corporate social responsibility.

On February 9, 2026, the DOE approved the application for the conversion of the SWKGPP GSC to the new renewable energy contract format with Certificate of Authority (COA). The COA shall remain valid for a period not exceeding three years, or up to Feb 8, 2029. The GSC exploration timeline was placed on hold during the three-year validity of the COA. Accordingly, upon the expiration of the COA, the GSC will have approximately 4.41 years of remaining exploration period, or until July 8, 2033.

APEC continues to undertake surface exploration activities in the Pasil–Caigutan section within its KGP contract area. Planned activities for 2026 include drone reconnaissance surveys, geochemical sampling, geophysical surveys, and structural studies. The technical team is also updating its conceptual geological models to assess potential drilling targets. Discussions covering adjacent areas in Tinglayan Municipality (Dananao) are ongoing in connection with planned exploration activities.

b. APC Energy Resources Inc. (APC Energy)

APC Energy was established to engage in exploration, development and utilization of renewable energy resources. APC Energy stopped its operations when its Coal Operating Contracts with the DOE in both Masbate and Isabela were terminated in 2013 and 2015, respectively.

c. APC Mining Corporation (APC Mining)

APC Mining was organized to engage in mining, processing, manufacturing, buying and selling of all kinds of ores, metals and minerals. It was granted a mining permit for the exploration of chromite, copper and nickel deposits in Alubijid, Misamis Oriental. In 2013, APC Mining gave up its exploration permit because the area has low prospect for chromite, copper and nickel.

d. APC Cement Corporation (APC Cement)

APC Cement was incorporated in November 1994 to engage in the manufacture of cement. As at December 31, 2025, APC Cement is still in the pre-operating stage.

e. PRC-Magma Energy Resources, Inc. (PRC Magma)

PRC Magma was established to engage in the business of exploration, development, and processing of renewable and non-renewable energy resources, including but not limited to wind power, solar power, hydropower, biofuels, biomass, and coal; exploration, mining and processing of metalliferous and non-metalliferous mineral and ore resources; trading and supply of energy and mineral resources; and generation of electric power using energy resources. In 2010, PRC-Magma was awarded a GRESC for Bontoc Mainit-Sadanga in Mountain Province and Buguias-Tinoc in Benguet and Ifugao Provinces. In 2015, the service contracts were terminated due to the delays in the implementation of the approved work program and failure to make any discovery before the end of the fifth (5th) contract year.

As at December 31, 2025, the Group is still evaluating new business opportunities for its non-operating subsidiaries.

Employees

APC Group Inc. had a total of 1 employee as of December 31, 2025.

Item 2. Properties

Description of Property

Company/Owner	Location	Description
APC Group, Inc.	Ginatilan, Cebu City	Various lots with a total estimated area of 67,047 square meters

Item 3. Legal Proceedings

The Parent Company and its subsidiaries have no legal proceedings that could have an adverse effect on the Group or its results of operations.

Item 4. Submission of Matters to a Vote of Security Holders

Except for matters taken up during the annual meeting of stockholders, there was no other matter submitted to a vote of security holders during the period covered by this report.

PART II - OPERATIONAL AND FINANCIAL INFORMATION

Item 5. Market for Issuer's Common Equity and Related Stockholder Matters

Market Information

The Parent Company's common equity is traded in the Philippine Stock Exchange.

The high and low closing sales prices for each quarter within the last two fiscal years of registrant's common shares as quoted on the Philippine Stock Exchange are as follows:

	2025		2024	
Share Prices	High	Low	High	Low
First Quarter	₱ 0.167	₱ 0.160	₱ 0.270	₱ 0.204
Second Quarter	0.159	0.139	0.265	0.205
Third Quarter	0.165	0.143	0.221	0.180
Fourth Quarter	0.109	0.106	0.207	0.183

The price information as of December 31, 2025 is ₱0.106, with market capitalization of ₱796,251,859.68.

Holders

The number of shareholders of record as of December 31, 2025 was 588. Common shares outstanding as of December 31, 2025 was 7,504,203,997.

The top 20 registered shareholders of the common equity of the Company are as follows:

Dividends

The ability to pay dividends depends on the availability of retained earnings. The Parent Company has not declared any dividends on common stock since the time it was incorporated. The Parent Company is not in a position to declare cash dividends because of its deficit.

Dividends shall be declared only from the surplus profit and shall be payable at such time and in such manner and in such amounts as the Board of Directors (the “Board”) shall determine. No dividends shall be declared which would impair the capital of the Parent Company.

Recent Sale of Unregistered or Exempt Securities, including recent issuance of securities constituting an exempt transaction

There were no recent sale of unregistered or exempt securities.

Assets

The Group recorded consolidated assets of ₱254.4 million as at December 31, 2025, lower by 3% from ₱262.9 million in 2024. The main movements in the balance sheet are as follows:

- Cash and cash equivalents decreased by 26% from ₱23.8 million as at December 31, 2024 to ₱17.6 million as at December 31, 2025. The decrease was primarily due to payments for the Group's General & Administrative expenses and settlement of prior-year account payable. These outflows were partially offset by collections from accounts receivable and interest income earned from banks.
- Investment property pertains to land owned by the Parent Company located in Ginatillan, Cebu. There is no change in the value of remaining properties.
- Other noncurrent assets decreased by 14% from ₱10.4 million as at December 31, 2024 to ₱8.9 million as at December 31, 2025 due to partial provision for impairment of input VAT.

Liabilities

Total liabilities as at December 31, 2025 of the Group amounted to ₱109.7 million, decreased by 2% or ₱2.6 million versus liabilities as at December 31, 2024 primarily driven by the payment of the accrued employee retirement fee.

Equity

Stockholders' equity decreased by 4% from ₱150.6 million in 2024 to ₱144.7 million in 2025 due to the net loss obtained in 2025 amounting to ₱5.8 million.

The Group does not foresee any cash flow problems during the next twelve months. The Group has enough cash to meet cash requirements in 2026.

There were no off-balance sheet transactions.

APC Group, Inc. and subsidiaries reported consolidated net loss of ₱5.8 million for 2025, 8% higher than the ₱ 5.4 million net loss reported in the previous year.

Revenue

The Group recorded revenues of ₱0.8 million for the year ended 2025, 18% decrease from ₱1.0 million recorded in 2024. This decline was primarily due to lower interest income resulting from reduced cash available for money market placements in 2025. In addition, other income decreased due to lower service fees following the retirement of the secondee employee.

Costs and Expenses

The Group recorded ₱6.6 million in costs and expenses for the year, 4% higher than the ₱6.4 million recorded in 2024. The increase was mainly due to a partial provision for impairment of input VAT. This was partially offset by lower salaries and retirement expenses following an employee retirement in 2024.

Other Comprehensive Income (Loss)

Other comprehensive income of the Group represents fair value changes on financial assets at FVOCI and remeasurement losses on retirement liability. In 2024, the PLC shares were sold, resulting in the reversal of the accumulated fair value changes on financial assets at FVOCI.

In 2025, total other comprehensive loss for the year amounted to ₱0.02 million, representing remeasurement losses on retirement liability. This is ₱2.6 million lower than last year, primarily due to the sale of the financial assets at FVOCI and employee retirement both in 2024.

As of December 31, 2025, except for what have been mentioned in the preceding, there were no material events or uncertainties known to management that had a material impact on past performance, or that would have a material impact on the future operations, in respect of the following:

- Known trends, demands, commitments, events or uncertainties that would have a material impact on the Group;
- Material commitments for capital expenditures that are reasonably expected to have a material impact on the Group's short-term or long-term liquidity;
- Known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales/revenues/income from continuing operations;
- Events that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation.
- All material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Group with unconsolidated entities or other persons created during the reporting period
- Any significant elements of income or loss from continuing operation
- Significant elements of income or loss that did not arise from the Group's continuing operations;
- Seasonal aspects that had a material impact on the Group's results of operations; and
- The Group does not foresee any liquidity problem over the next twelve (12) months.

For The Financial Year Ended 2024 compared to Year Ended 2023

Assets

The Group recorded consolidated assets of ₱262.9 million as at December 31, 2024, lower by 2% from ₱269.0 million in 2023. The main movements in the balance sheet are as follows:

- Cash and cash equivalents decreased by 9% from ₱26.1 million as at December 31, 2023 to ₱23.8 million as at December 31, 2024. This decrease is mainly due to payment of the Group's General & Administrative expenses, offset by the cash received from the sale of Premium Leisure Corp. (PLC) shares.
- Financial assets at FVOCI decreased by 100% as a result of the sale of shares in PLC on May 9, 2024.
- Investment property pertains to land owned by the Parent Company located in Ginatillan, Cebu. There is no change in the value of remaining properties.

Liabilities

Total liabilities as at December 31, 2024 of the Group amounted to ₱112.3 million, decreased by 3% or ₱3.3 million versus liabilities as at December 31, 2023 primarily driven by a reduction in the Parent Company's defined benefit obligation due to employee retirement.

Equity

Stockholders' equity decreased by 2% from ₱153.4 million in 2023 to ₱150.6 million in 2024 due to the net loss obtained in 2024 amounting to ₱5.4 million, offset by other comprehensive gains recognized in 2024 amounting to ₱2.6 million.

The Group does not foresee any cash flow problems during the next twelve months. The Group has enough cash to meet cash requirements in 2025.

There were no off-balance sheet transactions.

APC Group, Inc. and subsidiaries reported consolidated net loss of ₱5.4 million for 2024, 207% lower than the ₱ 5.0 million net income reported in the previous year.

Revenue

The Group recorded revenues of ₱1.0 million for the year ended 2024, 93% decrease from the ₱13.7 million recorded in 2023. This decline was primarily due to the absence of one-time proceeds from the settlement of a long-outstanding claim against GSIS, which had acted as a surety for a supply agreement with a former customer. Additionally, there was no dividend income from financial assets at FVOCI following the sale of PLC shares earlier this year. These decreases were partially offset by higher interest income from cash and money market placements in 2024.

Costs and Expenses

The Group recorded ₱6.4 million in costs and expenses for the year, 25% lower than the ₱8.4 million in 2023 due to absence of legal fees attributed to the proceeds from the settlement of a long-outstanding claim against GSIS.

Other Comprehensive Income (Loss)

Other comprehensive income of the Group represents fair value changes on financial assets at FVOCI and remeasurement losses on retirement liability. In 2024, there is ₱1.4 million unrealized gain on fair value changes of financial assets at FVOCI and ₱1.2 million remeasurement gain on retirement liability. Total other comprehensive gain for the year is at ₱2.6 which is ₱1.5 million higher than last year's gain of ₱1.0 million.

As of December 31, 2024, except for what have been mentioned in the preceding, there were no material events or uncertainties known to management that had a material impact on past performance, or that would have a material impact on the future operations, in respect of the following:

- Known trends, demands, commitments, events or uncertainties that would have a material impact on the Group;
- Material commitments for capital expenditures that are reasonably expected to have a material impact on the Group's short-term or long-term liquidity;
- Known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales/revenues/income from continuing operations;
- Events that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation.
- All material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the Group with unconsolidated entities or other persons created during the reporting period
- Any significant elements of income or loss from continuing operation
- Significant elements of income or loss that did not arise from the Group's continuing operations;
- Seasonal aspects that had a material impact on the Group's results of operations; and
- The Group does not foresee any liquidity problem over the next twelve (12) months.

PLAN OF OPERATION

The group will focus on the following directions in the next 12 months:

1. Continue with the development of its geothermal resources. Pursue the exploration work program for the Kalinga project.
2. Seek other renewable energy development investment opportunities.
3. Look into other revenue opportunities for the Group.

KEY PERFORMANCE INDICATORS

Management uses the following key performance indicators to evaluate the performance of the Group. Except for Net Income, these key performance indicators are not measurements in accordance with Philippine Financial Reporting Standards (PFRS) and should not be considered as an alternative to net income or any other measure of performance which are in accordance with PFRS.

1. **Return on Assets Ratio (ROA).** ROA is an indicator of how profitable a company is relative to its total assets. ROA gives an idea as to how efficient management is at using its assets to generate earnings and is calculated by dividing the company's annual earnings by its total assets.
2. **Return on Equity Ratio (ROE).** ROE measures how much profit is generated with the money shareholders have invested in the company. It is expressed as a percentage and calculated by dividing net income by total stockholders' equity.
3. **Current Ratio.** Current ratio is computed by dividing current assets by current liabilities. This indicates the liquidity of the company in the short term and measures the peso amount of current asset available to cover a peso amount of current liability.
4. **Debt-to-Equity Ratio (DER).** DER gives an indication of the company's leverage position and is computed by dividing total liabilities with total stockholders' equity.
5. **Asset-to-Equity Ratio (AER).** AER is computed using total assets divided by the total stockholders' equity. This ratio shows the relationship of the total assets of the firm owned by shareholders and an indicator of the leverage used to finance the company.

The table below shows the comparative figures of the key performance indicators for the period in review.

Financial Ratios	YTD 31 December 2025	YTD 31 December 2024
Return on Assets Ratio	(0.02)	(0.02)
Return on Equity Ratio	(0.04)	(0.04)
Current Ratio	0.17	0.23
Debt to Equity Ratio	0.76	0.75
Asset to Equity Ratio	1.76	1.75

Discussion on the key performance indicators

Return on Assets Ratio

There is no change in the Group's ROA at (0.02) as of December 31, 2024 and December 31, 2025.

Return on Equity Ratio

There is no change in the Group's ROE at (0.04) as of December 31, 2024 and December 31, 2025.

Current Ratio

Current Ratio decreased from 0.23 in 2024 to 0.17 in 2025 primarily due to the decrease in cash from the payment of general and administrative expenses.

Debt to Equity Ratio

Debt to Equity Ratio increased from 0.75 in 2024 to 0.76 in 2025 due to lower total equity from the recorded net loss for the year.

Assets to Equity Ratio

Assets to Equity Ratio increased from 1.75 in 2024 to 1.76 in 2025 due to lower total equity from the recorded net loss for the year.

Key Variables and other Qualitative and Quantitative Factors

The Group expects no material commitments for capital expenditures and expected funds in 2025. To the best of the Group's knowledge, aside from what has already been mentioned in the preceding, there are no known trends, events or uncertainties that will have a material impact on revenues; no significant elements of income or loss that did not arise from continuing operations aside from those disclosed in the Notes to the Audited Financial Statements; and no seasonal aspects with material effect on results of operations.

APC Group, Inc. and subsidiaries maintains sufficient cash balances to meet minimum operational requirements, as determined by management from time to time. Additional cash requirements are sourced from affiliates. To the best of the Group's knowledge, there are no known trends, events or uncertainties that will have a material impact on its liquidity.

ANNEX TO THE MD&A SECTION

Aragorn Power and Energy Corporation (APEC) ⁽¹⁾	97.6%	-	97.6%
PRC-Magma Energy Resources Inc. (PRC - Magma) ⁽²⁾	-	85%	85%
APC Cement Corporation (APC Cement) ⁽²⁾	100%	-	100%
APC Energy Resources, Inc. (APCERI) ⁽²⁾	100%	-	100%
APC Mining Corporation (APC Mining) ⁽²⁾	83.3%	-	83.3%

(1) Still in exploration stage

(2) Still in the pre-operating stage

2. RISK EXPOSURES

Financial Risk Management

The Group has risk management policies that systematically view the risks that could prevent the Group from achieving its objectives. These policies are intended to manage risks identified in such a way that opportunities to deliver the Group's objectives are achieved. The Group's risk management takes place in the context of day-to-day operations and normal business processes such as strategic planning and business planning. It is also established to identify and manage the Group's exposure to financial risks, to set appropriate transaction limits and controls, and to monitor and assess risks and compliance to internal control policies.

Management has identified each risk and is responsible for coordinating and continuously improving risk strategies, processes and measures in accordance with the established business objectives. The BOD has overall responsibility for the establishment and oversight of the Group's risk management framework. Risk management policies and structure are reviewed regularly to reflect changes in market conditions and the activities of the Group.

The Group's principal financial instruments comprise of cash and cash equivalents, receivables, security deposits, trade and other payables (excluding statutory payables), and advances from a related party.

The main risks arising from the Groups's financial instruments are credit risk, liquidity risk and interest rate risk. The BOD reviews and approves policies for managing these risks. These are summarized below.

Credit Risk

Credit risk is the risk that the obligations of the Group will not be repaid on time and in full as contracted, resulting in a financial loss. It is inherent to the business as potential losses may arise due to the failure of its counter parties to fulfill their obligations on maturity dates or due to adverse market conditions.

Generally, the credit risk of the Group is attributable to financial assets at amortized cost. The Group maintains credit policies and continuously monitors defaults of counter parties, identified either individually or by group, and incorporates this information into its credit risk controls. Managing credit risk has both qualitative and quantitative aspects. Credit officers must evaluate the credit quality of the counterparties and assign internal credit ratings upon this evaluation.

The Group defines credit exposure as all transactions where losses might occur due to the fact that counterparties may not fulfill their contractual payment obligations based on original contractual terms. The Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amounts of these financial assets. Credit risk from cash in banks is mitigated by transacting only with reputable banks duly approved by management.

Credit Quality of Financial Assets. The credit quality of financial assets is managed by the Group using internal credit ratings such as high grade, standard grade, past due but not impaired and credit impaired.

High Grade - pertains to deposits or placements to counterparties with good credit rating or bank standing. For receivables, this covers accounts of good paying counterparties, with good credit standing and are not expected by the Group to default in settling its obligations, thus credit risk exposure is minimal.

Standard Grade - other financial assets not belonging to high quality financial assets are included in this credit rating.

Past due but not impaired - pertains to financial assets where contractual payments are past due but the Group believes that impairment is not appropriate based on the probability of collection of amounts owed to the Group.

Credit impaired - pertains to financial assets for which the Group determines that it is probable that it will not be able to collect the amount due based on the contractual terms and agreements.

The tables below summarize the analysis of the Group's financial assets as at December 31:

	2025				
	Neither Past Due nor Impaired		Past due but		Total
	High Grade	Standard Grade	not impaired	Credit Impaired

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's objectives to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking adverse effect to the Group's credit standing.

The Group seeks to manage its liquid funds through cash planning on a weekly basis. As part of its liquidity risk management, the Group regularly evaluates its projected and actual cash flows. It also continuously assesses conditions in the financial markets for opportunities to pursue fund raising activities.

The table below summarizes the maturity profile of the Group's financial liabilities as at December 31 based on contractual undiscounted payments:

2025					
	On demand	Less than 3 months	3 to 12 months	Over 1 year	Total
Trade and other payables*	₱24,292,160	₱3,955,289	₱–	₱–	₱28,247,449
Advances from a related party	79,978,631	–	–	–	79,978,631

*Excluding statutory payables.

Fair Value Measurements

The following table provides the fair value hierarchy of assets and liabilities with carrying amounts which approximate its fair value or measured at fair value:

2025				
	Valuation Date	Total	Level 1	Level 2
Assets measured at fair value:				
Investment properties	December 31, 2020	₱9,156,000	₱–	₱9,156,000
		₱9,156,000	₱–	₱9,156,000

2023				
	Valuation Date	Total	Level 1	Level 2
Assets measured at fair value:				
Investment properties	December 31, 2020	₱9,156,000	₱–	₱9,156,000
		₱9,156,000	₱–	₱9,156,000

Cash and Cash Equivalents, Receivables, Trade and Other Payables (Excluding Statutory Payables), and Advances from a Related Party. Due to the short-term nature of the transactions, the carrying values approximate the fair values at reporting dates.

Security Deposits. The carrying value of security deposits does not materially differ from the fair value as at December 31, 2025 and 2024.

Investment Properties. The fair values of the investment properties were based on valuations performed by accredited independent appraisers.

There were no transfers between Level 1 and Level 2 fair value measurements and no transfers into and out of Level 3 fair value measurements during the year ended December 31, 2025 and 2024.

Capital Management

The primary objective of the Group's capital management is to ensure that it maintains strong credit rating and stable capital ratios in order to support its business and maximize shareholders' value. The Group manages its capital structure and makes adjustments to it, based on the changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to externally-imposed capital requirements.

The Group considers the equity attributable to the equity holders of the Parent Company as presented in the consolidated statements of financial position as its core capital. As at December 31, 2025 and 2024, the Group was able to meet its capital management objectives. No changes were made in the objectives, policies or processes in 2025 and 2024.

3. OTHER REQUIRED DISCLOSURES

- A.) The attached interim financial reports were prepared in accordance with accounting standards generally accepted in the Philippines. The accounting policies and methods of computation followed in these interim financial statements are the same compared with the audited financial Statements for the period ended December 31, 2025.
- B.) Except as reported in the Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A"), there were no unusual items affecting assets, liabilities, equity, net income or cash flows for the interim period.
- C.) There were no material changes in estimates of amounts reported in prior periods that have material effects in the current interim period.
- D.) Except as disclosed in the MD&A, there were no other issuance, repurchase and repayments of debt and equity securities.
- E.) There were no material events that occurred subsequent to December 31, 2025 and up to the date of this report that need disclosure herein.
- F.) There were no changes in the composition of the Group during the interim period such as business combinations, acquisition or disposals of subsidiaries and long-term investments, restructuring and discontinued operations, except as what has been discussed in the MD&A on the Group's quasi-reorganization.
- G.) There were no changes in contingent liabilities or contingent assets since December 31, 2025 and as of date of this report.
- H.) There exist no material contingencies and other material events or transactions affecting the current interim period.

Item 7. Financial Statements

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Independent Public Accountants

Reyes Tacandong & Co. (RT), the Company's external auditors, was appointed as such for the current year during the stockholders' meeting last June 26, 2025.

Representatives of RTC are expected to be present at the 2026 Annual Stockholders' Meeting to respond to appropriate questions and will be given the opportunity to make a statement if they so desire.

Ms. Belinda B. Fernando was assigned as RT's partner-in-charge for the company. Her appointment shall not exceed seven (7) years based on the code of ethics adapted by SEC through the revised SRC Rule 68.

The Audit Committee is composed of the following:

Rafael M. Alunan III (ID)	Chairman
Jerry C. Tiu (ID)	Member
Armin Antonio B. Raquel Santos	Member

No principal accountant or independent accountants of the registrant has resigned, was dismissed or has ceased to perform services during the two (2) most recent fiscal years or any subsequent interim period.

There have been no disagreements with any accountant or any matter of accounting principles or practices, financial statement disclosure or auditing scope of procedure.

External Audit Fees and Services

1. Audit fees for the audit of the Company's annual financial statements amounted to ₱250,000 in 2025 and ₱250,000 in 2024.
2.
 - a. No other assurance and related services were rendered in 2025 and 2024.
 - b. No tax services were rendered by the external auditor in 2025 and 2024.
 - c. There were no other fees paid to the external auditor in 2025 and 2024.
 - d. The Audit Committee approved the policies and procedures of the above services. The Board of Directors has established the Audit Committee to provide oversight of the external audit function and review of the internal audit function of the Company.

Among the policies and procedures of the Audit Committee are:

Authority

1. Endorse the appointment, re-appointment or removal of the External Auditor;
2. Approve the appointment, evaluate the performance and confirm the removal of the Chief Audit Executive;
3. Review, evaluate, and recommend to the Compensation and Remuneration Committee the remuneration of the Chief Audit Executive;
4. Approve the budget and resource plan of the Internal Audit Department;
5. Seek any information it requires from Management, and all other employees;
6. Gain access to all records, documents, properties, assets and personnel within the Company;
7. Review the scope of work of the auditors after considering their assessment of internal controls and risks identified;
8. Secure adequate resources to enable it to effectively discharge its functions;
9. Obtain any external professional advice and expertise if so required; and
10. Investigate any activities within its scope of responsibilities, or as may be required by the Board.

Duties and Responsibilities

1. Financial Statements and Reporting
 - a. Review the impact of changes in significant accounting policies and practices, alternative treatments of financial information within Philippine financial reporting standards, significant adjustments resulting from an audit, going concern assumptions, reporting issues including complex or unusual transactions and highly judgmental areas, and recent professional and regulatory pronouncements on the financial statements.

- b. Review with Management and the external auditors the results of the audit, including any difficulties encountered.
- c. Review and endorse to the Board for approval, Company financial statements and related reports; consider their completeness and consistency with information known to the Committee and compliance with accounting principles and standards, and regulatory requirements.
- d. Review accuracy and completion of other sections of the annual report and related regulatory filings before release.
- e. Understand how Management develops interim financial information, and the nature and extent of internal and external auditor involvement; and review same before filing with regulators.

2. Internal Control

- a. Ensure a review of the effectiveness of the Company's internal control systems, including information technology security and control and risk management system.
- b. Understand and review the scope of internal and external auditors' review of internal controls over financial reporting, and obtain regular reports on significant findings and recommendations, together with Management's responses.

3. Internal Audit

- a. Oversee the appointment of the Head of Internal Audit including his/her replacement, reassignment, or dismissal.
- b. Provide oversight and evaluation of the performance of the Company's Head of Internal Audit and Internal Audit Group.
- c. Review with Management and the Head of Internal Audit, the Charter, plans, budget, activities, staffing, access to financial and other resources and organizational structure of the internal audit function and any amendments thereto.
- d. Review the effectiveness of the internal audit function, including compliance with the Institute of the Internal Auditors' Standards Review the Internal Audit Group including its independence and the authority of its reporting relationships.
- e. Ensure that the Internal Audit Group has full access to Company records, personnel and properties that are relevant to the discharge of its scope and function.
- f. On a regular basis, meet separately with the Head of Internal Audit to discuss any matter that the Committee or the Internal Audit Group believe should be discussed privately.
- g. Ensure the adequacy of the internal audit activity's purpose authority and responsibility through the review and approval the Internal Audit Charter at least on an annual basis.
- h. Ensure that the internal audit function has a quality assurance and improvement program and that the results of these periodic assessments (both internal and external) are presented to the Audit Committee.

4. External Audit

- a. Appoint and evaluate the performance of the External Auditor including the removal of the External Auditor if circumstances warrant.
- b. Review the External Auditors' proposed audit scope and approach.
- c. Review and confirm the independence of the external auditors by obtaining certification from the latter relative to overall relationship with the Company, including non-audit services and by ensuring that key partners are rotated at appropriate intervals.
- d. Ensure that External Auditors have free and full access to the Company's records, properties, and personnel to enable them to perform their audit functions.
- e. Resolve any disagreement between Management, the Internal Audit Group and the External Auditors regarding financial reporting.

- f. On a regular basis, meet separately with the external auditors to discuss any matter that the Committee or auditors believe should be discussed privately.

5. Compliance

- a. Review and continually improve the effectiveness of the system for monitoring the results of Management's investigation and follow-up (including violations against the Code of Ethics) of any instance of non-compliance.
- b. Review the findings from any examinations by regulatory bodies, and any audit observations.
- c. Review the process for communicating and compliance of the Code of Ethics to Company personnel.
- d. Obtain regular updates from Management and the Compliance Officer regarding compliance matters.

6. Reporting Responsibilities

- a. Regularly report to the Board the Committee's activities, findings, decisions, deliberations and recommendations.
- b. Provide an open avenue of communication between and among the Chief Audit Executive and Internal Audit Group, the external auditors, the Compliance Officer, the Chief Risk Officer and the Board.
- c. Report annually to the shareholders, describing the Committee's composition, responsibilities and how they were discharged and any other information required by regulators, including approval of non-audit services.
- d. Review any other reports the Company issues that relate to the Committee responsibilities, such as but not limited to reports on the Policy on Accountability, Integrity and Vigilance (PAIV).

7. Fraud

- a. Obtain reasonable assurance with respect to the organization's procedures for the prevention and detection of fraud.
- b. Oversee management's arrangement for the prevention and deterrence of fraud.
- c. Oversee fraud investigation and undertake to investigate possible cases of fraud, when and as instructed by the Committee Chairperson and/or the President.
- d. Ensure that appropriate action is taken against know fraud perpetrators.

8. Other Responsibilities

- a. Perform other activities related to this Charter as requested by the Board.
- b. Review and assess the adequacy of the Committee Charter annually, requesting Board approval for any proposed changes, and ensure appropriate disclosure as may be required by law or regulation.

PART III - CONTROL AND COMPENSATION INFORMATION

Item 9. Directors and Executive Officers of the Issuer

All incumbent directors, elected on June 26, 2025 are to serve for a term of one (1) year until their successors shall have been duly elected and qualified. The names and ages of Directors and the executive officers of the Registrant are:

Name	Age	Position	Nationality
Willy N. Ocier	69	Chairman	Filipino
Ian Jason R. Aguirre	52	President/CEO/Director	Filipino
Edmundo L. Tan	80	Non-Executive Director	Filipino
Armin Antonio B. Raquel Santos	58	Non-Executive Director	Filipino
Virginia A. Yap	74	Non-Executive Director	Filipino
Jerry C. Tiu	69	Independent Director	Filipino

Marie Joy C. Reyes	44	Treasurer and Compliance Officer	Filipino
Michelle Angeli T. Hernandez	54	Chief Risk Officer	Filipino
Gemma M. Punzalan	55	Data Protection Officer	Filipino

The Company's Board of Directors are vested by the By-laws of the Company over-all responsibility for the management of the Company's business. The Board elects the executive officers of the Company. The composition of the Board of Directors and the incumbent executive officers of the Company are as follows:

Board of Directors:

Willy N. Ocier, 69, Filipino, is the Chairman and a Non-Executive Director of the Company. He is also the Chairman and Non-Executive Director of Belle Corporation and Pacific Online Systems Corporation. Likewise, he is the Chairman and Non-Executive Director of Premium Leisure Corp., its subsidiary PremiumLeisure and Amusement, Inc., and Total Gaming and Technologies, Inc. He is the Chairman and Director of Tagaytay Midlands Golf Club, Inc., and Vice Chairman of Tagaytay Highlands International Golf Club, Inc. and Highlands Prime, Inc. Mr. Ocier is also the Chairman, President, and Chief Executive Officer of Philippine Global Communications, Inc. and Director of DigiPlus Interactive Corp. He also sits as a Director of the following unaffiliated corporations, Vantage Equities, Inc., Philequity Management, Inc., and Toyota Corporation Batangas. He was formerly President and Chief Operating Officer of Eastern Securities Development Corporation.

Mr. Ocier graduated from Ateneo de Manila University with a Bachelor of Arts degree in Economics. In recognition of Mr. Ocier's corporate leadership and role in providing employment opportunities to Filipinos, the University of Batangas conferred him a degree in Doctor of Humanities, honoris causa.

Mr. Ian Jason R. Aguirre, 52, Filipino, was elected as a Director, and appointed as the President and Chief Executive Officer of the Company effective November 5, 2021. Mr. Aguirre is concurrently Vice President, Chief Finance Officer and Treasurer of Philippine Geothermal Production Company, Inc. He was previously a Vice President of SM Investments Corporation ("SMIC"), Investment Portfolio where he was responsible for acquiring several industry-leading companies for the SMIC Group. He has worked in various senior management positions over a 25-year career that included local and international experience in investment banking, corporate finance, mergers & acquisitions, business development and strategic planning, with deep sector expertise in energy, infrastructure and telecommunications. Prior to joining SMIC, he most recently served as a Director at CEMEX Asia Pte. Ltd.

Mr. Aguirre holds a Bachelor of Science degree in Industrial Engineering from the University of the Philippines and a Master's degree in Business Management from the Asian Institute of Management.

Mr. Armin Antonio B. Raquel Santos, 58, Filipino, is a Non-Executive Director and a member of the Executive Committee of the Company. He is the President and Chief Executive Officer of Belle Corporation, Premium Leisure Corp. and its subsidiaries, PremiumLeisure and Amusement, Inc. and Pacific Online Systems Corporation. He is also a Director of APC Group, Inc., Pinoy Lotto Technologies Corporation, Sagittarius Mines, Inc., Tagaytay Highlands International Golf Club, Inc., Manila Golf and Country Club and member of the Board of Trustees of Melco Resorts (Philippines) Foundation Corporation.

Formerly, he was Chief Finance Officer of Aboitizland, Inc., Cebu Industrial Park, Inc. and Mactan Economic Zone II and First Philippine Electric Company. He was also former Governor of the Board of Investments (BOI), served as Assistant Secretary with the Department of Trade and Industry (DTI), Vice Chairman and CEO of Philippine Retirement Authority (PRA), Executive Vice President of Philippine International Trading Corporation (PITC), and Deputy Administrator of Subic Bay Metropolitan Authority (SBMA). His experience includes stints with multinational companies; Securities 2000 Inc. (Singapore Technologies Group) and First Chicago Trust Company of New York.

Mr. Raquel Santos holds a Master of Arts in Liberal Studies from Dartmouth College, U.S.A. and Bachelor of Science in Business Administration Major in Finance from Iona College, U.S.A.

Mr. Edmundo L. Tan, 80, Filipino, is a Director of the Company from 2000 up to the present, and as Corporate Secretary from 2000 until 2016. He serves as Director of Philippine Global Communications, Inc. from 2000 up to the present, and as Corporate Secretary from 2000 until 2010. He is a director of Aragorn Power and Energy Corporation from 2005 up to the present and as Corporate Secretary from 2005 up to 2012. He is currently a Director of PRC MAGMA Resources, Inc. (2010 up to the present). He is a director of Ortigas Land Corporation from July 2012 up to the present. He was elected Director of Sagittarius Mines, Inc. in March 2016 and Director of Ashdale Holdings, Inc. in June 2016. On 12 December 2019 he was elected Director of Concrete Aggregates Corporation. He serves as Corporate Secretary of BDO Unibank, Inc. from July 2007 up to the present and BDO Private Bank from February 2012 up to the present. He is the Director/President of Bebemag Holdings, Resources, Inc. since 2011. In May 2020, Atty. Tan was elected as Chairman/President of both Premier TownCenter Holdings, Inc. and Primtwn Center Holdings, Inc. In June 2021, he was elected Director/President of Indophil Resources Philippines, Inc.

He was a co-founder and was elected President of the Philippine Dispute Resolution Center, Inc. (PDRCI) in July 2017 until 2023.

Atty. Tan is the Managing Partner of Tan Acut Lopez & Pison Law Offices (1993 to present). Formerly, he was a Senior Partner in Ponce Enrile Cayetano Reyes & Manalastas Law Offices; a Partner in Angara Abello Concepcion, Regala & Cruz Law Offices; and an Associate in Cruz Villarin Ongkiko Academia & Durian Law Offices.

Atty. Tan holds a Bachelor of Arts degree from De La Salle College, Bacolod, and a bachelor's degree in Law from the University of the Philippines in 1973.

Ms. Virginia A. Yap, 74, Filipino, is a Director of the Company. Ms. Yap holds key positions in SM investments Corporation as a Senior Vice President – Office of the Chairman Emeritus and Securities Department. She was also a Non-Executive Director of Belle Corporation until May 31, 2024.

She holds a Bachelor of Science in Commerce (Major in Accounting) degree from the University of Mindanao.

Mr. Rafael M. Alunan III*, 77, Filipino, is an Independent Director of the Company who was elected on August 10, 2020. He also sits as an independent director with the position of Vice-Chairman of Pepsi Cola Products (Philippines), Inc.; and chairs the Audit Committees of both companies.

He is the President of the Philippine Taekwondo Association; Chairman Emeritus of the Philippine Council for Foreign Relations (PCFR); former Chairman of the Harvard Kennedy School Alumni Association of the Philippines Inc. (HKSAAPI); a Past President of the Rotary Club of Manila; a member of the Board of Governors

of the Management Association of the Philippines and chairs the Resilience Committee; a member of the Board of Directors of the Special Forces Regiment Alumni Association Inc. and the Hillsborough Homeowners Association.

Mr. Alunan is an Eminent Fellow of the Development Academy of the Philippines (DAP); Mason Fellow of Harvard Kennedy School; Fellow of the Institute of Corporate Directors (ICD); and Fellow of the Institute for Solidarity in Asia (ISA). He founded the party list One Philippines; co-authored the book entitled “Silver Linings”; and produced the documentary entitled “Tagaligtas”. He is a member of the Maritime League and the Fraternal Order of Eagles of the Philippines.

He holds the rank of Colonel in the Armed Forces of the Philippines, and commanded the 131st Infantry Division (Standby Reserve) and the 9th Infantry Division (Ready Reserve) of the Philippine Army. He is an adopted member of Philippine Military Academy Marangal Class of 1974, PCSpecial Action Force, Special Forces Regiment (Airborne) and First Scout Ranger Regiment.

Mr. Alunan obtained his double degree in Business Administration and History-Political Science from De La Salle University; attended Ateneo de Manila University’s Master in Business Administration-Senior Executive Program; earned a Master’s degree in Public Administration and a certificate in Executive Education from Harvard Kennedy School of Government; and graduated from the Philippine Army’s Command and General Staff College Operations Course.

Mr. Alunan served in the Cabinets of Presidents Corazon C. Aquino and Fidel V. Ramos as Secretary of Tourism and Secretary of the Interior and Local Government, respectively.

Mr. Jerry C. Tiu*, 69, Filipino, is an independent director of APC Group, Inc. He is an Independent Adviser to the Board of Premium Leisure Corp. He is a director and the President of Tagaytay Highlands Community Condominium Association, Inc., Tagaytay Midlands Community Homeowners’ Association, Inc., and Greenlands Community Homeowners’ Association, Inc. He is also the President of the following companies: Tagaytay Highlands International Golf Club, Inc., The Country Club at Tagaytay Highlands, Inc., Tagaytay Midlands Golf Club, Inc., and The Spa & Lodge at Tagaytay Highlands, Inc. He is a former Director of the Manila Polo Club.

Mr. Tiu holds a Bachelor of Science degree in Commerce (Major in Marketing) from the University of British Columbia.

***Independent Directors**

The nomination, pre-screening and election of independent directors were made in compliance with the requirements of the Code of Corporate Governance and the Securities and Exchange Commission’s Guidelines on the Nomination and Election of Independent Directors, which have been adopted and made part of the Corporation’s By-Laws.

The Corporate Governance Committee, composed of Mr. Jerry C. Tiu (Chairman), Mr. Rafael M. Alunan III and Mr. Edmundo L. Tan, determines that the nominees for independent directors possess all the qualifications and have none of the disqualifications for independent directors as set forth in the Company’s Manual on Corporate Governance and Rule 38 of the Implementing Rules of the Securities Regulation Code (SRC).

All new directors undergo an orientation program soon after date of election. This is intended to familiarize the new directors on their statutory / fiduciary roles and responsibilities in the Board and its Committees, APC’s strategic plans, enterprise risks, group structures, business activities, compliance programs, Code of Business Conduct and Ethics and the Revised Manual on Corporate Governance.

All directors are also encouraged to participate in continuing education programs annually at APC's expense to promote relevance and effectiveness and to keep them abreast of the latest developments in corporate directorship and good governance.

Executive Officers:

Ian Jason R. Aguirre - please see profile in "Board of Directors"

Atty. Richard Anthony D. Alcazar, 55, is also the Corporate Secretary of the Company. He is likewise the Corporate Secretary of Philippine Global Communications, Inc. since June 22, 2010. He was appointed Corporate Secretary of BDO Leasing & Finance Inc. in 2009. He is a partner in Tan Acut Lopez & Pison Law Offices and his practice is primarily devoted to the fields of corporation law and taxation. He was formerly a Director in the Tax Division of Sycip Gorres Velayo & Co. where he worked as a tax practitioner from November 1994 to December 2002.

Atty. Alcazar graduated with a Bachelor of Science degree in Business Economics from the University of the Philippines School of Economics and a Bachelor of Laws degree from the University of the Philippines College of Law. He also holds a Master of Arts degree in International Development from the International University of Japan with Public Finance as field of concentration. He is a member of the Integrated Bar of the Philippines and the Tax Management Association of the Philippines.

Item 11. Security Ownership of Certain Beneficial Owners and Management

(1) Security Ownership of Certain Record and Beneficial Owners

The following persons or groups are directly or indirectly the record or beneficial owners of more than 5% of the Company's voting shares (common) as of December 31, 2025:

Title of Class	Name and address of record and relationship with issuer	Name of beneficial owner and relationship with record holder	Citizenship	No. of shares held	Percent of class
Common	Belle Corporation 5 th Floor, Tower A, Two E-Com Center, Palm Coast Avenue, Mall of Asia Complex, Pasay City, Metro Manila (Parent)	(Note 1)	Filipino	3,500,000,000 (indirect)	46.641%
Common	PCD Nominee Corp G/F Makati Stock Exchange, Ayala Ave. Makati City (Stockholder)	(Note 2)	Filipino	1,900,955,156	25.332%
Common	PCD Nominee Corp G/F Makati Stock Exchange, Ayala Ave. Makati City (Stockholder)	(Note 2)	Non-Filipino	424,089,509	5.651%

Notes

- 1.) Belle Corporation is a publicly-listed corporation which was registered in PCD in 2017
- 2.) PCD Nominee Corporation is a wholly-owned subsidiary of Philippine Central Depository, Inc. The beneficial owners of such shares registered under the name of PCDNC are PCD's participants who hold the shares in their own behalf or in behalf of their clients. The PCD is prohibited from voting these shares. Instead, the participants have the power to decide how the PCD shares in APC Group are to be voted. No PCD participant who holds shares in their own behalf or in behalf of clients owns more than 5% of the Corporation's voting shares.

(2) Security Ownership of Management

The following table shows the shareholdings of the following directors and officers as of December 31, 2025.

Title Class	Name of Beneficial Owner	Citizenship	Amount and Nature of Beneficial Ownership		Class of Securities	Total	
						No.	%

(3) Voting Trust Holders of 10% or More

There are no parties holding voting trust for 10% or more of APC's voting securities.

(4) Changes in Control

There are no arrangements which may result in a change in control of the Company.

Item 12. Certain Relationships and Related Transactions

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. This includes: (a) individuals owning, directly or indirectly through one or more intermediaries; (b) associates; (c) individuals owning, directly or indirectly, an interest in the voting power of the Group that gives them significant influence over the Group, key management personnel, including directors and officers of the Group and close members of the family of any such individual and; (d) affiliate, which is a party that, directly or indirectly through one or more intermediaries, control, is controlled by, or is under common control with the Group.

No director or executive officer or any member of their immediate family has, during the last two years, had a direct or indirect, material interest in a transaction or proposed transaction to which the Group was a party.

The Group, in its regular conduct of business, has transactions and balances with a related party. Transactions between members of the Group and the related balances are eliminated at consolidation and are no longer included in the consolidated financial statements.

The following table summarizes the outstanding balance arising from these transactions.

	Nature of Transaction	Amount of Transactions		Outstanding Balance	
		2025	2024	2025	2024
Advances from a related party					
<i>Stockholder</i>	Advances	P-	P-	P79,406,947	P79,406,947
	Share in expenses	-	-	571,684	571,684
				P79,978,631	P79,978,631

The Group has no transactions with related parties in 2025 and 2024.

Outstanding balances of transactions with a related party are noninterest-bearing, unsecured, payable on demand and normally settled in cash.

Compensation of key management personnel presented as part of “Salaries and employee benefits” under “General and administrative expenses” account in the consolidated statements of comprehensive income for the years ended December 31, 2025 and 2024:

	2025	2024
Salaries and short-term employee benefits	P1,260,000	P1,289,906
Retirement costs	-	-
	P1,260,000	P1,289,906

PART IV - EXHIBITS AND SCHEDULES

Item 13. Exhibits and Reports on SEC Form 17-C

(a) **Exhibits** - See accompanying Index to Exhibits in the following pages

(b) **Reports on SEC Form 17-C**

The Company regularly files various reports on SEC Form 17-C relative to various company disclosures. Of these, the more significant ones are as follows:

Date	Title
February 28, 2025	2024 Audited Financial Statement
February 28, 2025	Notice of 2025 Annual or Special Stockholders' Meeting
June 26, 2025	Results of 2025 Annual or Special Stockholders' Meeting
June 26, 2025	Results of Organizational Meeting of the Board of Directors

PART V - CORPORATE GOVERNANCE

Compliance with Corporate Governance Practices

The Company remains focused on insuring the adoption of systems and practices of good corporate governance in enhancing value for its shareholders.

Board Attendance

Regular meetings of the Board are scheduled before the beginning of the year and are held at least six (6) times annually. Special meetings may also be called by the Chairman, the President or Corporate Secretary. A director's absence or non-participation in more than fifty percent (50%) of all meetings in a year is a ground for temporary disqualification in the succeeding election. During 2025, each of the Company's directors have complied with the requirements.

The schedules for the 2025 Board and Committee meetings were approved by the Board in November 2024. On the other hand, the 2026 Board and Committee meetings were taken up and approved by the Board in November 2025.

Below table shows the attendance of each board member in the meetings conducted during the year:

¹ - Annual Stockholders' Meeting

² - Board Organizational Meeting

Board Performance Evaluation

The Company, through its Corporate Governance Committee, conducts annual performance evaluations of the Board of Directors, its individual members and Board Committees to ensure optimum Board performance. The evaluation seeks to assess the effectiveness and collective performance of the Board through a self-assessment in this evaluation process. In this evaluation process, the directors identify the areas for improvement, such as:

- the timelines and integrity of information given to them,
- Directors' access to management, the Corporate Secretary and Board Advisors, and
- Other form of assistance as needed. The Board reviews the results of these evaluations and agrees on clear action plans to address any issues raised.

The details Board Evaluation Form can be found in the Company's website. Directors are asked to rate the performance of the collective Board, the Board, Committees, themselves as directors, the Company's Chairman of the Board, the Chief Executive Officer, and key officers.

Criteria for Board and Management ratings are as follows:

1. Collective Board Rating – relates to:

- Board Composition – related to how the Board members assess the Board as a whole based on their balance/diversity, knowledge/competencies, qualifications/background and experience;
- Board Efficiency and Importance – related to how the Board members assess the Board's overall performance, oversight over Management's activities, discussion on short- and long-term goals, business strategies and plans, risk and regulation, follow up of business plan and strategy, objective and budget, promotion of good governance principles, policies and mechanisms, and promotion of continuing education and/or training;
- Board Meetings and Participation – relates to how Board members assess frequency of Board meetings, if they were given chance to fully and positively participate, were provided quality materials and sufficient time for study, provided easy and timely access to information or inputs and whether there is efficient use of the time allocated for each meeting.

2. Board Committee Rating – relates to how the Committee members and Management rate the performance of the following Committees for the past year;

- Executive Committee
- Audit Committee
- Risk Oversight Committee
- Corporate Governance Committee
- Related Party Transactions Committee

3. Individual Directors' Self-rating – related to how the Directors assess their independence, participation and expertise

4. Officers Rating – relates to how well the Chairman of the Board and the President/CEO demonstrate leadership, integrity, diligence and adherence to corporate governance principles and practices as well as the assessment of the following key officers for their over-all performance:

- a. Chief Audit Executive
- b. Chief Risk Officer
- c. Compliance Officer

The Board reviews the results of this evaluation and agreed on clear action plans to address any issues raised.

The annual Board performance evaluation for 2025 was conducted in March 2026. The results of the evaluation, which found the Board to be functioning well to its mandate, will be discussed and presented to the Board through the Corporate Governance Committee.

Continuing Education Programs

The Board identifies areas of continuing education on corporate governance topics they require. To keep the Board and key officers well-informed of governance-related developments, regular annual education programs are conducted in coordination with SM Investments Corporation and training providers duly accredited by the SEC. The Directors and key officers of the Company had their annual training in 2025 as shown below.

Director	Position	Training Date	Training Provider	Theme
Ian Jason R. Aguirre	President, CEO	Friday, October 3, 2025	Institute of Corporate Directors	2025 Corporate Governance Seminar
Rafael M. Alunan III	Lead Independent Director			
Jerry C. Tiu	Independent Director			
Virginia A. Yap	Non Executive Director			
Richard Anthony D. Alcazar	Corporate Secretary			
Marie Joy C. Reyes	Treasurer and Compliance Officer			
Willy N. Ocier	Chairman	Tuesday, November 4, 2025	Good Governance Advocates and Practitioners	9th Annual Forum on Governance, Ethics and Compliance with the theme: Good Governance: What the Private Sector Can Learn from the Public Sector
Armin Antonio B. Raquel Santos	Non Executive Director			
Edmundo L. Tan	Non Executive Director			
Michelle Angeli T. Hernandez	Chief Risk Officer	Friday, November 21, 2025	Securities and Exchange Commission	12th SEC Corporate Governance Forum

Manual on Corporate Governance

In compliance with the initiative of the SEC, APC submitted its Revised Manual on Corporate Governance (the “Revised Manual”) to the SEC. The Revised Manual institutionalizes the principles of good corporate governance in the entire Company. APC believes that corporate governance, the framework of rules, systems and processes governing the performance of the Board and Management of their respective duties and responsibilities, and from which the organization’s values and ethics emerge, is of utmost importance to the Company’s shareholders and other stakeholders, which include, among others, clients, employees, suppliers, financiers, government and community in which it operates. The Company undertakes every effort possible to create awareness throughout the entire organization.

The Board approved on November 5, 2021 the Revised Corporate Governance Manual and has been posted in the Company’s website:

<https://www.apcaragorn.net/wp-content/uploads/11052021-APC-MCG-v5nov21-BOD-approved.pdf>

Board Committees

Even prior to the submission of its Manual, the Company already created various Board-level committees. These committees were comprised of:

1. Executive Committee – to oversee the management of the Company and is responsible for the Company’s goals, finances and policies;
2. Audit Committee – to review financial and accounting matters;
3. Risk Oversight Committee – to review the policies and procedures relating to the identification, analysis, management, monitoring and reporting of financial and non-financial risks;
4. Related Party Transactions Committee – to assess material agreements with related parties to ensure that the RPT are conducted at market rates and on an arm’s length basis; and

5. Corporate Governance Committee – to assist and advise the Board in performing corporate governance compliance responsibilities in relation with the Company’s Revised Manual on Corporate Governance, the Philippine Code of Corporate Governance, and the disclosure rules of the SEC and the PSE. It shall have oversight on sustainability-related risks and opportunities and spearhead cooperation among other board committees to allow for an effective synthesis of sustainability-related issues for reporting to the Board.
 - Nomination Committee – for the selection and evaluation of qualifications of directors and officers. On May 9, 2018, the Nomination Committee was merged with the Corporate Governance Committee.
 - Compensation and Remuneration Committee – to look into an appropriate remuneration. On June 26, 2025, the Compensation and Remuneration Committee was merged with the Corporate Governance Committee.

Each of the above is guided by their respective Committee Charters that indicates the purpose, composition, duties and responsibilities. The Board Committee Charters are reviewed annually.

Risk Oversight Committee

The Company has adopted a risk management policy that establishes a culture of disclosing, evaluating and managing risks, from the Board and throughout the organization toward achieving its goals and objectives, which include, among others, the protection and preservation its employees’ and clients’ safety and welfare, the value and condition of its properties and assets, and its local and global reputation. The Company aligns its risk appetite with its long-term strategic objectives.

The Risk Oversight Committee (ROC) evaluates the effectiveness of the Company’s risk management system on an annual basis. The Board of Directors, through the ROC, has reviewed the Company’s risk management system for 2025 and has found the same effective and adequate.

The Audit Committee

The Audit Committee reviews annually the effectiveness of the Company’s internal control system, including information technology security and controls. To facilitate their review, the Committee understands and evaluates the scope of the internal and external auditors’ review of internal controls over financial reporting, and obtains regular reports on significant findings and recommendations, together with management’s responses, to obtain reasonable assurance that the Company’s key organizational and procedural controls are effective, appropriate and complied with.

The Board of Directors, through the Audit Committee, has reviewed the effectiveness of the Company’s internal control system, including the information technology security controls. Effective and adequate internal control mechanisms are in place, implemented and properly complied with for the year 2025.

Corporate Objectives

The Board establishes the corporate objectives, which are:

- To create opportunities for growth through strategic and viable investments and to enhance shareholder value for APC's partners and investors; and
- To promote mutually beneficial relationship with all the stakeholders that is grounded on transparency, integrity and respect and to enhance the quality of life of the communities it serves.
- Participation in activities that develop the quality of life in the communities it serves through scholarship and other programs for ancestral domains.

Code of Business Conduct and Ethics

The Company remains committed to align with the best corporate governance practices following the release of the 2016 Code of Corporate Governance for Publicly-Listed Companies. In addition to the Revised Manual, the Company's Code of Business Conduct and Ethics (CBCE) defines good governance, ethics and compliance practices expected throughout the organization. The Revised Manual and CBCE are communicated to directors, officers and employees to ensure familiarity and adherence. These documents are also made public through the Company's website.

Sustainability

The 2025 Sustainability Report identifies APC Group, Inc.'s economic, environmental and social performance, and governance responsibilities in 2025.

On February 27, 2026, the APC Group, Inc. Board of Directors reviewed, approved and authorized the publication of the 2025 Sustainability Report.

Governance Policies

Corporate policies on governance were developed, submitted to and approved by the Board to protect the interests and rights of the shareholders and stakeholders and to promote transparency and accountability. Such governance related policies are shown below and may be viewed through the APC Corporate website <http://www.apcaragorn.net>: These policies and procedures are initially cascaded throughout the organization via email blast, intranet portal and annual corporate governance trainings. The Board, through its various Board Committees, ensures that adequate internal control mechanisms are implemented and properly complied in all levels.

1. Accountability, Integrity and Vigilance (Whistle-Blowing)
2. Alternative Dispute Resolution
3. Board Diversity
4. Conflict of Interest
5. Corporate Disclosures
6. Directors' Board Seats Held in Other Companies
7. Employees' Safety, Health and Welfare
8. Gifts / Hospitality / Entertainment
9. Insider Trading
10. Material Related Party Transactions
11. Succession Planning and Retirement Age for Directors and Key Officers
12. Tenure of Independent Directors
13. Vendor Accreditation and Selection
14. Material Related Party Transactions

Alternative Dispute Resolution

A neutral third party participates to assist in the resolution of issues between the Company and stockholders, third parties and regulatory authorities. The alternative dispute resolution system may include arbitration, mediation, conciliation, early neutral evaluation, mini-trial, or any combination thereof, as the Company and the circumstances sees fit.

Consideration is given to the need to promote candor through confidentiality of the process, the policy of fostering prompt, economical, and amicable resolution of disputes in accordance with the principles of integrity of determination by the parties, and the policy that the decision-making authority in the process rests with the parties. There were no conflicts between the corporation and its stockholders, the corporation and third parties, and the corporation and regulatory authorities, for the last three years.

Board Diversity

The Corporate values and promotes a diversity policy in the composition of our Board to reinforce its effectiveness in providing strategic direction, oversight and compliance with laws and regulations.

Diversity in age, gender, ethnicity, experience, field expertise, and personal qualities shall be considered by the Board as it installs a process of selection to ensure a mix of competent directors and key officers. Diversity will foster critical discussion and promote balanced decisions by the Board by utilizing the difference in perspective of its directors.

APC GROUP INC.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR CONSOLIDATED FINANCIAL STATEMENTS**

The management of **APC Group, Inc. and Subsidiaries** (the Group) is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein, for the years ended **December 31, 2025, 2024 and 2023**, in accordance with the prescribed financial reporting framework indicated therein and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

The Board of Directors reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders.

Reyes Tacandong & Co., the independent auditor appointed by the stockholders for the years ended December 31, 2025, 2024, and 2023, have audited the consolidated financial statements of the Group in accordance with Philippine Standards on Auditing, and in their reports to the stockholders, have expressed their opinion on the fairness of presentation upon completion of such audit.

INDEPENDENT AUDITORS' REPORT

The Stockholders and the Board of Directors
APC Group, Inc. and Subsidiaries
G/F MyTown New York Bldg.
General E. Jacinto St., cor. Capas St.
Brgy. Guadalupe Nuevo, Makati City

Opinion

We have audited the consolidated financial statements of APC Group, Inc. and Subsidiaries (the Group), which comprise the consolidated statements of financial position as at December 31, 2025 and 2024, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years ended December 31, 2025, 2024 and 2023, and notes to consolidated financial statements, including a summary of material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2025, 2024 and 2023 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to the audit of the consolidated financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is a matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements as at and for the year ended December 31, 2025. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Assessing Recoverability of Deferred Exploration Costs

As at December 31, 2025, the Group has deferred exploration costs amounting to ₱218.1 million, which represent 85.70% of the total consolidated assets. These deferred exploration costs pertain to a subsidiary, Aragorn Power and Energy Corporation (APEC)'s participating interest in Geothermal Service Contracts and the expenditures incurred by APEC for the Geothermal Projects in Kalinga (the Project).

Under PFRS Accounting Standards 6, *Exploration for and Evaluation of Mineral Resources*, the Group is required to assess whether facts and circumstances suggest that the deferred exploration costs may be impaired. The determination whether impairment indicators are present is significant to our audit because of the significant amount of the deferred exploration costs and the significant judgment and assumptions involved in the assessment.

Our audit procedures included, among others, reviewing the management's assessment on whether there is any indication that the deferred exploration costs may be impaired. We obtained evidence that the Group hold valid rights over the Project area. We examined the Group's progress reports submitted to the Department of Energy, the related agreements, exploration budgets and plans to evaluate management's intention to perform further exploration and evaluation of mineral resources. We also reviewed the related disclosures in Notes 1, 3 and 7 to the consolidated financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025, but does not include the consolidated financial statements and our auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025 are expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audits. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Belinda B. Fernando.

APC GROUP, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS AT DECEMBER 31, 2025 AND 2024
AND FOR THE YEARS ENDED DECEMBER 31, 2025, 2024 AND 2023

1. General Information

Corporate Information

APC Group, Inc. (the Parent Company or APC) and subsidiaries (the Group) were incorporated in the Philippines and are registered with Securities and Exchange Commission (SEC). The Parent Company was incorporated on October 15, 1993 and was originally organized to engage in the oil and gas exploration and development.

On April 30, 1997, the SEC approved the change in the primary purpose of the Parent Company to that of a holding company. The Parent Company's shares of stock are publicly traded in the Philippine Stock Exchange (PSE).

The Parent Company has the following subsidiaries as at December 31, 2025, 2024 and 2023:

Subsidiaries	Nature of Business	Percentage of Ownership		
		Direct	Indirect	Total
Aragorn Power and Energy Corporation (APEC)	Energy	97.6	—	97.6
APC Energy Resources, Inc. (APC Energy)	Mining	100.0	—	100.0
APC Mining Corporation (APC Mining)	Mining	83.3	—	83.3
APC Cement Corporation (APC Cement)	Manufacturing	100.0	—	100.0
PRC - Magma Energy Resources, Inc. (PRC-Magma)*	Energy	—	85.0	85.0

**A direct subsidiary of APEC*

The registered office address of the Parent Company is G/F MyTown New York Bldg., General E. Jacinto St. cor., Capas St., Brgy. Guadalupe Nuevo, Makati City.

Approval of Consolidated Financial Statements

The consolidated financial statements of the Group as at December 31, 2025 and 2024 and for the years ended December 31, 2025, 2024 and 2023 were authorized and approved for issuance by the Board of Directors (BOD) on February 27, 2026, as reviewed and recommended for approval by the Audit Committee on the same date.

Status of Operations

APEC

APEC was established to engage in renewable energy resource exploration, development and utilization.

Kalinga Geothermal Project

In 2008, APEC was granted a Geothermal Service Contract (GSC) by the Republic of the Philippines, through the Department of Energy (DOE), for the exploration, development and exploitation of geothermal resources covering a total area of 26,139 hectares located in the Province of Kalinga (the "Kalinga Geothermal Project" or "KGP"). The GSC was converted into a Geothermal Renewable Service Contract (GRESK) in March 2010 to avail of the incentives provided under the Renewable Energy Act of 2008. GRESK No. 2010-03-24 has a term of not exceeding 25 years (including the used term under the GSC) and renewable for not more than 25 years. The total period from pre-development stage to the development/commercial stage shall not exceed 50 years.

In November 2010, APEC and its partner, Guidance Management Corporation (GMC), formed a partnership with AllFirst Kalinga Ltd. (AKL, formerly Chevron Kalinga Ltd.) and signed a Farm-out Agreement (FOA) which gives APEC and GMC the option to take an equity position of up to 40% in KGP. The parties also signed a Joint Operating Agreement where AKL will be responsible for the exploration, development and operation of the steam field and power activities. As at December 31, 2025 and 2024, APEC and GMC each have 5% participation as provided under the FOA.

On August 14, 2018, pursuant to Executive Order No. 30, the Energy Investment Coordinating Council (EICC), through the DOE, granted KGP a Certificate of Energy Project of National Significance (CEPNS) for Pre-Development Phase. The CEPNS entitles KGP to all the rights and privileges provided for under Executive Order No. 30 series 2017.

On September 18, 2018, AKL assigned its Farm-out interest, including all associated rights and obligations under the FOA, in favor of its affiliate, Allfirst Kalinga Holdings, Inc. (AKHI).

In 2019, KGP completed securing all the remaining necessary permits and maintained and complied with its commitments. KGP has also engaged contractors and suppliers necessary for the construction of access roads, well pads, and well drilling activities. With the completion of the negotiation for right-of-way, remaining regulatory permits, as well as the engagement of the needed contractors and suppliers, KGP has completed the construction of well pads and access roads, and continues to implement geo-hazard mitigation measures.

On October 12, 2019, KGP commenced drilling of the PAS-02 exploration well and ended drilling operations on April 21, 2020 after reaching a depth of 4,483 ft. (1,366 m MD) and being unable to drill further. The results of the drilling still show promise, with very encouraging commercial temperatures at 568°F (298°C) despite tight permeability.

On March 12, 2021, KGP re-commenced its geology, geochemical, and geophysical surveys (3G) which ended on June 7, 2021. After the evaluation and study, the results of the 3G established the presence of multiple independent systems within the KGP. Three potentially exploitable systems have been discovered located in the areas of Liwang, Caigutan, and Dananao. All three systems are located within the existing contract area.

On June 5, 2023, the GRESC was converted into GSC No. 2023-04-073 as a result of the request to apply for a new investment on Southwest Kalinga, amending the contract area of GRESC No. 2010-03-024. This amended GSC has a pre-development and development term until July 1, 2033 and renewable for not more than 25 years.

Multiple extensions were secured for the exploration period of KGP with the latest of which is valid until May 28, 2026, upon the conversion of the GSC. On October 20, 2025, the DOE granted the suspension of obligations from July 12, 2025 to July 11, 2026 due to force majeure. This effectively extends the exploration period for another year or until May 28, 2027.

Southwest Kalinga Geothermal Power Project (SWKGPP)

On July 7, 2023, a new GSC (GSC No. 2023-07-074) was awarded to APEC for the Southwest Kalinga Geothermal Power Project (SWKGPP) which covers the newly discovered potentially exploitable systems in Caigutan and Dananao. This GSC has a pre-development and development contract period of 25 years with a possible extension of another 25 years. The total period from pre-development stage to the development / commercial stage shall not exceed 50 years. The exploration period of this GSC shall be valid for seven years.

With the newly discovered potential systems and newly awarded GSC, APEC and its partners intend to continue exploration activities through further 3G surveys and eventually start exploratory and appraisal drilling. To date, KGP has been engaging with communities within the contract area.

KGP has maintained full engagement with the host LGUs and Communities. As at February 27, 2026, the consent of nine (9) out of eleven (11) ancestral domains has been secured covering 85% of the GSC area. In addition, all of the Community Development (CD) Projects have been fully completed and turned over to the respective community beneficiaries.

KGP continues to provide scholarship grants and educational assistance to deserving youths from the eight (8) ancestral domains within its contract area. As at school year 2024-2025, KGP has already extended scholarships to 469 grantees and has produced 386 graduates in various courses, which includes 66 licensed professionals, scholarship accounts for 31% of CD Projects Expenditures. Five (5) scholar graduates in engineering and geology have been hired for the Project.

KGP involves the development of steam fields that can generate around 120 megawatts (MW) of new capacity, providing an additional source of clean, indigenous and reliable baseload power to the Luzon grid. A 120 MW geothermal project will approximately cost more than US\$300.0 million.

On January 15, 2020 and March 2, 2018, APEC contributed US\$2.1 million (₱106.5 million) and US\$1.0 million (₱51.2 million), respectively, to AKHI equivalent to the 5% share of the appraisal drilling budget which includes construction of general facilities, roads, and pads, rig mobilization and demobilization, well drilling, testing, resource feasibility study, other exploration capital (salaries and wages) and corporate social responsibility.

On February 9, 2026, the DOE approved the application for the conversion of the SWKGPP GSC to the new renewable energy contract format with Certificate of Authority (COA). The COA shall remain valid for a period not exceeding three years, or up to Feb 8, 2029. The GSC exploration timeline was placed on hold during the three-year validity of the COA. Accordingly, upon the expiration of the COA, the GSC will have approximately 4.41 years of remaining exploration period, or until July 8, 2033.

APEC continues to undertake surface exploration activities in the Pasil–Caigutan section within its KGP contract area. Planned activities for 2026 include drone reconnaissance surveys, geochemical sampling, geophysical surveys, and structural studies. The technical team is also updating its conceptual geological models to assess potential drilling targets. Discussions covering adjacent areas in Tinglayan Municipality (Dananao) are ongoing in connection with planned exploration activities.

APC Energy

APC Energy was established to engage in exploration, development and utilization of renewable energy resources. APC Energy stopped its operations when its Coal Operating Contracts with the DOE in both Masbate and Isabela were terminated in 2013 and 2015, respectively.

APC Mining

APC Mining was organized to engage in mining, processing, manufacturing, buying and selling of all kinds of ores, metals and minerals. It was granted a mining permit for the exploration of chromite, copper and nickel deposits in Alubijid, Misamis Oriental. In 2013, APC Mining gave up its exploration permit because the area has low prospect for chromite, copper and nickel.

APC Cement

APC Cement was incorporated in November 1994 to engage in the manufacture of cement. As at December 31, 2025, APC Cement is still in the pre-operating stage.

PRC-Magma

PRC-Magma was established to engage in the business of exploration, development, and processing of renewable and non-renewable energy resources, including but not limited to wind power, solar power, hydropower, biofuels, biomass, and coal; exploration, mining and processing of metalliferous and non-metalliferous mineral and ore resources; trading and supply of energy and mineral resources; and generation of electric power using energy resources. In 2010, PRC-Magma was awarded a GRESC for Bontoc Mainit-Sadanga in Mountain Province and Buguias-Tinoc in Benguet and Ifugao Provinces. In 2015, the service contracts were terminated due to the delays in the implementation of the approved work program and failure to make any discovery before the end of the fifth (5th) contract year.

As at December 31, 2025, the Group is still evaluating new business opportunities for its non-operating subsidiaries.

2. Summary of Material Accounting Policy Information**Basis of Preparation and Statement of Compliance**

The accompanying consolidated financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards. This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretation from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial Reporting and Sustainability Standards Council and adopted by the SEC, including SEC pronouncements.

The material accounting policy information used in the preparation of the consolidated financial statements have been consistently applied to all the years presented, unless otherwise stated.

Measurement Bases

The consolidated financial statements are presented in Philippine Peso (Peso), which is the Group's functional currency. All values represent absolute amounts, unless otherwise indicated.

The consolidated financial statements of the Group have been prepared under the historical cost basis, except for the following accounts:

- financial assets at fair value through other comprehensive income (FVOCI) and investment properties measured at fair value; and
- retirement liability measured at present value of estimated future cash outflows.

Historical cost is generally based on the fair value of the consideration given in exchange for an asset and the fair value of consideration received in exchange for incurring a liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a nonfinancial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting date.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Further information about the assumptions made in measuring fair value is included in Notes 8, 9 and 20 to the consolidated financial statements.

Adoption of Amendments to PFRS Accounting Standards

The accounting policies adopted are consistent with those of the previous financial year. There are no amendments to PFRS Accounting Standards effective for annual periods beginning on or after January 1, 2025 that will have an impact of the Group's consolidated financial statements.

Amendments to PFRS Accounting Standards in Issue But Not Yet Effective

Relevant new and amended PFRS Accounting Standards, which are not yet effective as at December 31, 2025 and have not been applied in preparing the consolidated financial statements, are summarized below.

Effective for annual periods beginning on or after January 1, 2026:

- Amendments to PFRS 9, *Financial Instruments*, and PFRS 7, *Financial Instruments: Disclosures – Classification and Measurement of Financial Assets* – The amendment provides to clarify the requirements related to the date of recognition and derecognition of financial assets and financial liabilities, with an exception for derecognition of financial liabilities settled through cash using an electronic payment system. The amendments also clarify the requirements of assessing contractual cash flow characteristics of financial assets, with additional guidance on assessment of contingent features, and the characteristics of non-recourse loans and contractually linked instruments. The amendments also introduce additional disclosure requirements for equity instruments classified as financial asset measured at fair value through other comprehensive income (FVOCI) with contingent features. Earlier application is permitted.
- Annual Improvements to PFRS Accounting Standards Volume 11:
 - Amendments to PFRS 7, *Financial Instruments: Disclosures* – The amendments remove some obsolete references related to the gain or loss on derecognition on financial assets of an entity that has a continuing involvement and to the disclosure requirements on deferred differences between fair value and transaction price. The amendments also clarify that the illustrative guidance does not necessarily illustrate all the requirements for credit risk disclosure.
 - Amendments to PFRS 10, *Consolidated Financial Statements* – The amendments clarify that when the investor considers its de facto agent's decision-making rights and its indirect exposure, or rights, to variable returns is only an example in which judgement is required to determine whether a party is acting as a de facto agent.
 - Amendments to PAS 7, *Statement of Cash Flows* – The amendments clarify that when accounting for an investment in an associate, a joint venture or a subsidiary accounted for by use of the equity or at cost, an investor restricts its reporting in the statements of cash flows to the cash flows between itself and the investee, such as dividends and advances.

Effective for annual periods beginning on or after January 1, 2027:

- PFRS 18, *Presentation and Disclosure in Financial Statements* – This standard replaces PAS 1, *Presentation of Financial Statements*, and sets out requirements for the presentation and disclosure of information in general purpose financial statements. The standard introduces new categories and sub-totals in the statements of comprehensive income, additional disclosures on management-defined performance measures, and enhanced requirements for grouping information. Full retrospective application is required. Earlier application is permitted.
- PFRS 19, *Subsidiaries without Public Accountability: Disclosures* – This standard is a voluntary standard which permits simplified disclosure requirements for eligible subsidiaries applying PFRS. An entity is eligible to apply PFRS 19 when it does not have public accountability and its parent produces consolidated financial statements available for public use that complies with PFRS disclosure requirements. Earlier application is permitted.

Deferred effectivity -

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Investment in Associates - Sale or Contribution of Assets Between an Investor and its Associate or Joint Venture* – The amendments address a conflicting provision under the two standards. It clarifies that a gain or loss shall be recognized fully when the transaction involves a business, and partially if it involves assets that do not constitute a business. The effective date of the amendments, initially set for annual periods beginning on or after January 1, 2016, was deferred indefinitely in December 2015 but earlier application is still permitted.

Under prevailing circumstances, the adoption of the foregoing amended PFRS Accounting Standards is not expected to have any material effect on the consolidated financial statements of the Group. Additional disclosures will be included in the consolidated financial statements, as applicable.

Basis of Consolidation

The consolidated financial statements of the Group comprise the financial statements of the Parent Company and its subsidiaries. Control is achieved when the Parent Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).

When the Parent Company has less than majority of the voting or similar rights of an investee, the Parent Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangement; and
- The Parent Company's voting rights and potential voting rights.

The Parent Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the date the Parent Company gains control until the date the Parent Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Parent Company and to the non-controlling interests, even if this results in the non-controlling interest having a deficit balance.

Non-controlling interest represents the portion of net results and net assets not held by the Parent Company. These are presented in the consolidated statements of financial position within equity, apart from equity attributable to equity holders of the Parent Company and are separately disclosed in the consolidated statements of comprehensive income.

The financial statements of the subsidiaries are prepared for the same reporting period as the Parent Company. Consolidated financial statements are prepared using uniform accounting policies for similar transactions and other events in similar circumstances. Intercompany balances and transactions, including intercompany profits and losses, are eliminated.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction. If the Parent Company loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary;
- Derecognizes the carrying amount of any non-controlling interests;
- Derecognizes the cumulative translation differences recorded in equity, if any;
- Recognizes the fair value of the consideration received;
- Recognizes the fair value of any investment retained;
- Recognizes surplus or deficit in profit or loss; and
- Reclassifies the Parent Company's share of component previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Parent Company had directly disposed of the related assets or liabilities.

Financial Assets and Liabilities

Date of Recognition. Financial assets and liabilities are recognized in the consolidated statements of financial position when the Group becomes a party to those contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

Initial Recognition and Measurement. Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at fair value through profit and loss (FVPL), includes transaction cost.

Classification. The Group classifies its financial assets at initial recognition under the following categories: (a) financial assets at amortized cost, (b) financial assets at FVOCI and, (c) financial assets at FVPL. The classification of a financial asset largely depends on the Group's business model and its contractual cash flow characteristics. Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or financial liabilities at amortized cost.

As at December 31, 2025 and 2024, the Group does not have financial assets at FVOCI and financial assets and liabilities at FVPL.

Financial Assets at Amortized Cost. A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less allowance for impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized or impaired or through amortization process. Financial assets at amortized cost are included under current assets if realizability or collectability is within 12 months after the reporting period. Otherwise, these are classified as noncurrent assets.

Cash and cash equivalents, receivables and security deposits (presented under “Other noncurrent assets” account) are classified under this category.

Financial Assets Designated at FVOCI. The Group may irrevocably designate an equity instrument that is not held for trading to be measured at FVOCI.

Financial assets at FVOCI are initially measured at fair value plus transaction costs.

Dividends from equity instruments held at FVOCI are recognized in profit or loss when the right to receive payment is established, unless the dividend clearly represents a recovery of part of the cost of the investment. Foreign currency gains or losses and unrealized gains or losses from equity instruments are recognized in OCI and presented in the equity section of the consolidated statements of financial position. These fair value changes are recognized in equity and are not reclassified to profit or loss in subsequent periods. On disposal of these equity instruments, any cumulative valuation gains or losses will be reclassified to retained earnings.

Financial Liabilities at Amortized Cost. Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Group having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process.

Trade and other payables (excluding statutory payables) and advances from a related party are classified under this category.

Reclassification

The Group reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in OCI.

A financial asset that has been designated at FVOCI may no longer be reclassified to a different category.

Impairment of Financial Assets at Amortized Cost

The Group recognizes an allowance for expected credit loss (ECL) based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive. The difference is then discounted at an approximation to the asset's original effective interest rate.

For receivable, the Group has applied the simplified approach in measuring ECL. Simplified approach requires that ECL should always be based on the lifetime ECL. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For other financial assets at amortized cost, the Group applies the general approach in measuring the ECL. The ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECL that result from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Group considers reasonable and supportable information, that is available without undue cost or effort, and that is indicative of significant increases in credit risk since initial recognition.

The Group shall directly reduce the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

Derecognition of Financial Assets and Liabilities

Financial Assets. A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Group retains the right to receive cash flows from the financial asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Group has transferred its right to receive cash flows from the financial asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its right to receive cash flows from a financial asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset nor transferred control of the financial asset, the financial asset is recognized to the extent of the Group's continuing involvement in the financial asset. Continuing involvement that takes the form of a guarantee over the transferred financial asset is measured at the lower of the original carrying amount of the financial asset and the maximum amount of consideration that the Group could be required to repay.

Financial Liabilities. A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

Offsetting of Financial Assets and Liabilities

Financial assets and financial liabilities are offset and the net amount reported in the consolidated statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the consolidated statements of financial position.

Classification of Financial Instrument between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- deliver cash or another financial asset to another entity;
- exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Group; or
- satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Group does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

Value-Added Tax (VAT)

VAT represents the net amount of VAT recoverable from or payable to the tax authorities. Revenues, expenses and assets are recognized net of the amount of VAT, except:

- where the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of tax included.

The net amount of VAT recoverable from tax authorities is presented as part of “Other noncurrent assets” account in the consolidated statements of financial position.

Prepayments

Prepayments represent expenses not yet incurred but already paid. Prepayments are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to expense as these are consumed in operations or expire with the passage of time. Prepayments that are expected to be incurred no more than 12 months after the reporting date are classified as current assets. Otherwise, these are classified as noncurrent assets.

Deferred Exploration Costs

Deferred exploration costs represent the Group’s expenditures for exploration works on geothermal properties (i.e., acquisition of rights to explore, topographical, geological, geochemical and geophysical studies, exploratory drilling, trenching, sampling, and activities in relation to evaluating the technical feasibility and commercial viability of extracting a mineral resource). Expenditures for exploration work prior to and subsequent to drilling are deferred as incurred.

This account also includes APEC's 5% Farm-out participation in the KGP and SWKGP.

These shall be written-off if the results of the exploration work are determined to be not commercially viable. If the results are commercially viable, the deferred expenditures and the subsequent development cost shall be capitalized and amortized from the start of commercial operations using the units-of-production method based on estimated recoverable reserves, as this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

Investment Properties

Investment properties comprise of parcels of land held by the Group for capital appreciation and/or future development. These properties are not held to be used in production or sale in the ordinary course of business.

Investment properties are measured initially at cost, including related transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the reporting date as determined by independent appraisers. Gain or loss arising from changes in fair value of investment properties is included in profit or loss in the year in which it arises.

Investment properties are derecognized when either these have been disposed of or when the investment properties are permanently withdrawn from use and no further economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of investment properties is recognized in profit or loss in the year of retirement or disposal.

Impairment of Nonfinancial Assets

Nonfinancial assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable. The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses of continuing operations are recognized in profit or loss in those expense categories consistent with the function of the impaired asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. One or more of the following facts and circumstances indicate that the Group should test exploration and evaluation assets for impairment:

- the period for which the entity has the right to explore in the specific area has expired during the period or will expire in the near future, and is not expected to be renewed;
- substantive expenditure on further exploration for and evaluation of mineral resources in the specific area is neither budgeted nor planned;

- the exploration for and evaluation of mineral resources in the specific area have not led to the discovery of commercially viable quantities of mineral resources and the entity has decided to discontinue such activities in the specific area; and
- sufficient data exist to indicate that, although a development in the specific area is likely to proceed, the carrying amount of the exploration and evaluation asset will not be recovered in full from successful development or by sale.

If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss unless the asset is carried at revalued amount, in which case the reversal is treated as a revaluation increase. After the reversal, the depreciation and amortization charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

Capital Stock and Additional Paid-in Capital (APIC)

Capital stock is measured at the par value for all shares subscribed and issued, net of any subscription receivable. Proceeds or fair value of consideration received in excess of par value are recognized as APIC. Incremental costs, net of tax, incurred that are directly attributable to the issuance of new shares are recognized in equity as a reduction from related APIC or retained earnings.

Other Equity Reserves

Other Comprehensive Income (OCI)

OCI comprises of items of income and expenses that are not recognized in profit or loss for the year in accordance with PFRS Accounting Standards. The OCI of the Group represents cumulative remeasurement losses on retirement liability and cumulative changes in fair value of financial assets at FVOCI.

Equity Reserve

Equity reserve pertains to the difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration received as a result of change in the ownership interest of a subsidiary without loss of control.

Deficit

Deficit represents the cumulative balance of the net income or loss, net of any dividend declaration.

Treasury Stock

Own equity instruments which are reacquired (treasury shares) are recognized at cost and deducted from equity. No gain or loss is recognized in the consolidated statements of comprehensive income on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration is recognized as APIC. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them.

Earnings (Loss) Per Share Attributable to the Equity Holders of the Parent

Basic earnings (loss) per share is computed by dividing net income (loss) for the year attributable to common shareholders by the weighted average number of common stock outstanding during the year with retroactive adjustments for any stock dividends declared and stock split.

Diluted earnings (loss) per share is calculated by adjusting the weighted average number of common stock outstanding to assume conversion of all dilutive potential common stock.

Where the earnings (loss) per share effect of potential dilutive common stock would be anti-dilutive, basic and diluted earnings (loss) per share are stated at the same amount.

Revenue Recognition

The Group is organized to engage in the exploration and development of renewable energy in the Philippines. Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has not started commercial operations as at December 31, 2025.

Revenue outside the scope of PFRS 15, *Revenue from Contracts with Customers*, is recognized as follows:

Interest Income. Revenue is recognized as the interest accrues, taking into account the effective yield on the assets, net of final tax.

Dividend Income. Revenue is recognized when the Group's right to receive the payment is established.

Other Income. Income from other sources is recognized when earned.

Expense Recognition

Expenses are recognized in profit or loss when a decrease in future economic benefits related to a decrease in an asset or an increase in a liability, other than distributions to equity participants, has arisen that can be measured reliably.

General and Administrative Expenses. General and administrative expenses constitute costs of administering the business. These are expensed as incurred.

Employee Benefits

Short-term Benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employees and the obligation can be estimated reliably.

Retirement Benefit Costs. The Group has an unfunded, noncontributory defined benefit plan covering all qualified employees. The retirement liability is determined using the projected unit credit method which reflects services rendered by employees to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The Group recognizes service costs, comprising of current service costs and interest costs in profit or loss.

Current service costs pertain to the increase in the present value of a defined benefit obligation resulting from employee service in the current period.

Interest on the retirement liability is the change during the period in the retirement liability that arises from the passage of time which is determined by applying the discount rate based on government bonds to the retirement liability. Interest is calculated by applying the discount rate to the retirement liability.

Remeasurements comprising actuarial gains and losses are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

The present value of the defined benefit liability is determined by discounting the estimated future cash outflows using interest rate on government bonds that have terms to maturity approximating the terms of the related retirement liability.

Actuarial valuations are made with sufficient regularity that the amounts recognized in the consolidated financial statements do not differ materially from the amounts that would be determined at the reporting date.

Leases

The Group assesses whether the contract is, or contains, a lease. To assess whether a contract conveys the right to control the use of an identified assets for a period of time, the Group assesses whether, throughout the period of use, it has both of the following:

- a) the right to obtain substantially all of the economic benefits from the use of the identified asset; and
- b) the right to direct the use of the identified asset.

If the Group has the right to control the use of an identified asset for only a portion of the term of the contract, the contract contains a lease for that portion of the term. The Group also assesses whether a contract contains a lease for each potential separate lease component.

The Group as a Lessee. For leases with lease terms of 12 months or less (short-term leases) and leases for which the underlying asset is of low value, the Group recognizes the lease payments as an expense in profit or loss on a straight-line basis.

For leases with lease terms of 12 months or less but with an option to extend the lease, the management assesses whether there is reasonable certainty that the Group will extend the lease, by considering all relevant facts and circumstances that create an economic incentive for the lessee to extend or terminate the lease, to determine the appropriate lease term.

Income Taxes

Current Tax. Current tax is the expected tax payable on the taxable income for the year, using the tax rate enacted or substantively enacted at the reporting date.

Deferred Tax. Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences and carry forward benefits of unused tax credits from net operating loss carry-over (NOLCO) and excess of minimum corporate income taxes (MCIT) over regular corporate income tax (RCIT) to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and unused tax credits from NOLCO and excess of MCIT over RCIT can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rate and tax laws in effect at the reporting date.

Deferred tax is recognized in profit or loss, except to the extent that it relates to items directly recognized in OCI.

Deferred tax assets and liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Related Parties

A related party relationship exists when one party has the ability to control, directly, or indirectly through one or more intermediaries, or exercise significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/or among entities which are under common control with the reporting entity, or between, and/or among the reporting entity and its key management personnel, directors or its stockholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely to the legal form.

A related party transaction is a transfer of resources, services or obligation between a reporting entity and a related party.

A related party transaction is considered material if the transaction/s, either individually, or in aggregate over a 12-month period with the same related party, amounts to 10% or higher of the Group's total consolidated assets based on its latest consolidated financial statements. Details of transactions entered into by the Group with related parties are reviewed in accordance with the Group's related party transactions policy.

Segment Reporting

For management purposes, the Group is organized and managed with only one business segment as it does not have other activities other than the exploration projects for geothermal and renewable energy.

Provisions and Contingencies

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed in the notes to consolidated financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed in the notes to consolidated financial statements when an inflow of economic benefits is probable.

Events After the Reporting Date

Events after the reporting date that provide additional information about the Group's consolidated financial position at the end of reporting year (adjusting events) are reflected in the consolidated financial statements. Events after the reporting date that are not adjusting events are disclosed in the notes to consolidated financial statements when material.

3. Significant Judgment, Accounting Estimates and Assumption

The preparation of the Group's consolidated financial statements in accordance with PFRS Accounting Standards requires management to make judgment, accounting estimates and assumptions that affect the application of accounting policies and the amounts of assets, liabilities, income and expenses reported in the consolidated financial statements at the reporting date. The judgment and accounting estimates and assumptions used in the consolidated financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of the consolidated financial statements. While the Group believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates. Such estimates will be adjusted accordingly when the results become determinable.

Judgment, accounting estimates and assumptions are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Judgment

In the process of applying the Group's accounting policies, management has made the following judgment, apart from those involving estimations, which has the most significant effect on the amounts recognized in the consolidated financial statements:

Assessing the Recoverability of Deferred Exploration Costs. The Group recognizes all project-related costs as part of deferred exploration costs. An impairment review is performed when there are indicators that the carrying amount of the deferred exploration costs may exceed its recoverable amount. The deferred exploration costs are reassessed on a regular basis and the factors that the Group considers important which may result in an impairment review, include the following:

- the period for which the entity has the right to explore in the specific area has expired during the period or will expire in the near future, and is not expected to be renewed;
- substantive expenditure on further exploration for and evaluation of mineral resources in the specific area is neither budgeted nor planned;
- the exploration for and evaluation of mineral resources in the specific area have not led to the discovery of commercially viable quantities of mineral resources and the entity has not decided to discontinue such activities in the specific area; and
- sufficient data exist to indicate that, although a development in the specific area is likely to proceed, the carrying amount of the exploration and evaluation asset will not be recovered in full from successful development or by sale.

As at December 31, 2025 and 2024, management has assessed that there are no indicators that the deferred exploration costs relating to the KGP and SWKGP may be impaired. Deferred exploration costs relating to mining rights and other exploration costs of the Group, however, were fully provided with allowance for impairment loss. No impairment loss was recognized in 2025, 2024 and 2023 as discussed in Note 7 to the consolidated financial statements.

Assessing the Impairment of Other Nonfinancial Assets (Excluding Deferred Exploration Cost). The Group assesses impairment on its nonfinancial assets whenever events or changes in circumstances indicate that the carrying amount of these assets may not be recoverable. The factors that the Group considers important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- significant negative industry or economic trends.

Management has assessed that there are no indications of impairment on the other nonfinancial assets in 2025, 2024 and 2023, except for input VAT, as discussed in Note 10 to the consolidated financial statements.

The carrying amounts of these nonfinancial assets are disclosed in Notes 8 and 10 to the consolidated financial statements.

Determining Control over Subsidiaries. The Parent Company determines that it has control over its subsidiaries by considering, among others, its power over the investee, exposure or rights to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns. The following factors are also considered:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual agreements
- The Group's voting rights and potential voting rights

Management has assessed that it has control over its subsidiaries as at December 31, 2025 and 2024.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the financial reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting year are discussed below.

Assessing the ECL on Receivables. The Group estimates ECL on receivables using a provision matrix which considers the Group's historical credit loss experience adjusted for forward-looking factors, as appropriate.

The amounts and timing of recorded expenses for any period would differ if different estimates and assumptions were made or different estimates were utilized. An increase in the allowance for ECL would increase the recognized expense and decrease current assets.

Provision for ECL in 2024 and the carrying amounts of the Group's receivables as at December 31, 2025 and 2024 are disclosed in Note 6 to the consolidated financial statements.

Assessing the ECL on Other Financial Assets at Amortized Cost. The Group applies the general approach in measuring the ECL for its other financial assets. The Group assessed that cash and cash equivalents are deposited with reputable counterparty banks that possess good credit ratings. For security deposits, the Group considered the financial capacity of the debtors to refund the deposits once the agreements are terminated.

The Group assesses that a financial asset is considered credit impaired when one or more events that have a detrimental effect on the estimated future cash flows of the asset have occurred, such as significant financial difficulty of the borrower.

The carrying amounts of the Group's other financial assets at amortized cost as at December 31, 2025 and 2024 are disclosed in Notes 5 and 10 to the consolidated financial statements.

Determining the Fair Value of Investment Properties. The Group engaged an independent appraiser to determine the fair value of investment properties. The fair value of investment properties was based on an independent appraiser's report dated January 4, 2021 applying the market data approach. Management evaluated that the fair value of investment properties determined on appraisal date approximates the fair value as at the reporting date since there were no significant changes in the condition of the properties and economic environment between those dates. In market data approach, the value of the land is based on sales and listings of comparable properties registered within the vicinity. The technique of this approach requires the adjustments of comparable property by reducing reasonable comparative sales and listings to a common denominator. This is done by adjusting the differences between the subject property and those actual sales and listings regarded as comparable. The properties used as basis of comparison are situated within the immediate vicinity of the subject property. The comparison was premised on the factors of location, size and shape of the lot, time element and others.

Further information about the assumptions made in measuring the fair value of the investment properties are discussed in Notes 8 and 20 to the consolidated financial statements.

Assessing the Realizability of Deferred Tax Assets. The carrying amount of deferred tax assets at each reporting date is reviewed and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized within the period allowed by the tax regulations. The Group's assessment on the recognition of deferred tax assets on deductible temporary differences is based on the forecasted taxable income of the subsequent reporting periods. This forecast is based on the Group's past results and future expectations on revenue and expenses.

The Group did not recognize deferred tax assets as discussed in Note 16 to the consolidated financial statements. The Group has assessed that it is not probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized.

4. Segment Information

As discussed in Note 1, the Group is engaged in geothermal and renewable energy, mining and exploration activities. Management assessed that the Group is just considered as one business segment as it does not have other activities other than the exploration projects. The classification of business segment for which discrete financial information is available is regularly reviewed by the Management Committee, which makes decisions and assessment of its performance.

5. Cash and Cash Equivalents

This account consists of:

	2025	2024
Cash on hand and in banks	₱2,857,251	₱2,901,084
Short-term investments	14,789,893	20,887,573
	₱17,647,144	₱23,788,657

Cash in banks earn interest at the prevailing bank deposit rates. Short-term investments are made for varying periods depending on the immediate cash requirements of the Group and earn interest at the respective short-term investment rates.

Interest income earned from cash in banks and short-term investments amounted to ₱0.7 million, ₱0.8 million and ₱0.5 million in 2025, 2024 and 2023, respectively.

6. Receivables

This account consists of:

	2025	2024
Nontrade receivables	₱343,443	₱1,028,689
Advances to officers and employees	29,821	16,667
Others	217,537	380,883
	590,801	1,426,239
Allowance for ECL	(16,950)	(16,950)
	₱573,851	₱1,409,289

The above receivables are noninterest-bearing and are normally settled within a 30-day term. Others mainly pertain to receivables from project partners related to man-hour tracking services.

Provision for ECL amounting to ₱16,950 was recognized in 2024 (see Note 15).

7. Deferred Exploration Costs

As at December 31, 2025 and 2024, this account consists of:

Cost:	
KGP and SWKGP	₱218,054,455
Mining rights	48,254,908
Other exploration costs	63,664,924
	<u>329,974,287</u>
Allowance for impairment losses	(111,919,832)
Carrying amount	<u>₱218,054,455</u>

Deferred exploration costs relate to the Group's geothermal projects. The ability of the Group to recover its deferred exploration costs would depend on the success of exploration activities and on the commercial viability of the reserves (see Note 1).

On January 15, 2020 and March 2, 2018, APEC contributed US\$2.1 million (₱106.5 million) and US\$1.0 million (₱51.2 million), respectively, to AKHI equivalent to the 5% share of the appraisal drilling budget. There were no cash calls made in 2025, 2024 and 2023 (see Note 1). As at December 31, 2025 and 2024, total cash contributed amounted to ₱157.7 million.

Cost includes costs directly incurred by the Group for the exploration, stakeholder engagements, permitting and licensing and other activities in KGP and SWKGP amounting to ₱60.4 million as at December 31, 2025 and 2024.

As at December 31, 2025 and 2024, deferred exploration costs relating to mining rights and other exploration costs of the other projects of the Group were fully provided with allowance for impairment losses.

No impairment loss on deferred exploration costs was recognized in 2025, 2024 and 2023.

8. Investment Properties

Investment properties amounting to ₱9.2 million as at December 31, 2025 and 2024 pertain to parcels of land which are being held by the Group for capital appreciation.

No income was earned for the investment properties in 2025, 2024 and 2023. Real property tax paid amounted to ₱6,518, ₱6,518 and ₱7,259 in 2025, 2024 and 2023, respectively.

The fair value of the investment properties was determined by an independent appraiser. The appraiser is an industry specialist in valuing these types of investment properties. Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of investment properties are determined using the market data approach by gathering available market evidences.

The latest independent appraiser's report is dated January 4, 2021. The Group has assessed that the fair value of the investment properties as at reporting date did not materially differ from the last valuation performed.

Fair value hierarchy disclosures for investment properties are provided in Note 20 to the consolidated financial statements.

Description of valuation techniques used and key inputs to valuation on investment properties are as follows:

A. Highest and Best Use

Based on analysis of prevailing land usage in the neighborhood and the property itself, the existing development would represent the highest and best use of the property.

Highest and Best Use is defined as the most profitable likely use to which a property can be put. The opinion of such use may be based on the highest and most profitable continuous use to which the property is adapted and needed or that use of land which may reasonably be expected to produce the greatest net return to land over a given period of time. Alternatively, it is that use, from among reasonably probable and legal alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in highest land value.

B. Market Data Approach

The value of the land was arrived at using the Market Data Approach. In this approach, the value of the land was based on sales and listings of comparable properties registered within the vicinity. The technique of this approach requires the adjustments of comparable properties by reducing reasonable comparative sales and listings to a common denominator. This was done by adjusting the differences between the subject property and those actual sales and listings regarded as comparable. The properties used as bases of comparison are situated within the immediate vicinity of the subject property. The comparison was premised on the factors of locations, size and shape of the lot, time element and others.

9. Financial Assets at Fair Value Through Other Comprehensive Income

On May 9, 2024, the Parent Company sold its 6,359,000 shares in Premium Leisure Corp. for ₱5.4 million or ₱0.85 a share. Cumulative changes in fair value was reclassified from OCI to deficit.

Movements of financial assets at FVOCI as at December 31 are as follows:

	2025	2024	2023
Balance at beginning of year	₱—	₱4,006,170	₱3,020,525
Unrealized gain	—	1,398,980	985,645
Sale	—	(5,405,150)	—
Balance at end of year	₱—	₱—	₱4,006,170

The table below presents the cumulative changes in fair value of financial assets at FVOCI attributable to the shareholders of the Parent Company (presented in the equity section of the consolidated statements of financial position):

	2025	2024	2023
Balance at beginning of year	₱—	₱3,158,169	₱2,172,524
Change in fair value	—	1,398,980	985,645
Reclassification to deficit	—	(4,557,149)	—
Balance at end of year	₱—	₱—	₱3,158,169

The Group received dividend income from PLC amounting to ₱0.3 million in 2023.

10. Other Noncurrent Assets

This account consists of:

	Note	2025	2024
Input VAT		₱10,519,639	₱10,369,556
Security deposits		23,822	23,822
		10,543,461	10,393,378
Allowance for impairment loss	15	(1,606,593)	—
		₱8,936,868	₱10,393,378

In 2025, provision for impairment loss on input VAT was recognized amounting to ₱1.6 million (see Note 15).

Office and Other Equipment

Fully depreciated office and other equipment with a total cost of ₱0.1 million as at December 31, 2025 and 2024, are still being used in the operations.

11. Trade and Other Payables

This account consists of:

	2025	2024
Trade	₱3,227,265	₱3,264,863
Nontrade	24,292,160	25,056,292
Accrued expenses	722,388	2,638,555
Statutory payables	15,588	31,089
Others	5,636	5,655
	₱28,263,037	₱30,996,454

Trade payables are noninterest-bearing and are normally settled on a 30-day term.

Nontrade payables are noninterest-bearing and are due and demandable.

Accrued expenses mainly pertain to payable to utility and other service providers which are normally settled within the next financial year.

Statutory payables include withholding taxes payable and payables to various government agencies which are normally settled within the following month.

12. Equity

- a. Details of authorized, issued and outstanding capital stock as at December 31, 2025 and 2024 follows:

	Number of Shares	Amount
Authorized:		
Common stock - ₱0.01 par value	14,000,000,000	₱140,000,000
Preferred stock - ₱0.01 par value	6,000,000,000	60,000,000
	20,000,000,000	₱200,000,000
Common stock:		
Issued	5,998,149,059	₱59,981,491
Subscribed	1,513,660,938	15,136,609
	7,511,809,997	75,118,100
Subscriptions receivable	–	(11,237,312)
	7,511,809,997	63,880,788
Treasury stock	(7,606,000)	(29,435,220)
Outstanding stock	7,504,203,997	₱34,445,568

- b. The cumulative convertible preferred shares are redeemable and may be issued from time to time by the Parent Company's BOD, which is authorized to adopt resolutions authorizing the issuance thereof in one or more series for such number of shares and relative rights and preferences, as it may deem beneficial to the Parent Company. The Parent Company's BOD has not authorized any issuance of preferred shares.
- c. The following summarizes the information on the Parent Company's registration of securities under the Securities Regulation Code:

Date of SEC Approval	Type of Issuance	Authorized Shares	Issue / Offer Price
January 7, 1994	Initial public offering	80,000,000,000	₱0.01
July 9, 1996	Additional public offering	100,000,000,000	0.01
July 12, 1996	Stock option	5,300,000,000	0.01
October 16, 1996	Additional subscription	1,814,700,000,000	0.01
April 30, 1997	Increase of par value	(1,980,000,000,000)	1.00
February 20, 2020	Decrease in par value	–	0.01
		20,000,000,000	

The total number of shareholders is 588 as at December 31, 2025 and 2024.

- d. Additional paid-in capital as at December 31, 2025 and 2024 consists of the following:

	Amount
Subscription in excess of par value	₱1,256,789,894
Less subscriptions receivable	1,112,493,936
	<u>₱144,295,958</u>

- e. Pursuant to the PSE's rules on minimum public ownership, at least 20% of the issued and outstanding shares of a listed company must be owned and held by the public. As at December 31, 2025 and 2024, public ownership over the Parent Company is 51.11%.

13. Related Party Transactions

The Group, in its regular conduct of business, has transactions and balances with a related party. Transactions between members of the Group and the related balances are eliminated at consolidation and are no longer included in the consolidated financial statements.

The following table summarizes the outstanding balance arising from these transactions.

Nature of Transaction	Amount of Transactions			Outstanding balance	
	2025	2024	2023	2025	2024
Advances from a related party - Stockholder					
Advances	₱—	₱—	₱—	₱79,406,947	₱79,406,947
Share in expenses	—	—	—	571,684	571,684
				<u>₱79,978,631</u>	<u>₱79,978,631</u>

Terms and Conditions of Transactions with Related Parties

Outstanding balances of transactions with a related party are noninterest-bearing, unsecured, payable on demand and normally settled in cash.

Compensation of Key Management Personnel

Compensation of key management personnel presented as part of "Salaries and employee benefits" under "General and administrative expenses" account in the consolidated statements of comprehensive income for the years ended December 31, 2025, 2024 and 2023 consist of the following:

	2025	2024	2023
Salaries and short-term employee benefits	<u>₱1,260,000</u>	₱1,289,906	₱1,340,000
Retirement costs	—	—	144,601
	<u>₱1,260,000</u>	<u>₱1,289,906</u>	<u>₱1,484,601</u>

14. Retirement Benefits

The Group has an unfunded, noncontributory, defined benefit retirement plan covering all of its qualified employees. The plan provides for a lump sum benefit payment upon retirement.

The latest valuation of retirement plan was performed by an independent actuary for the year ended December 31, 2025.

The components of retirement costs recognized under “General and administrative expenses” account in the consolidated statements of comprehensive income are as follows (see Note 15):

	2025	2024	2023
Current service cost	₱43,791	₱294,586	₱283,885
Interest cost	61,002	257,432	224,538
	₱104,793	₱552,018	₱508,423

Changes in present value of retirement liability are as follows:

	2025	2024
Balance at beginning of year	₱1,011,648	₱3,948,342
Current service cost	43,791	294,586
Interest cost	61,002	257,432
Remeasurement loss (gain) recognized in OCI:		
Experience adjustments	15,660	(1,569,535)
Changes in financial assumptions	13,348	98,297
Benefits paid	—	(2,017,474)
Balance at end of year	₱1,145,449	₱1,011,648

The cumulative remeasurement gains (losses) recognized in OCI as at December 31 are as follows:

	2025		
	Cumulative Remeasurement Gains	Deferred Income Tax (see Note 16)	Net
Balance at beginning of year	₱1,260,803	(₱315,201)	₱945,602
Remeasurement loss	(29,008)	7,252	(21,756)
Balance at end of year	₱1,231,795	(₱307,949)	₱923,846

	2024		
	Cumulative Remeasurement Gains (Losses)	Deferred Income Tax (see Note 16)	Net
Balance at beginning of year	(₱210,435)	₱—	(₱210,435)
Remeasurement gain	1,471,238	(315,201)	1,156,037
Balance at end of year	₱1,260,803	(₱315,201)	₱945,602

The principal assumptions used to determine retirement obligations for the Group’s plan are shown below:

	2025	2024
Discount rate	5.83%	6.03%
Future salary increase rate	5.00%	5.00%

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit obligation as at December 31, 2025 assuming all other assumptions were held constant:

	Increase (Decrease)	Increase (Decrease) in Accrued Retirement Cost	
		2025	2024
Discount rate	1.00%	(P64,965)	(P66,189)
	(1.00%)	69,545	71,516
Future salary increase rate	1.00%	69,430	71,537
	(1.00%)	(66,069)	(67,431)

The following are other defined benefit plan information:

	2025	2024
A. Weighted average duration of present value of defined benefit obligation	5.9 years	6.8 years
B. Maturity analysis of undiscounted retirement benefit payments		
Within one year	P—	P—
More than one year up to 10 years	2,024,917	1,996,908
C. Plan membership information		
Number of active plan members	1	1
Average attained age	53.8 years	52.8 years
Average past service	25.5 years	24.5 years
Average future service	6.2 years	7.2 years

15. General and Administrative Expenses

This account consists of:

	Note	2025	2024	2023
Provision for impairment loss on input VAT	10	P1,606,593	P—	P—
Salaries and employee benefits		1,272,332	P2,198,084	P1,539,707
Transportation and travel		1,189,728	1,085,581	1,094,377
Professional fees		1,052,424	1,019,300	3,957,501
Entertainment, amusement and recreation		522,234	523,081	521,426
Taxes and licenses		337,545	389,786	324,551
Outside services		213,845	151,552	154,446
Dues and subscriptions		130,272	135,433	114,176
Retirement costs	14	104,793	552,018	508,423
Rental		53,571	53,571	53,571
Insurance		6,190	6,174	12,918
Provision for ECL on receivables	6	—	16,950	—
Others		122,878	231,588	155,811
		P6,612,405	P6,363,118	P8,436,907

16. Income Tax

The Group's provision for current income tax amounting to ₱2,207, ₱3,580 and ₱192,259 pertains to MCIT in 2025, 2024 and 2023, respectively.

No deferred income tax assets were recognized for the following deductible temporary differences and carryforward benefits of NOLCO because management has assessed that it is not probable that there will be sufficient future taxable profit against which the deferred tax assets can be utilized.

The components of the Group's unrecognized deferred tax assets and deferred tax liability are as follows:

	2025	2024	2023
Allowance for impairment of deferred exploration costs and mining rights	₱111,919,832	₱111,919,832	₱111,919,832
NOLCO	19,125,419	21,860,386	14,750,838
Accrued retirement costs	2,377,244	2,272,451	3,737,907
Excess MCIT over RCIT	198,046	195,839	192,259
Allowance for ECL	16,950	16,950	—
	₱133,637,491	₱136,265,458	₱130,600,836
Unrecognized deferred tax assets	₱27,917,458	₱28,570,904	₱27,163,402
Cumulative remeasurement gain recognized in OCI	₱1,231,795	₱1,260,803	₱—
Deferred tax liability <i>Through OCI</i>	₱307,949	₱315,201	₱—

As at December 31, 2025, the Group's unutilized NOLCO which can be carried forward and claimed as deduction against future regular taxable income are as follows:

Year Incurred	Balance at Beginning of Year	Incurred	Expired	Balance at End of Year	Valid Until
2025	₱—	₱4,268,421	₱—	₱4,268,421	2028
2024	7,109,548	—	—	7,109,548	2027
2023	546,748	—	—	546,748	2026
2022	5,736,956	—	(5,736,956)	—	2025
2021	7,200,702	—	—	7,200,702	2026
2020	1,266,432	—	(1,266,432)	—	2025
	₱21,860,386	₱4,268,421	(₱7,003,388)	₱19,125,419	

On September 30, 2020, the Bureau of Internal Revenue (BIR) issued Revenue Regulations No. 25-2020 implementing Section 4(b) of "Bayanihan to Recover As One Act" which states that the NOLCO incurred for taxable years 2020 and 2021 can be carried over and claimed as a deduction from gross income for the next five (5) consecutive taxable years immediately following the year of such loss.

Details of excess MCIT over RCIT are as follows:

Year Incurred	Balance at Beginning of Year	Incurred	Applied/Expired	Balance at End of Year	Valid Until
2025	P–	P2,207	P–	P2,207	2028
2024	3,580	–	–	3,580	2027
2023	192,259	–	–	192,259	2026
	P195,839	P2,207	P–	P198,046	

The reconciliation of provision for (benefit from) income tax computed at the statutory income tax rate to the provision for income tax shown in the consolidated statements of comprehensive income is as follows:

	2025	2024	2023
Provision for (benefit from) income tax computed at the statutory income tax rates	(P1,388,338)	(P1,358,959)	P1,260,866
Changes in unrecognized deferred tax assets	(653,446)	1,407,502	(987,438)
Tax effects of:			
Expired NOLCO	1,737,622	–	–
Nondeductible expenses	482,512	157,755	130,356
Interest income subjected to final tax	(176,143)	(202,718)	(131,656)
Dividend income exempt from income tax	–	–	(79,869)
Provision for income tax computed at the effective income tax rates	P2,207	P3,580	P192,259

Under the Corporate Recovery and Tax Incentives for Enterprises (CREATE) law, domestic corporations shall be subjected to 25% or 20% RCIT depending on the amount of total assets or total amount of taxable income. In addition, MCIT shall be computed at 1% of gross income for a period of three (3) years. The changes in the income tax rates became effective beginning July 1, 2020. Starting July 1, 2023, MCIT shall be computed at 2% of gross income.

Accordingly, the income tax rates used in preparing the consolidated financial statements as at and for the years ended December 31, 2025 and 2024 are as follows:

	2025	2024
RCIT	25% / 20%	25% / 20%
MCIT	2%	2%

17. Other Income

In 2023, the Group recognized other income amounting to P12.5 million arising from the settlement of a long-outstanding claim against the Government Service Insurance System (GSIS) which acts as a surety to a supply agreement with a previous customer.

18. Basic / Diluted Earnings (Loss) Per Common Share

The calculation of earnings (loss) per share for the years ended December 31 is as follows:

	2025	2024	2023
Net Income (loss) attributable to equity holders of the Parent Company (a)	(P5,592,568)	(P5,355,291)	P5,060,920
Number of common shares	7,511,809,997	7,511,809,997	7,511,809,997
Treasury shares	(7,606,000)	(7,606,000)	(7,606,000)
Weighted average number of common shares (b)	7,504,203,997	7,504,203,997	7,504,203,997
Basic / diluted earnings (loss) per share (a/b)	(P0.000745)	(P0.000714)	P0.000674

There were no dilutive potential common shares for purposes of calculation of earnings (loss) per share in 2025, 2024 and 2023.

19. Financial Risk Management Objectives and Policies**General**

The Group has risk management policies that systematically view the risks that could prevent the Group from achieving its objectives. These policies are intended to manage risks identified in such a way that opportunities to deliver the Group's objectives are achieved. The Group's risk management takes place in the context of day-to-day operations and normal business processes such as strategic planning and business planning. It is also established to identify and manage the Group's exposure to financial risks, to set appropriate transaction limits and controls, and to monitor and assess risks and compliance to internal control policies.

Management has identified each risk and is responsible for coordinating and continuously improving risk strategies, processes and measures in accordance with the established business objectives. The BOD has overall responsibility for the establishment and oversight of the Group's risk management framework. Risk management policies and structure are reviewed regularly to reflect changes in market conditions and the activities of the Group.

The Group's principal financial instruments comprise of cash and cash equivalents, receivables, security deposits, trade and other payables (excluding statutory payables), and advances from a related party.

The main risks arising from the Group's financial instruments are credit risk, liquidity risk and interest rate risk. The BOD reviews and approves policies for managing these risks. These are summarized below.

Credit Risk

Credit risk is the risk that the obligations to the Group will not be repaid on time and in full as contracted, resulting in a financial loss. It is inherent to the business as potential losses may arise due to the failure of its counterparties to fulfill their obligations on maturity dates or due to adverse market conditions.

Generally, the credit risk of the Group is attributable to financial assets at amortized cost. The Group maintains credit policies and continuously monitors defaults of counter parties, identified either individually or by group, and incorporates this information into its credit risk controls. Managing credit risk has both qualitative and quantitative aspects. Credit officers must evaluate the credit quality of the counterparties and assign internal credit ratings upon this evaluation.

The Group defines credit exposure as all transactions where losses might occur due to the fact that counterparties may not fulfill their contractual payment obligations based on original contractual terms. The Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amounts of these financial assets. Credit risk from cash in banks is mitigated by transacting only with reputable banks duly approved by management.

Credit Quality of Financial Assets. The credit quality of financial assets is managed by the Group using internal credit ratings such as high grade, standard grade, past due but not impaired and credit impaired.

High Grade - pertains to deposits or placements to counterparties with good credit rating or bank standing. For receivables, this covers accounts of good paying counterparties, with good credit standing and are not expected by the Group to default in settling its obligations, thus credit risk exposure is minimal.

Standard Grade - other financial assets not belonging to high quality financial assets are included in this credit rating.

Past due but not impaired - pertains to financial assets where contractual payments are past due but the Group believes that impairment is not appropriate based on the probability of collection of amounts owed to the Group.

Credit impaired - pertains to financial assets for which the Group determines that it is probable that it will not be able to collect the amount due based on the contractual terms and agreements.

The tables below summarize the analysis of the Group's financial assets as at December 31:

	2025				
	Neither Past Due nor Impaired High Grade	Standard Grade	Past due but not Impaired	Credit Impaired	Total
12-month ECL:					
Cash and cash equivalents*	₱17,617,310	₱—	₱—	₱—	₱17,617,310
Security deposits**	23,822	—	—	—	23,822
Simplified approach - Receivables	—	—	573,851	16,950	590,801
	₱17,641,132	₱—	₱573,851	₱16,950	₱18,231,933

*Excluding cash on hand.

**Presented under "Other noncurrent assets" account.

	2024				
	Neither Past Due nor Impaired High Grade	Standard Grade	Past due but not Impaired	Credit Impaired	Total
12-month ECL:					
Cash and cash equivalents*	₱23,738,657	₱—	₱—	₱—	₱23,738,657
Security deposits**	23,822	—	—	—	23,822
Simplified approach - Receivables	—	233,434	1,175,855	16,950	1,426,239
	₱23,762,479	₱233,434	₱1,175,855	₱16,950	₱25,188,718

*Excluding cash on hand.

**Presented under "Other noncurrent assets" account.

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's objectives to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking adverse effect to the Group's credit standing.

The Group seeks to manage its liquid funds through cash planning on a weekly basis. As part of its liquidity risk management, the Group regularly evaluates its projected and actual cash flows. It also continuously assesses conditions in the financial markets for opportunities to pursue fund raising activities.

The table below summarizes the maturity profile of the Group's financial liabilities as at December 31 based on contractual undiscounted payments:

2025					
	On demand	Less than 3 months	3 to 12 months	Over 1 year	Total
Trade and other payables*	₱24,292,160	₱3,955,289	₱—	₱—	₱28,247,449
Advances from a related party	79,978,631	—	—	—	79,978,631
	₱104,270,791	₱3,955,289	₱—	₱—	₱108,226,080

*Excluding statutory payables.

2024					
	On demand	Less than 3 months	3 to 12 months	Over 1 year	Total
Trade and other payables*	₱25,056,292	₱5,909,073	₱—	₱—	₱30,965,365
Advances from a related party	79,978,631	—	—	—	79,978,631
	₱105,034,923	₱5,909,073	₱—	₱—	₱110,943,996

*Excluding statutory payables.

20. Fair Value Measurements

The following table provides the fair value hierarchy of assets and liabilities with carrying amounts which approximate its fair value or measured at fair value:

2025				
	Valuation Date	Total	Level 1	Level 2
Assets measured at fair value –				
Investment properties	December 31, 2020	₱9,156,000	₱—	₱9,156,000

2024				
	Valuation Date	Total	Level 1	Level 2
Assets measured at fair value –				
Investment properties	December 31, 2020	₱9,156,000	₱—	₱9,156,000

Cash and Cash Equivalents, Receivables, Trade and Other Payables (Excluding Statutory Payables), and Advances from a Related Party. Due to the short-term nature of the transactions, the carrying values approximate the fair values at reporting dates.

Security Deposits. The carrying value of security deposits does not materially differ from the fair value as at December 31, 2025 and 2024.

Investment Properties. The fair values of the investment properties were based on valuations performed by accredited independent appraisers, as discussed in Note 8.

There were no transfers between Level 1 and Level 2 fair value measurements and no transfers into and out of Level 3 fair value measurements during the year ended December 31, 2025 and 2024.

21. Capital Management

The primary objective of the Group's capital management is to ensure that it maintains strong credit rating and stable capital ratios in order to support its business and maximize shareholders' value. The Group manages its capital structure and makes adjustments to it, based on the changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to externally-imposed capital requirements.

The Group considers the equity attributable to the equity holders of the Parent Company as presented in the consolidated statements of financial position as its core capital. As at December 31, 2025 and 2024, the Group was able to meet its capital management objectives. No changes were made in the objectives, policies or processes in 2025, 2024 and 2023.

**REPORT OF INDEPENDENT AUDITORS
ON SUPPLEMENTARY SCHEDULES FOR FILING WITH THE
SECURITIES AND EXCHANGE COMMISSION**

The Stockholders and the Board of Directors
APC Group, Inc. and Subsidiaries
G/F MyTown New York Bldg.
General E. Jacinto St., cor. Capas St.
Brgy. Guadalupe Nuevo, Makati City

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of APC Group, Inc. and Subsidiaries (the Group) as at December 31, 2025 and 2024 and for the years ended December 31, 2025, 2024 and 2023 and have issued our report thereon dated February 27, 2026. Our audits were made for the purpose of forming an opinion on the consolidated financial statements taken as a whole.

The following supplementary schedules are the responsibility of the Group's management. These are presented for purposes of complying with the Revised Securities Regulation Code Rule 68 Part II, and are not part of the basic consolidated financial statements:

- Reconciliation of Retained Earnings Available for Dividend Declaration of the Parent Company as at December 31, 2025;
- Schedules required by Annex 68-J as at December 31, 2025;
- Conglomerate Map as at December 31, 2025; and
- Schedule of Financial Soundness Indicators as at and for the years ended December 31, 2025 and 2024.

The supplementary schedules have been subjected to the audit procedures applied in the audit of the basic consolidated financial statements and, in our opinion, fairly state, in all material respects, the financial data required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.

The financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRS) Accounting Standards and may not be comparable to similarly titled measures presented by other companies. The components of these financial soundness indicators have been traced to the Group's consolidated financial statements as at December 31, 2025 and 2024.

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
Primary business operations and supply chain caused by the organization	Employees, investors/shareholders, suppliers and business partners, government	Despite being in a pre-operating state, APC acknowledges the importance of sustainability to its businesses. It aims to create a direct economic impact through the economic value it will eventually distribute to its stakeholders in its primary business operations and supply chain. To be able to uphold its sustainable programs, the Group, through its parent company, Belle Corporation ("Belle"), has adopted a global standard guiding principle aligned to the United Nations Global Compact to ensure proper implementation of current practices and to seek for further enhancements. Led by our Management, the Company pursues to touch base with stakeholders in order to protect and advance their interests. In solidarity with Belle and other co-subsidiaries, and as part of the SM Group, the Company anchored its sustainable

		development strategy to the seventeen (17) Sustainable Development Goals of the United Nations. This approach intends to have a strategic and focused portfolio of businesses that delivers stable and reliable economic returns, which take into consideration social development and environmental protection.
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Credit, liquidity and equity price risks; environmental risks that could hamper the exploration works, and endanger its employees</i>	<i>Subsidiaries; employees; business partners; suppliers; host communities</i>	The Board reviews and approves while the Management implements policies that protect the interests of the Company, its subsidiaries and other stakeholders. Programs and policies on safety are established, and observance of such by the employees and business partners is required. APC maintains a safe, productive and conducive workplace and comply with all applicable health, safety and environmental laws. The Company endeavors to adhere to sustainable practices that ensure the protection of the environment and seeks to deliver maximum growth with minimal and responsible consumption of natural resources. http://www.apcaragorn.net/index.php/corporate-governance/code-of-conduct-and-ethics
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Increase of APC's shareholder value for partners and investors by seeking other renewable energy developments and investment opportunities</i>	<i>Employees, host community members, suppliers/business partners, and investors/shareholders</i>	<i>To be open to partnerships or joint ventures as the Company pursues exploration works for its Kalinga project, which will provide jobs to the locals</i>

ENVIRONMENT

Resource Management

Energy consumption within the organization:

- Due to the nature of APC as primarily an investments holding company, it is not manpower intensive and is therefore able to save on general expenses such as energy consumption. Its business transactions are strategically managed through seasonal secondments of personnel from its affiliates on an as-needed basis. This arrangement has been resorted to in keeping with austerity measures adopted due to the prevailing economic conditions. These personnel seconded to the Company are not subject to Collective Bargaining Agreements.

Disclosure	Quantity	Units

What is the impact and where does it occur? What is the organization's involvement in the impact?	Management Approach
Primary business operations caused by the organization – Having an average of 25.5 years of retention among employees	APC values and gives importance to its employees by empowering them and fulfilling their career aspirations to help progress their capabilities, and to encourage loyalty, dedication, passion and productivity at work. The Company

³ Employees are individuals who are in an employment relationship with the organization, according to national law or its application ([GRI Standards 2016 Glossary](#))

⁴ Attrition are = (no. of new hires – no. of turnover)/(average of total no. of employees of previous year and total no. of employees of current year)

	<i>also believes that investing in its people and developing a diverse talent pool are critical to its success and growth. APC provides resources, services and facilities to equip its employees with the necessary knowledge and skills to better perform their duties as well as offer them various opportunities to continuously enhance their professional knowledge and skills, and to improve themselves as individuals and as members of the community.</i> <i>The Company also exerts its best efforts to maintain a climate conducive to working and provides a substantial level of job security, benefits and personal rewards for their employees. The performance evaluation system has been designed and established to provide a common and equitable basis for evaluating the performance of individual employees. It also implements policies on promotions and salary adjustments in support of APC's aim to empower and fulfill career aspirations of employees.</i>
What are the Risk/s Identified?	Management Approach
<i>Higher attrition rate which could affect the business operations and delivery of services; additional costs to be incurred due to the need to train employees</i>	<i>APC treats its employees fairly by providing them with opportunities for career development and advancement based on merit, regardless of gender, age, religion.</i> http://www.apcaragorn.net/index.php/corporate-governance/code-of-conduct-and-ethics
What are the Opportunity/ies Identified?	Management Approach
<i>To motivate talents, and to assure internal equity in pay</i>	<i>Constant exploration of human resource developments and enhancements, particularly on employment, benefits and other perquisites.</i>

Employee Training and Development

What is the impact and where does it occur? What is the organization's involvement in the impact?	Management Approach
<i>Primary business operations caused by the organization – having a pool of highly skilled team players</i>	<i>APC values and gives importance to its employees by empowering them and fulfilling their career aspirations to help progress their capabilities, and to encourage loyalty, dedication, passion and productivity at work. The Company also believes that investing in its people and developing a diverse talent pool are critical to its success and growth. APC provides resources, services and facilities to equip its employees with the necessary knowledge and skills to better perform their duties as well as offer them various opportunities to continuously enhance their professional knowledge and skills, and to improve themselves as individuals and as members of the community.</i> <i>Upon being hired, an employee undergoes induction and orientation as may be determined by the Company. Each newly hired employee is introduced to the organization and is oriented on the personnel policies, guidelines and benefits through a Corporate Orientation Program. An annual mandated Corporate Training is also done to refresh employees on Company Codes and Policies. Specific technical training and compliance to Continuing Professional Development are among Management's approach to ensure the continuous learning and development of employees.</i>

What are the Risk/s Identified?	Management Approach
<i>Higher attrition rate that may affect the business operations and delivery of services; additional costs incurred due to the training of new employees</i>	<i>APC treats its employees fairly by providing them with opportunities for career development and advancement based on merit, regardless of gender, age, religion.</i> http://www.apcaragorn.net/index.php/corporate-governance/code-of-conduct-and-ethics

What are the Opportunity/ies Identified?	Management Approach
<i>Obtaining homegrown professionals who are equipped for career advancement and succession</i>	<i>Constant exploration of human resource development and enhancements, particularly on employee training and upskilling</i>

Labor-Management Relations

Disclosure	Quantity	Units
% of employees covered with Collective Bargaining Agreements	0	%
Number of consultations conducted with employees concerning employee-related policies	0	#

What is the impact and where does it occur? What is the organization's involvement in the impact?	Management Approach
<i>Primary business operations caused by the organization and through the business relationship – effective cooperation between the management and labor workforce</i>	<i>Open communication lines among the Company's directors and management, and management and employees are maintained.</i> <i>It is also a goal and part of the mission of the Company to enhance the positive atmosphere of open communication and the maintenance of a productive work environment conducive to high performance and harmonious employer-employee relationship.</i>
What are the Risk/s Identified?	Management Approach
<i>Disagreements between management and employees leading to disruption of business operations and ultimately suspension of services</i>	<i>Code of Business Conduct and Ethics (the "CBCE") was established to serve as a guideline for employee discipline and forms the grounds for disciplinary actions.</i> <i>The CBCE was also put in place to serve as a guide for directors, management, employees and other concerned stakeholders relative to the performance of their duties and responsibilities, as well as for all business dealings with the Company.</i> http://www.apcaragorn.net/index.php/corporate-governance/code-of-conduct-and-ethics
What are the Opportunity/ies Identified?	Management Approach

<i>A clear and coherent dissemination of directions to attain the Company's goals</i>	<i>Preserved communication mechanisms and continuously innovating for improvement</i>

Compliance

Non-compliance with Laws and Regulations

APC Group, Inc. has been compliant with local laws and regulations.

Disclosure	Quantity	Units
Total amount of monetary fines for non-compliance with laws and/or regulations	0	Php
No. of non-monetary sanctions for non-compliance with laws and/or regulations	0	#
No. of cases resolved through dispute resolution mechanism	-	#

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>Full compliance with the Company's Manual on Corporate Governance, which mandates the adherence to best corporate governance practices and standards, and applicable laws, rules and regulations.</i>	<i>Employees, host community members, suppliers, business partners, investors/shareholders, and regulators</i>	<i>The Board has been identifying areas of continuing education on corporate governance topics. To keep the Board and key officers well informed of good governance practices and standards, regular annual education programs are conducted in coordination with its parent company and training providers duly accredited by the SEC, while employees and business partners are being informed of the Company's governance-related policies and practices upon onboarding and timely updates.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach

<i>Although laws and regulations are enacted for the common benefit, changes to these laws and regulations may create negative effects to the operating and financial condition of APC.</i>	<i>Employees, host community members, suppliers, business partners, investors/shareholders, and regulators</i>	<i>In order to mitigate compliance risks, the Company continues to be abreast of the latest regulatory developments and adopts what it considers conservative financial and operational controls.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>To maintain and increase stakeholders' trust and confidence to the Company, which can possibly influence potential investors and business partners, and be recognized as one of the leading companies for its compliance and good governance practices.</i>	<i>Employees, host community members, suppliers, business partners, and investors/shareholders</i>	<i>The Company continues to seek for improvements on its policies, processes, procedures on corporate governance and sustainability as it affirms its commitment to the enhancement of stakeholder value.</i>

Please refer to the Business Model, including Primary Activities, Brands, Products, and Services, under Contextual Information of this Report	SDG 1: No Poverty <i>P484,171 taxes paid in 2025</i>	<i>In spite the Company's contributions, it can only cover limited areas</i>	<i>To pay taxes that help provide sustainable and inclusive growth</i>
	SDG 8: Decent Work and Economic Growth <i>P814,130 revenues generated in 2025</i>	<i>Insufficient opportunities for vulnerable sector</i>	<i>The Company prioritizes the welfare of its employees, recognizes its top performers and provides a safe and healthy working environment. It also aspires to be an employer of choice by providing benefits, career growth, training and work-life balance, engagement programs, among others.</i> <i>APC also developed various policies to implement and ensure that overall employee and other stakeholders' welfare and interests are being valued.</i>

* None/Not Applicable is not an acceptable answer. For holding companies, the services and products of its subsidiaries may be disclosed.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR ANNUAL INCOME TAX RETURN**

The Management of **APC Group, Inc.** is responsible for all information and representations contained in the Annual Income Tax Return for the year ended December 31, 2025. Management is likewise responsible for all information and representations contained in the financial statements accompanying the Annual Income Tax Return covering the same reporting period. Furthermore, the Management is responsible for all information and representations contained in all the other tax returns filed for the reporting period, including, but not limited, to the value added tax and/or percentage tax returns, withholding tax returns, documentary stamp tax returns, and any and all other tax returns.

In this regard, the Management affirms that the attached audited financial statements for the year ended December 31, 2025 and the accompanying Annual Income Tax Return are in accordance with the books and records of **APC Group, Inc.**, complete and correct in all material respects. Management likewise affirms that:

- (a) the Annual Income Tax Return has been prepared in accordance with the provisions of the National Internal Revenue Code, as amended, and pertinent tax regulations and other issuances of the Department of Finance and the Bureau of Internal Revenue;
- (b) any disparity of figures in the submitted reports arising from the preparation of financial statements pursuant to financial accounting standards (i.e. Philippine Financial Reporting Standards, or those applicable to Non-Publicly Accountable Entities) and the preparation of the income tax return pursuant to tax accounting rules has been reported as reconciling items and maintained in the Company's books and records in accordance with the requirements of Revenue Regulations No. 8-2007 and other relevant issuances;
- (c) the Company has filed all applicable tax returns, reports and statements required to be filed under Philippine tax laws for the reporting period, and all taxes and other impositions shown thereon to be due and payable have been paid for the reporting period, except those contested in good faith.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The management of **APC Group, Inc.** (the Company) is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended **December 31, 2025 and 2024**, in accordance with the prescribed financial reporting framework indicated therein and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

Reyes Tacandong & Co., the independent auditor appointed by the stockholders for the years ended December 31, 2025 and 2024, have audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in their reports to the stockholders, have expressed their opinion on the fairness of presentation upon completion of such audit.

WILLY N. OCIER

Chairman of the Board

IAN JASON R. AGUIRRE

President and Chief Executive Officer

MARIE JOY C. REYES

INDEPENDENT AUDITORS' REPORT

The Stockholders and the Board of Directors
APC Group, Inc.
G/F MyTown New York Bldg.
General E. Jacinto St., cor. Capas St.
Brgy. Guadalupe Nuevo, Makati City

Opinion

We have audited the separate financial statements of APC Group, Inc. (the Company), which comprise the separate statements of financial position as at December 31, 2025 and 2024, and the separate statements of comprehensive income, separate statements of changes in equity and separate statements of cash flows for the years then ended, and notes to separate financial statements, including a summary of material accounting policy information.

In our opinion, the accompanying separate financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2025 and 2024, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Separate Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to the audit of the separate financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Separate Financial Statements

Management is responsible for the preparation and fair presentation of the separate financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the separate financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these separate financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audits. We also:

- Identify and assess the risks of material misstatement of the separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the separate financial statements, including the disclosures, and whether the separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audits findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

APC GROUP, INC.

NOTES TO SEPARATE FINANCIAL STATEMENTS AS AT AND FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

1. General Information

Corporate Information

APC Group, Inc. (the Company) was incorporated in the Philippines and registered with Securities and Exchange Commission (SEC) on October 15, 1993 to engage in the oil and gas exploration and development in the Philippines.

On April 30, 1997, the SEC approved the change in the primary purpose of the Company to that of a holding company. The Company's shares of stock are publicly traded in the Philippine Stock Exchange (PSE).

The Company has the following subsidiaries as at December 2025 and 2024:

Subsidiaries	Nature of Business	Percentage of Ownership		
		Direct	Indirect	Total
Aragorn Power and Energy Corporation (APEC)	Energy	97.6	–	97.6
APC Energy Resources, Inc. (APC Energy)	Mining	100.0	–	100.0
APC Mining Corporation (APC Mining)	Mining	83.3	–	83.3
APC Cement Corporation (APC Cement)	Manufacturing	100.0	–	100.0
PRC-Magma Energy Resources, Inc. (PRC-Magma)*	Energy	–	85.0	85.0

*A direct subsidiary of APEC

The registered office address of the Company is G/F MyTown New York Bldg., General E. Jacinto St., cor. Capas St., Brgy. Guadalupe Nuevo, Makati City.

Approval of Separate Financial Statements

The separate financial statements of the Company as at and for the years ended December 31, 2025 and 2024 were authorized and approved for issuance by the Board of Directors (BOD) on February 27, 2026, as reviewed and recommended for approval by the Audit Committee on the same date.

Status of Operations

APEC

APEC was established to engage in renewable energy resource exploration, development and utilization.

Kalinga Geothermal Project

In 2008, APEC was granted a Geothermal Service Contract (GSC) by the Republic of the Philippines, through the Department of Energy (DOE), for the exploration, development and exploitation of geothermal resources covering a total area of 26,139 hectares located in the Province of Kalinga (the "Kalinga Geothermal Project" or "KGP"). The GSC was converted into a Geothermal Renewable Service Contract (GRESK) in March 2010 to avail of the incentives provided under the Renewable Energy Act of 2008. GRESK No. 2010-03-24 has a term of not exceeding 25 years (including the used term under the GSC) and renewable for not more than 25 years. The total period from pre-development stage to the development/commercial stage shall not exceed 50 years.

In November 2010, APEC and its partner, Guidance Management Corporation (GMC), formed a partnership with AllFirst Kalinga Ltd. (AKL, formerly Chevron Kalinga Ltd.) and signed a Farm-out Agreement (FOA) which gives APEC and GMC the option to take an equity position of up to 40% in KGP. The parties also signed a Joint Operating Agreement where AKL will be responsible for the exploration, development and operation of the steam field and power activities. As at December 31, 2025 and 2024, APEC and GMC each have 5% participation as provided under the FOA.

On August 14, 2018, pursuant to Executive Order No. 30, the Energy Investment Coordinating Council (EICC), through the DOE, granted KGP a Certificate of Energy Project of National Significance (CEPNS) for Pre-Development Phase. The CEPNS entitles KGP to all the rights and privileges provided for under Executive Order No. 30 series 2017.

On September 18, 2018, AKL assigned its Farm-out interest, including all associated rights and obligations under the FOA, in favor of its affiliate, Allfirst Kalinga Holdings, Inc. (AKHI).

In 2019, KGP completed securing all the remaining necessary permits and maintained and complied with its commitments. KGP has also engaged contractors and suppliers necessary for the construction of access roads, well pads, and well drilling activities. With the completion of the negotiation for right-of-way, remaining regulatory permits, as well as the engagement of the needed contractors and suppliers, KGP has completed the construction of well pads and access roads, and continues to implement geo-hazard mitigation measures.

On October 12, 2019, KGP commenced drilling of the PAS-02 exploration well and ended drilling operations on April 21, 2020 after reaching a depth of 4,483 ft. (1,366 m MD) and being unable to drill further. The results of the drilling still show promise, with very encouraging commercial temperatures at 568°F (298°C) despite tight permeability.

On March 12, 2021, KGP re-commenced its geology, geochemical, and geophysical surveys (3G) which ended on June 7, 2021. After the evaluation and study, the results of the 3G established the presence of multiple independent systems within the KGP. Three potentially exploitable systems have been discovered located in the areas of Liwang, Caigutan, and Dananao. All three systems are located within the existing contract area.

On June 5, 2023, the GRESC was converted into GSC No. 2023-04-073 as a result of the request to apply for a new investment on Southwest Kalinga, amending the contract area of GRESC No. 2010-03-024. This amended GSC has a pre-development and development term until July 1, 2033 and renewable for not more than 25 years.

Multiple extensions were secured for the exploration period of KGP with the latest of which is valid until May 28, 2026, upon the conversion of the GSC. On October 20, 2025, the DOE granted the suspension of obligations from July 12, 2025 to July 11, 2026 due to force majeure. This effectively extends the exploration period for another year or until May 28, 2027.

Southwest Kalinga Geothermal Power Project (SWKGPP)

On July 7, 2023, a new GSC (GSC No. 2023-07-074) was awarded to APEC for the Southwest Kalinga Geothermal Power Project (SWKGPP) which covers the newly discovered potentially exploitable systems in Caigutan and Dananao. This GSC has a pre-development and development contract period of 25 years with a possible extension of another 25 years. The total period from pre-development stage to the development / commercial stage shall not exceed 50 years. The exploration period of this GSC shall be valid for seven years.

With the newly discovered potential systems and newly awarded GSC, APEC and its partners intend to continue exploration activities through further 3G surveys and eventually start exploratory and appraisal drilling. To date, KGP has been engaging with communities within the contract area.

KGP has maintained full engagement with the host local government units (LGUs) and communities. As at February 27, 2026, the consent of nine (9) out of eleven (11) ancestral domains has been secured covering 85% of the GSC area. In addition, all of the Community Development (CD) Projects have been fully completed and turned over to the respective community beneficiaries.

KGP continues to provide scholarship grants and educational assistance to deserving youths from the eight (8) ancestral domains within its contract area. As at school year 2024-2025, KGP has already extended scholarships to 469 grantees and has produced 386 graduates in various courses, which includes 66 licensed professionals, scholarship accounts for 31% of CD Projects Expenditures. Five (5) scholar graduates in engineering and geology have been hired for the Project.

KGP involves the development of steam fields that can generate around 120 megawatts (MW) of new capacity, providing an additional source of clean, indigenous and reliable baseload power to the Luzon grid. A 120 MW geothermal project will approximately cost more than US\$300.0 million.

On January 15, 2020 and March 2, 2018, APEC contributed US\$2.1 million (P106.5 million) and US\$1.0 million (P51.2 million), respectively, to AKHI equivalent to the 5% share of the appraisal drilling budget which includes construction of general facilities, roads, and pads, rig mobilization and demobilization, well drilling, testing, resource feasibility study, other exploration capital (salaries and wages) and corporate social responsibility.

On February 9, 2026, the DOE approved the application for the conversion of the SWKGPP GSC to the new renewable energy contract format with Certificate of Authority (COA). The COA shall remain valid for a period not exceeding three years, or up to Feb 8, 2029. The GSC exploration timeline was placed on hold during the three-year validity of the COA. Accordingly, upon the expiration of the COA, the GSC will have approximately 4.41 years of remaining exploration period, or until July 8, 2033.

APEC continues to undertake surface exploration activities in the Pasil-Caigutan section within its KGP contract area. Planned activities for 2026 include drone reconnaissance surveys, geochemical sampling, geophysical surveys, and structural studies. The technical team is also updating its conceptual geological models to assess potential drilling targets. Discussions covering adjacent areas in Tinglayan Municipality (Danao) are ongoing in connection with planned exploration activities.

APC Energy

APC Energy was established to engage in exploration, development and utilization of renewable energy resources. APC Energy stopped its operations when its Coal Operating Contracts with the DOE in both Masbate and Isabela were terminated in 2013 and 2015, respectively.

APC Mining

APC Mining was organized to engage in mining, processing, manufacturing, buying and selling of all kinds of ores, metals and minerals. It was granted a mining permit for the exploration of chromite, copper and nickel deposits in Alubijid, Misamis Oriental. In 2013, APC Mining gave up its exploration permit because the area has low prospect for chromite, copper and nickel.

APC Cement

APC Cement was incorporated in November 1994 to engage in the manufacture of cement. As at December 31, 2025, APC Cement is still in the pre-operating stage.

PRC-Magma

PRC-Magma was established to engage in the business of exploration, development, and processing of renewable and non-renewable energy resources, including but not limited to wind power, solar power, hydropower, biofuels, biomass, and coal; exploration, mining and processing of metalliferous and non-metalliferous mineral and ore resources; trading and supply of energy and mineral resources; and generation of electric power using energy resources. In 2010, PRC-Magma was awarded a GRESC for Bontoc Mainit-Sadanga in Mountain Province and Buguias-Tinoc in Benguet and Ifugao Provinces. In 2015, the service contracts were terminated due to the delays in the implementation of the approved work program and failure to make any discovery before the end of the fifth (5th) contract year.

As at December 31, 2025, the Company is still evaluating new business opportunities for its non-operating subsidiaries.

2. Summary of Material Accounting Policy Information

Basis of Preparation and Statement of Compliance

The separate financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards. This financial reporting framework includes PFRS Accounting Standards, Philippine Accounting Standards (PAS) and Philippine Interpretation from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial and Sustainability Reporting Standards Council and adopted by the SEC, including SEC pronouncements.

The Company also prepares and issues consolidated financial statements for the same period in accordance with PFRS Accounting Standards. In the consolidated financial statements, the subsidiary undertakings have been fully consolidated. Users of these separate financial statements should read them together with the consolidated financial statements in order to obtain full information on the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group. The consolidated financial statements may be obtained at the Company's registered office address and at the SEC.

The material accounting policies used in the preparation of the separate financial statements have been consistently applied to all the years presented, unless otherwise stated.

Measurement Bases

The separate financial statements are presented in Philippine Peso (Peso), which is the Company's functional currency. All values represent absolute amounts, unless otherwise indicated.

The separate financial statements of the Company have been prepared under the historical cost basis, except for the following accounts:

- financial assets at fair value through other comprehensive income (FVOCI) and investment properties measured at fair value; and
- retirement liability measured at present value of estimated future cash outflows.

Historical cost is generally based on the fair value of the consideration given in exchange for an asset and the fair value of consideration received in exchange for incurring a liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a nonfinancial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the separate financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the separate financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting date.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Further information about the assumptions made in measuring fair value is included in Notes 6, 8 and 18 to the separate financial statements.

Adoption of Amendments to PFRS Accounting Standards

The material accounting policies adopted are consistent with those of the previous financial year. There are no amendments to PFRS Accounting Standards effective for annual periods beginning on or after January 1, 2025 that will have an impact of the Company's separate financial statements.

Amendments to PFRS Accounting Standards in Issue But Not Yet Effective

Relevant new and amended PFRS Accounting Standards, which are not yet effective as at December 31, 2025 and have not been applied in preparing the separate financial statements, are summarized below.

Effective for annual periods beginning on or after January 1, 2026:

- Amendments to PFRS 9, *Financial Instruments*, and PFRS 7, *Financial Instruments: Disclosures – Classification and Measurement of Financial Assets* – The amendment provides to clarify the requirements related to the date of recognition and derecognition of financial assets and financial liabilities, with an exception for derecognition of financial liabilities settled through cash using an electronic payment system. The amendments also clarify the requirements of assessing contractual cash flow characteristics of financial assets, with additional guidance on assessment of contingent features, and the characteristics of non-recourse loans and contractually linked instruments. The amendments also introduce additional disclosure requirements for equity instruments classified as financial asset measured at fair value through other comprehensive income (FVOCI) with contingent features. Earlier application is permitted.
- Annual Improvements to PFRS Accounting Standards Volume 11:
 - Amendments to PFRS 7, *Financial Instruments: Disclosures* – The amendments remove some obsolete references related to the gain or loss on derecognition on financial assets of an entity that has a continuing involvement and to the disclosure requirements on deferred differences between fair value and transaction price. The amendments also clarify that the illustrative guidance does not necessarily illustrate all the requirements for credit risk disclosure.
 - Amendments to PAS 7, *Statement of Cash Flows* – The amendments clarify that when accounting for an investment in an associate, a joint venture or a subsidiary accounted for by use of the equity or at cost, an investor restricts its reporting in the statements of cash flows to the cash flows between itself and the investee, such as dividends and advances.

Effective for annual periods beginning on or after January 1, 2027 -

- PFRS 18, *Presentation and Disclosure in Financial Statements* – This standard replaces PAS 1, *Presentation of Financial Statements*, and sets out requirements for the presentation and disclosure of information in general purpose financial statements. The standard introduces new categories and sub-totals in the statements of comprehensive income, additional disclosures on management-defined performance measures, and enhanced requirements for grouping information. Full retrospective application is required. Earlier application is permitted.

Under prevailing circumstances, the adoption of the foregoing new and amendments to PFRS Accounting Standards is not expected to have any material effect on the separate financial statements of the Company. Additional disclosures will be included in the separate financial statements, as applicable.

Financial Assets and Liabilities

Date of Recognition. Financial assets and liabilities are recognized in the separate statements of financial position when the Company becomes a party to those contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

Initial Recognition and Measurement. Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at fair value through profit and loss (FVPL), includes transaction cost.

Classification. The Company classifies its financial assets at initial recognition under the following categories: (a) financial assets at amortized cost, (b) financial assets at fair value through other comprehensive income (FVOCI) and, (c) financial assets at FVPL. The classification of a financial asset largely depends on the Company's business model and its contractual cash flow characteristics. Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or financial liabilities at amortized cost.

As at December 31, 2025 and 2024, the Company does not have financial assets at FVOCI and financial assets and liabilities at FVPL.

Financial Assets at Amortized Cost. A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less allowance for impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized or impaired or through amortization process. Financial assets at amortized cost are included under current assets if realizability or collectability is within 12 months after the reporting period. Otherwise, these are classified as noncurrent assets.

Cash and cash equivalents, receivables, other noncurrent assets (excluding input VAT) and advances to subsidiaries (included under "Investments in and advances to subsidiaries" account in the separate statements of financial position) are classified under this category.

Financial Assets Designated at FVOCI. The Company may irrevocably designate an equity instrument that is not held for trading to be measured at FVOCI.

Financial assets at FVOCI are initially measured at fair value plus transaction costs.

Dividends from equity instruments held at FVOCI are recognized in profit or loss when the right to receive payment is established, unless the dividend clearly represents a recovery of part of the cost of the investment. These fair value changes are recognized in equity and are not reclassified to profit or loss in subsequent periods. On disposal of these equity instruments, any cumulative valuation gains or losses will be reclassified to retained earnings.

Investment in equity securities are classified under this category.

Financial Liabilities at Amortized Cost. Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Company having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process.

Trade and other payables (excluding statutory payables), advances from a related party, and subscription payable are classified under this category.

Reclassification

The Company reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in OCI.

A financial asset that has been designated at FVOCI may no longer be reclassified to a different category.

Impairment of Financial Assets at Amortized Cost

The Company recognizes an allowance for expected credit loss (ECL) based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The difference is then discounted at an approximation to the asset's original effective interest rate.

For receivables, the Company applies simplified and has calculated ECL based on the lifetime ECL. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Meanwhile, the Company applied the general and calculated ECL of other financial assets at amortized cost based on 12-month ECL. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. Financial assets are derecognized when the right to receive cash flows from the asset has expired or the Company has transferred its right to receive cash flows from the financial asset.

Derecognition of Financial Assets and Liabilities

Financial Assets. A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Company retains the right to receive cash flows from the financial asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Company has transferred its right to receive cash flows from the financial asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from a financial asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset nor transferred control of the financial asset, the financial asset is recognized to the extent of the Company's continuing involvement in the financial asset. Continuing involvement that takes the form of a guarantee over the transferred financial asset is measured at the lower of the original carrying amount of the financial asset and the maximum amount of consideration that the Company could be required to repay.

Financial Liabilities. A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the profit or loss.

Offsetting of Financial Assets and Liabilities

Financial assets and financial liabilities are offset and the net amount reported in the separate statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the separate statements of financial position.

Classification of Financial Instrument between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- deliver cash or another financial asset to another entity;
- exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or
- satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Company does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

Value-Added Tax (VAT)

VAT represents the net amount of VAT recoverable from or payable to the tax authorities. Revenues, expenses and assets are recognized net of the amount of VAT, except:

- where the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of tax included.

The net amount of VAT recoverable from the tax authorities is presented as part of "Other noncurrent assets" account in the separate statements of financial position.

Investments in Subsidiaries

Investments in subsidiaries are accounted for under the cost method, less any allowance for impairment losses. The Company recognizes income when its right to receive the dividends is established. Distributions received in excess of such profits are regarded as recovery of investment and are recognized as a reduction of the cost of the investment.

A subsidiary is an entity in which the Company has control. Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Company has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Company has less than majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangement; and
- The Company's voting rights and potential voting rights.

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Investment Properties

Investment properties comprise of parcels of land held by the Company for capital appreciation and/or future development. These properties are not held to be used in production or sale in the ordinary course of business.

Investment properties are measured initially at cost, including related transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the reporting date as determined by independent appraisers. Gain or loss arising from changes in fair value of investment properties is included in profit or loss in the year in which it arises.

Investment properties are derecognized when either these have been disposed of or when the investment properties are permanently withdrawn from use and no further economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of investment properties is recognized in profit or loss in the year of retirement or disposal.

Impairment of Nonfinancial Assets

The Company assesses at each reporting date whether there is an indication that the nonfinancial assets may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. Recoverable amount is the higher of an asset's fair value less costs of disposal or its value in use, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company makes an estimate of recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss.

Capital Stock and Additional Paid-in Capital (APIC)

Capital stock is measured at the par value for all shares subscribed and issued, net of any subscription receivable. Proceeds or fair value of consideration received in excess of par value are recognized as APIC. Incremental costs, net of tax, incurred that are directly attributable to the issuance of new shares are recognized in equity as a reduction from related APIC or retained earnings.

Deficit

Deficit represents the cumulative balance of the net income or loss, net of any dividend declaration.

Other Comprehensive Income (OCI) and Other Comprehensive Loss (OCL)

OCI (OCL) comprises of items of income and expenses that are not recognized in profit or loss for the year in accordance with PFRS Accounting Standards. The OCI (OCL) of the Company represents cumulative changes in fair value of financial assets at FVOCI and cumulative remeasurement gains and losses on retirement liability.

Treasury Stock

Own equity instruments which are reacquired (treasury shares) are recognized at cost and deducted from equity. No gain or loss is recognized in the separate statements of comprehensive income on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration is recognized as APIC. Voting rights related to treasury shares are nullified for the Company and no dividends are allocated to them.

Revenue Recognition

Interest Income. Revenue is recognized as the interest accrues, taking into account the effective yield on the assets, net of final tax.

Other Income. Income from other sources is recognized when earned.

Expense Recognition

Expenses are recognized in profit or loss when a decrease in future economic benefits related to a decrease in an asset or an increase in a liability, other than distributions to equity participants, has arisen that can be measured reliably.

General and Administrative Expenses. General and administrative expenses constitute costs of administering the business. These are expensed as incurred.

Employee Benefits

Short-term Benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employees and the obligation can be estimated reliably.

Retirement Benefit Costs. The Company has an unfunded, noncontributory defined benefit plan covering all qualified employees. The retirement liability is determined using the projected unit credit method which reflects services rendered by employees to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The Company recognizes retirement costs, comprising of interest costs and current service costs in profit or loss.

Interest on the retirement liability is the change during the period in the retirement liability that arises from the passage of time which is determined by applying the discount rate based on government bonds to the retirement liability. Interest is calculated by applying the discount rate to the retirement liability.

Current service costs pertain to the increase in the present value of a defined benefit obligation resulting from employee service in the current period.

Remeasurements comprising actuarial gains and losses are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

The present value of the defined benefit liability is determined by discounting the estimated future cash outflows using interest rate on government bonds that have terms to maturity approximating the terms of the related retirement liability.

Actuarial valuations are made with sufficient regularity that the amounts recognized in the separate financial statements do not differ materially from the amounts that would be determined at the reporting date.

Leases

The Company assesses whether the contract is, or contains, a lease. To assess whether a contract conveys the right to control the use of an identified assets for a period of time, the Company assesses whether, throughout the period of use, it has both of the following:

- a) the right to obtain substantially all of the economic benefits from the use of the identified asset; and
- b) the right to direct the use of the identified asset.

If the Company has the right to control the use of an identified asset for only a portion of the term of the contract, the contract contains a lease for that portion of the term. The Company also assesses whether a contract contains a lease for each potential separate lease component.

The Company as a Lessee. For leases with lease terms of 12 months or less (short-term leases) and leases for which the underlying asset is of low value, the Company recognizes the lease payments as an expense in profit or loss on a straight-line basis.

For leases with lease terms of 12 months or less but with an option to extend the lease, the management assesses whether there is reasonable certainty that the Company will extend the lease, by considering all relevant facts and circumstances that create an economic incentive for the lessee to extend or terminate the lease, to determine the appropriate lease term.

Income Taxes

Current Tax. Current tax is the expected tax payable on the taxable income for the year, using the tax rate enacted or substantively enacted at the reporting date.

Deferred Tax. Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences and carry forward benefit of unused tax credits from net operating loss carry-over (NOLCO) and excess of minimum corporate income taxes (MCIT) over regular corporate income tax (RCIT) to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and unused tax credits from NOLCO and excess of MCIT over RCIT can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rate and tax laws in effect at the reporting date.

Deferred tax is recognized in profit or loss, except to the extent that it relates to items directly recognized in OCI.

Deferred tax assets and liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Related Parties

A related party relationship exists when one party has the ability to control, directly, or indirectly through one or more intermediaries, or exercise significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/or among entities which are under common control with the reporting entity, or between, and/or among the reporting entity and its key management personnel, directors or its stockholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely to the legal form.

A related party transaction is a transfer of resources, services or obligation between a reporting entity and a related party.

A related party transaction is considered material if the transaction/s, either individually, or in aggregate over a twelve-month period with the same related party, amounts to ten percent (10%) or higher of a Company's total assets based on its latest separate financial statements. Details of transactions entered into by the Company with related parties are reviewed in accordance with the Company's related party transactions policy.

Provisions and Contingencies

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are not recognized in the separate financial statements. These are disclosed in the notes to separate financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the separate financial statements but are disclosed in the notes to separate financial statements when an inflow of economic benefits is probable

Events After the Reporting Date

Events after the reporting date that provide additional information about the Company's financial position at the end of reporting year (adjusting events) are reflected in the separate financial statements. Events after the reporting date that are not adjusting events are disclosed in the notes to separate financial statements when material.

3. Significant Judgment, Accounting Estimates and Assumption

The preparation of the Company's separate financial statements in accordance with PFRS Accounting Standards requires management to make judgment, accounting estimates and assumptions that affect the application of accounting policies and the amounts of assets, liabilities, income and expenses reported in the separate financial statements at the reporting date. The judgment and accounting estimates and assumptions used in the separate financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of the separate financial statements. While the Company believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates. Such estimates will be adjusted accordingly when the results become determinable.

Significant judgment, accounting estimates and assumptions are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Judgment

In the process of applying the Company's accounting policies, management has made the judgment below, apart from those involving estimations, which has the most significant effect on the amounts recognized in the separate financial statements:

Determining Control over Subsidiaries. The Company determines that it has control over its subsidiaries by considering, among others, its power over the investee, exposure or rights to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns. The following factors are also considered:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual agreements; and
- The Company's voting rights and potential voting rights.

Management has assessed that it has control over its subsidiaries as at December 31, 2025 and 2024.

Accounting Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the financial reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting year are discussed below.

Assessing the ECL on Receivables. The Company estimates ECL on receivables using a provision matrix which considers the Company's historical credit loss experience adjusted for forward-looking factors, as appropriate.

The amounts and timing of recorded expenses for any period would differ if different estimates and assumptions were made or different estimates were utilized. An increase in the allowance for ECL would increase the recognized expense and decrease current assets.

Provision for ECL in 2025 and 2024 and the carrying amounts of the Company's receivables as at December 31, 2025 and 2024 are disclosed in Note 5 to the separate financial statements.

Assessing the ECL on Other Financial Assets at Amortized Cost. The Company applies the general approach in measuring the ECL for its other financial assets. The Company assessed that cash and cash equivalents are deposited with reputable counterparty banks that possess good credit ratings. For related party transactions, the Company considered the available liquid assets of the related parties, letter of support from the stockholders and the mitigation of credit exposure through legally enforceable rights. For other noncurrent assets (excluding input VAT), the Company considered the financial capacity of the debtors to refund the deposits once the agreements are terminated.

The Company assesses that a financial asset is considered credit impaired when one or more events that have a detrimental effect on the estimated future cash flows of the asset have occurred, such as significant financial difficulty of the borrower.

The provision for ECL recognized in 2025 and 2024 and the carrying amounts of other financial assets at amortized cost as at December 31, 2025 and 2024 are disclosed in Notes 4, 7 and 9 to the separate financial statements.

Assessing the Impairment of Nonfinancial Assets. The Company assesses impairment on its nonfinancial assets whenever events or changes in circumstances indicate that the carrying amount of these assets may not be recoverable. The factors that the Company considers important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- significant negative industry or economic trends.

Except for investment in subsidiaries, management has assessed that there are no indications of impairment on the Company's other nonfinancial assets in 2025 and 2024.

The carrying amounts of the Company's nonfinancial assets are disclosed in Notes 7 and 9 to the separate financial statements.

Determining the Fair Value of Investment Properties. The Company engaged an independent appraiser to determine the fair value of investment properties. The fair value of investment properties as at December 31, 2025 was based on an independent appraiser's report dated January 4, 2021 applying the market data approach. Management evaluated that the fair value of investment properties determined on appraisal date approximates the fair value as at the reporting date since there were no significant changes in the condition of the properties and economic environment between those dates. In market data approach, the value of the land is based on sales and listings of comparable property registered within the vicinity. This approach requires the adjustments of comparable property by reducing reasonable comparative sales and listings to a common denominator. This is done by adjusting the differences between the subject property and those actual sales and listings regarded as comparable. The properties used as basis of comparison are situated within the immediate vicinity of the subject property. The comparison was premised on the factors of location, size and shape of the lot and time element and others.

The properties pertain to parcels of land in the Municipality of Ginatilan, Cebu. The fair value of investment properties as at December 31, 2025 and 2024 are disclosed in Note 8 to the separate financial statements.

Further information about the assumptions made in measuring the fair value of the investment properties are discussed in Notes 8 and 18 to the separate financial statements.

Estimating the Retirement Costs. The determination of the liability and costs of retirement benefits is dependent on the assumptions used by the actuary in calculating such amounts. Actual results that differ from the Company's assumptions are accumulated and recorded in OCI. While the Company believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the retirement liability.

Retirement costs and remeasurement gains (losses) recognized in 2025 and 2024 and the carrying amounts of retirement liability as at December 31, 2025 and 2024 are disclosed in Note 13 to the separate financial statements.

Assessing the Realizability of Deferred Tax Assets. The carrying amount of deferred tax assets at each reporting date are reviewed and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized within the period allowed by the tax regulations. The Company's assessment on the recognition of deferred tax assets on deductible temporary differences is based on the forecasted taxable income of the subsequent reporting periods. This forecast is based on the Company's past results and future expectations on revenue and expenses.

The Company did not recognize deferred tax assets amounting to ₱4.6 million and ₱5.1 million as at December 31, 2025 and 2024, respectively (see Note 15). The Company has assessed that it is not probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized.

4. Cash and Cash Equivalents

This account consists of:

	2025	2024
Cash on hand and in banks	₱1,175,219	₱1,492,054
Short-term investments	14,789,893	20,887,573
	₱15,965,112	₱22,379,627

Cash in banks earn interest at the prevailing bank deposit rates. Short-term investments are made for varying periods depending on the immediate cash requirements of the Company and earn interest at the respective short-term investment rates.

Interest income earned from cash in banks and short-term investments amounted to ₱0.7 million and ₱0.8 million in 2025 and 2024, respectively.

5. Receivables

This account consists of:

	Note	2025	2024
Receivables from related parties	12	₱10,109,141	₱10,206,924
Others		247,358	397,549
		10,356,499	10,604,473
Allowance for ECL		(6,526,077)	(6,403,541)
		₱3,830,422	₱4,200,932

Receivables from related parties are unsecured, noninterest-bearing, collectible in cash and on demand.

Movements in the allowance for ECL are as follows:

	Note	2025	2024
Balance at beginning of year		₱6,403,541	₱6,295,598
Provision for ECL	14	122,536	107,943
Balance at end of year		₱6,526,077	₱6,403,541

6. Financial Assets at FVOCI

On May 9, 2024, the Company sold all its Premium Leisure Corp. (PLC) shares for ₱5.4 million or ₱0.85 a share. Cumulative change in fair value is reclassified from OCI to deficit.

Movements of financial assets at FVOCI as at December 31, 2024 are as follows:

Balance at beginning of year	₱4,006,170
Unrealized gain	1,398,980
Sale	(5,405,150)
Balance at end of year	₱—

The table below presents the cumulative change in fair value of financial assets at FVOCI attributable to the shareholders of the Company in 2024 (presented in the equity section of the separate statements of financial position):

Balance at beginning of year	₱3,158,169
Change in fair value	1,398,980
Reclassification to deficit	(4,557,149)
Balance at end of year	₱—

7. Investments in and Advances to Subsidiaries

This account as at December 31, 2025 and 2024 consists of the following:

	Note	
Investments in subsidiaries		₱243,313,182
Advances to subsidiaries	12	—
		₱243,313,182

As at December 31, 2025 and 2024, investments in subsidiaries consist of the following:

APEC	₱243,313,182
APC Cement	32,500,000
APC Energy	25,000,000
APC Mining	24,748,696
	325,561,878
Allowance for impairment losses	(82,248,696)
	₱243,313,182

Advances to subsidiaries consist of (see Note 12):

Advances to subsidiaries	₱85,614,960
Allowance for impairment losses	(85,614,960)
	₱—

Investments in and advances to APC Cement, APC Energy, and APC Mining were fully provided with allowance as management assessed that these may not be recoverable as at December 31, 2025 and 2024.

8. Investment Properties

Investment properties amounting to ₱9.2 million as at December 31, 2025 and 2024, pertain to parcels of land which are being held by the Company for capital appreciation.

No income was earned for the investment properties in 2025 and 2024. Real property tax paid amounted to ₱6,518 in 2025 and 2024.

The fair value of the investment properties was determined by an independent appraiser. The appraiser is an industry specialist in valuing these types of investment properties. Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of investment properties are determined using the market data approach and by gathering available market evidences.

The latest independent appraiser's report is dated January 4, 2021. The Management has assessed that the fair value of the investment properties as at reporting date did not materially differ from the last valuation performed.

Fair value hierarchy disclosures for investment properties have been provided in Note 18 to the separate financial statements.

Description of valuation techniques used and key inputs to valuation on investment properties are as follows:

A. Highest and Best Use

Based on analysis of prevailing land usage in the neighborhood and the property itself, diversified agro-industrial land development would represent the highest and best use of the property.

Highest and Best Use is defined as the most profitable likely use to which a property can be put. The opinion of such use may be based on the highest and most profitable continuous use to which the property is adapted and needed or that use of land which may reasonably be expected to produce the greatest net return to land over a given period of time. Alternatively, it is that use, from among reasonably probable and legal alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in highest land value.

B. Market Data Approach

The value of the land was arrived at using the Market Data Approach. In this approach, the value of the land was based on sales and listings of comparable properties registered within the vicinity. The technique of this approach requires the adjustments of comparable properties by reducing reasonable comparative sales and listings to a common denominator. This was done by adjusting the differences between the subject property and those actual sales and listings regarded as comparable. The properties used as bases of comparison are situated within the immediate vicinity of the subject property. The comparison was premised on the factors of locations, size and shape of the lot, time element and others.

9. **Other Noncurrent Assets**

This account consists of:

	2025	2024
Input VAT	₱8,094,711	₱7,966,810
Others	23,822	23,822
	₱8,118,533	₱7,990,632

Office and Other Equipment

Fully depreciated office and other equipment with a total cost of ₱1.7 million as at December 31, 2025 and 2024, are still being used in the operations.

10. Trade and Other Payables

This account consists of:

	Note	2025	2024
Trade payables		₱395,048	₱432,646
Nontrade:			
Third parties		24,511,787	24,511,787
Related party	12	277,962	318,687
Accrued expenses		59,787	2,817,485
Statutory payables		20,999	36,500
		₱25,265,583	₱28,117,105

Trade payables are unsecured, noninterest-bearing and are normally settled on a 30-day term.

Nontrade payables to third parties are unsecured, noninterest-bearing and payable on demand.

Accrued expenses are noninterest-bearing and are normally settled within the next financial year.

Statutory payables include withholding taxes payable and payables to various government agencies which are normally settled within the following month.

11. Equity

- a. Details of authorized, issued and outstanding capital stock as at December 2025 and 2024 follows:

	Number of Shares	Amount
Authorized:		
Common stock - ₱0.01 par value	14,000,000,000	₱140,000,000
Preferred stock - ₱0.01 par value	6,000,000,000	60,000,000
	20,000,000,000	₱200,000,000
Common stock:		
Issued	5,998,149,059	₱59,981,491
Subscribed	1,513,660,938	15,136,609
	7,511,809,997	75,118,100
Subscription receivable	—	(11,237,312)
	7,511,809,997	63,880,788
Treasury stock	(7,606,000)	(29,435,220)
Outstanding stock	7,504,203,997	₱34,445,568

- b. The cumulative convertible preferred shares are redeemable and may be issued from time to time by the Company's BOD, which is authorized to adopt resolutions authorizing the issuance thereof in one or more series for such number of shares and relative rights and preferences, as it may deem beneficial to the Company. As at reporting date, the Company's BOD has not authorized any issuance of preferred shares.

- c. The following summarizes the information on the Company's registration of securities under the Securities Regulation Code:

Date of SEC Approval	Type of Issuance	Authorized Shares	Issue / Offer Price
January 7, 1994	Initial public offering	80,000,000,000	₱0.01
July 9, 1996	Additional public offering	100,000,000,000	0.01
July 12, 1996	Stock option	5,300,000,000	0.01
October 16, 1996	Additional subscription	1,814,700,000,000	0.01
April 30, 1997	Increase of par value	(1,980,000,000,000)	1.00
February 20, 2020	Decrease in par value	—	0.01
		20,000,000,000	

The total number of shareholders is 588 as at December 31, 2025 and 2024.

- d. APIC as at December 31, 2025 and 2024 consists of the following:

	Amount
Subscription in excess of par value	₱1,256,789,894
Subscription receivable	(1,112,493,936)
	₱144,295,958

- e. Pursuant to the PSE's rules on minimum public ownership, at least 20% of the issued and outstanding shares of a listed company must be owned and held by the public. As at December 31, 2025 and 2024, public ownership over the Company is 51.11%.

12. Related Party Transactions

The Company, in its regular conduct of business, has transactions and balances with related parties. The transactions with related parties and the outstanding balance arising from these transactions are as follows:

	Nature of Transaction	Transactions during the Year		Outstanding Balance	
		2025	2024	2025	2024
Nontrade Receivables					
	Share in expenses	₱553,449	₱1,278,231	₱10,109,141	₱10,206,924
	Allowance for impairment	122,536	107,943	(6,526,077)	(6,403,541)
<i>Subsidiaries</i>				₱3,583,064	₱3,803,383
Nontrade Payables					
<i>Subsidiary</i>	Share in expenses	₱—	₱—	₱277,962	₱318,687
Advances to Subsidiaries					
	Advances	₱—	₱—	₱85,614,960	₱85,614,960
	Allowance for impairment	—	—	(85,614,960)	(85,614,960)
<i>Subsidiaries</i>				₱—	₱—

	Nature of Transaction	Transactions during the Year		Outstanding Balance	
		2025	2024	2025	2024
Advances from a Related Party					
	Advances	P—	P—	P79,406,947	P79,406,947
Stockholder	Share in expenses	—	—	571,684	571,684
				P79,978,631	P79,978,631
Subscription Payable					
Subsidiary	Subscription	P—	P—	P10,000,000	P10,000,000

As at December 31, 2025 and 2024, the Company does not have noncash transactions arising from financing activities.

Subscription Payable

Subscription payable represents unpaid subscription in APC Energy as at December 31, 2025 and 2024.

Terms and Conditions of Transactions with Related Parties

Outstanding balances are unsecured, noninterest-bearing, collectible or payable on demand and are normally settled in cash.

Compensation of Key Management Personnel

Compensation of key management personnel presented as part of "Salaries and employee benefits" under "General and administrative expenses" account in the separate statements of comprehensive income, amounted to P1.3 million in 2025 and 2024.

Approval Requirements and Limits on the Amount and Extent of Related Party Transactions

All individual material related party transactions (MRPT) and those involving directors and/or officers shall be approved by at least two-thirds (2/3) vote of the BOD, with at least a majority of the independent directors voting to approve the MRPT. In case that a majority of the independent directors' vote is not secured, the MRPT may be ratified by the vote of the stockholders representing at least two-thirds (2/3) of the outstanding capital stock.

Aggregate related party transactions within a 12-month period that meets or breaches the materiality threshold shall require the same BOD approval mentioned above.

13. Retirement Liability

The Company has an unfunded, noncontributory defined benefit retirement plan covering all of its qualified employees. The plan provides for a lump sum benefit payment upon retirement.

The latest valuation of the retirement plan was performed by an independent actuary for the year ended December 31, 2025.

The components of retirement costs recognized under "General and administrative expenses" account in the separate statements of comprehensive income are as follows (see Note 14):

	2025	2024
Interest cost	P61,002	P257,432
Current service cost	43,791	294,586
	P104,793	P552,018

Changes in present value of retirement liability are as follows:

	2025	2024
Balance at beginning of year	₱1,011,648	₱3,948,342
Interest cost	61,002	257,432
Current service cost	43,791	294,586
Benefits paid	–	(2,017,474)
Remeasurement loss (gain) recognized in OCI:		
Experience adjustments	15,660	(1,569,535)
Changes in financial assumptions	13,348	98,297
Balance at end of year	₱1,145,449	₱1,011,648

The cumulative remeasurement gains (losses) recognized in OCI as at December 31 are as follows:

	2025		
	Cumulative Remeasurement Gains (Losses)	Deferred Income Tax (see Note 15)	Net
Balance at beginning of year	₱1,260,803	(₱315,201)	₱945,602
Remeasurement loss	(29,008)	7,252	(21,756)
Balance at end of year	₱1,231,795	(₱307,949)	₱923,846

	2024		
	Cumulative Remeasurement Gains (Losses)	Deferred Income Tax (see Note 15)	Net
Balance at beginning of year	(₱210,435)	₱–	(₱210,435)
Remeasurement gain	1,471,238	(315,201)	1,156,037
Balance at end of year	₱1,260,803	(₱315,201)	₱945,602

The principal assumptions used to determine retirement obligations for the Company's plan are shown below:

	2025	2024
Discount rate	5.83%	6.03%
Future salary increase rate	5.00%	5.00%

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the retirement liability as at December 31, 2025 and 2024 assuming if all other assumptions were held constant:

	Increase (Decrease)	Increase (Decrease) in Accrued Retirement Cost	
		2025	2024
Discount rate	1.00%	(₱64,965)	(₱66,189)
	(1.00%)	69,545	71,516
Future salary increase rate	1.00%	69,430	71,537
	(1.00%)	(66,069)	(67,431)

The following are other defined benefit plan information:

	2025	2024
A. Weighted average duration of present value of defined benefit obligation	5.9 years	6.8 years
B. Maturity analysis of undiscounted retirement benefit payments		
Within one year	P-	P-
More than one year up to 10 years	2,024,917	1,996,908
C. Plan membership information		
Number of active plan members	1	1
Average attained age	53.8 years	52.8 years
Average past service	25.5 years	24.5 years
Average future service	6.2 years	7.2 years

14. General and Administrative Expenses

This account consists of:

	Note	2025	2024
Salaries and employee benefits		P1,272,332	P2,198,084
Transportation and travel		1,189,728	1,085,581
Professional fees		701,934	689,075
Representation		522,234	523,081
Taxes and licenses		282,465	344,038
Outside services		213,845	151,552
Dues and subscriptions		130,272	135,433
Provision for ECL on receivables	5	122,536	107,943
Retirement cost	13	104,793	552,018
Rental		53,571	53,571
Communication		44,821	60,269
Others		78,626	163,328
		P4,717,157	P6,063,973

15. Income Tax

The Company's provision for current income tax amounting to P2,207 and P3,580 pertains to Minimum Corporate Income Tax (MCIT) in 2025 and 2024, respectively.

No deferred income tax assets were recognized for the deductible temporary differences and carryforward benefit of NOLCO because management has assessed that it is not probable that sufficient future taxable profit against which the deferred income tax assets can be utilized.

The components of the Company's unrecognized tax assets and deferred tax liability are as follows:

	2025	2024
Unrecognized Deferred Tax Assets		
<i>Through profit or loss:</i>		
NOLCO	₱3,763,118	₱4,413,761
Accrued retirement costs recognized in profit or loss	594,311	568,113
Excess MCIT over RCIT	198,046	195,839
	₱4,555,475	₱5,177,713
<i>Through OCI -</i>		
Cumulative remeasurement gain	₱307,949	315,201

As at December 31, 2025, the Company's unused NOLCO which can be carried forward and claimed as deduction against future regular taxable income are as follows:

Year Incurred	Balance at beginning of year	Incurred	Applied /Expired	Balance at end of year	Valid Until
2025	₱-	₱3,857,230	₱-	₱3,857,230	2028
2024	6,719,409	-	-	6,719,409	2027
2022	5,396,067	-	5,396,067	-	2025
2021	4,475,831	-	-	4,475,831	2026
2020	1,063,735	-	1,063,735	-	2025
	₱17,655,042	₱3,857,230	₱6,459,802	₱15,052,470	

On September 30, 2020, the Bureau of Internal Revenue (BIR) issued Revenue Regulations No. 25-2020 implementing Section 4(b) of "Bayanihan to Recover As One Act" which states that the NOLCO incurred for taxable years 2020 and 2021 can be carried over and claimed as a deduction from gross income for the next five (5) consecutive taxable years immediately following the year of such loss.

Details of excess MCIT over RCIT are as follows:

Year Incurred	Balance at beginning of year	Incurred	Applied/Expired	Balance at end of year	Valid Until
2025	₱-	₱2,207	₱-	₱2,207	2028
2024	3,580	-	-	3,580	2027
2023	192,259	-	-	192,259	2026
	₱195,839	₱2,207	₱-	₱198,046	

The reconciliation of provision for (benefit from) income tax computed at the statutory income tax rate to the provision for income tax shown in the separate statements of comprehensive income is as follows:

	2025	2024
Benefit from income tax computed at the statutory income tax rate	(P975,757)	(P1,268,757)
Tax effects of:		
Expired NOLCO	1,614,951	—
Interest income subjected to final tax	(175,942)	(202,487)
Nondeductible expenses	161,193	157,755
Change in unrecognized deferred tax assets	(622,238)	1,317,069
Provision for income tax computed at effective income tax rate	P2,207	P3,580

The income tax rates used in preparing the separate financial statements as at and for the years ended December 31, 2025 and 2024 are 25% and 2% for RCIT and MCIT, respectively.

16. Other Income

Other income amounting to P0.1 million and P0.2 million mainly pertain to service fees in 2025 and 2024, respectively.

17. Financial Risk Management Objectives and Policies

General

The Company has risk management policies that systematically view the risks that could prevent the Company from achieving its objectives. These policies are intended to manage risks identified in such a way that opportunities to deliver the Company's objectives are achieved. The Company's risk management takes place in the context of day-to-day operations and normal business processes such as strategic planning and business planning. It is also established to identify and manage the Company's exposure to financial risks, to set appropriate transaction limits and controls, and to monitor and assess risks and compliance to internal control policies.

Management has identified each risk and is responsible for coordinating and continuously improving risk strategies, processes and measures in accordance with the established business objectives. The BOD has overall responsibility for the establishment and oversight of the Company's risk management framework. Risk management policies and structure are reviewed regularly to reflect changes in market conditions and the activities of the Company.

The Company's principal financial instruments comprise of cash and cash equivalents, receivables, other noncurrent assets (excluding input VAT), advances to subsidiaries, trade and other payables (excluding statutory payables), advances from a related party and subscription payable.

The main risks arising from the Company's financial instruments are credit risk and liquidity risk. The BOD reviews and approves policies for managing these risks. These are summarized below.

Credit Risk

Credit risk is the risk that the obligations to the Company will not be repaid on time and in full as contracted, resulting in a financial loss. It is inherent to the business as potential losses may arise due to the failure of its counter parties to fulfill their obligations on maturity dates or due to adverse market conditions.

Generally, the credit risk of the Company is attributable to financial assets at amortized cost. The Company maintains credit policies and continuously monitors defaults of counter parties, identified either individually or by group, and incorporate this information into its credit risk controls. Managing credit risk has both qualitative and quantitative aspects. Credit officers must evaluate the credit quality of the counterparties and assign internal credit ratings upon this evaluation.

The Company defines credit exposure as all transactions where losses might occur due to the fact that counterparties may not fulfill their contractual payment obligations based on original contractual terms. The Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amounts of these financial assets. Credit risk from cash in banks is mitigated by transacting only with reputable banks duly approved by management.

Credit Quality of Financial Assets. The credit quality of financial assets is managed by the Company using internal credit ratings such as high grade, standard grade, past due but not impaired and credit impaired.

High Grade - pertains to deposits or placements to counterparties with good credit rating or bank standing. For receivables, this covers accounts of good paying counterparties with good credit standing and are not expected by the Company to default in settling its obligations, thus credit risk exposure is minimal. This normally includes large prime financial institutions, companies and government agencies.

Standard Grade - other financial assets not belonging to high quality financial assets are included in this credit rating.

Past due but not impaired - pertains to financial assets where contractual payments are past due but the Company believes that impairment is not appropriate based on the probability of collection of amounts owed to the Company.

Credit impaired - pertains to financial assets for which the Company determines that it is probable that it will not be able to collect the amount due based on the contractual terms and agreements.

The tables below summarize the analysis of the Company's financial assets as at December 31:

2025					
	Neither Past Due nor Impaired		Past due but not impaired	Credit Impaired	Total
	High Grade	Standard Grade			
Lifetime ECL:					
Receivables	P-	P3,830,422	P-	P6,526,077	P10,356,499
Advances to subsidiaries	-	-	-	85,614,960	85,614,960
12-month ECL:					
Cash and cash equivalents*	15,935,278	-	-	-	15,935,278
Other noncurrent assets**	23,822	-	-	-	23,822
	P15,959,100	P3,830,422	P-	P92,141,037	P111,930,559

*Excluding cash on hand.

*Excluding cash on hand.

**Excluding input VAT.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's objectives to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking adverse effect to the Company's credit standing.

The Company seeks to manage its liquid funds through cash planning on a weekly basis. As part of its liquidity risk management, the Company regularly evaluates its projected and actual cash flows. It also continuously assesses conditions in the financial markets for opportunities to pursue fund raising activities.

The table below summarizes the maturity profile of the Company's financial liabilities as at December 31 based on contractual undiscounted payments:

2025			
	On demand	Less than 3 months	Total
Trade and other payables*	P24,849,536	P395,048	P25,244,584
Advances from a related party	79,978,631	-	79,978,631
Subscription payable	10,000,000	-	10,000,000
	P114,828,167	P395,048	P115,223,215

*Excluding statutory payables.

	2024		
	On demand	Less than 3 months	Total
Trade and other payables*	₱27,647,959	₱432,646	₱28,080,605
Advances from a related party	79,978,631	—	79,978,631
Subscription payable	10,000,000	—	10,000,000
	₱117,626,590	₱432,646	₱118,059,236

*Excluding statutory payables.

18. Fair Value Measurements

The following table provides the fair value hierarchy of assets and liabilities with carrying amounts which approximate its fair value or measured at fair value as at December 31, 2025 and 2024:

	Total	Level 1	Level 2
Asset measured at fair value - Investment properties	₱9,156,000	₱—	₱9,156,000

Cash and Cash Equivalents, Receivables, Advances to Subsidiaries, Trade and Other Payables (excluding Statutory Payables), Advances from a Related Party and Subscription Payable. Due to the short-term nature of the transactions, the carrying values approximate the fair values at reporting dates.

Other Noncurrent Assets (excluding Input VAT). The carrying value of these assets does not materially differ from the fair value as at December 31, 2025 and 2024.

Investment Properties. The fair values of the investment properties were based on valuations performed by accredited independent appraisers, as discussed in Note 8.

There were no transfers between Level 1 and Level 2 fair value measurements and no transfers into and out of Level 3 fair value measurements during the years ended December 31, 2025 and 2024.

19. Capital Management

The primary objective of the Company's capital management is to ensure that it maintains strong credit rating and stable capital ratios in order to support its business and maximize shareholders' value. The Company manages its capital structure and makes adjustments based on the changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company is not subject to externally-imposed capital requirements.

The Company considers the equity attributable to the equity holders of the Company as presented in the separate statements of financial position as its core capital. As at December 31, 2025 and 2024, the Company was able to meet its capital management objectives. No changes were made in the objectives, policies or processes in 2025 and 2024.

**REPORT OF INDEPENDENT AUDITORS
ON SUPPLEMENTARY SCHEDULE FOR FILING WITH THE
SECURITIES AND EXCHANGE COMMISSION**

The Stockholders and the Board of Directors
APC Group, Inc.
G/F MyTown New York Bldg.
General E. Jacinto St., cor. Capas St.
Brgy. Guadalupe Nuevo, Makati City

We have audited in accordance with Philippine Standards on Auditing, the separate financial statements of APC Group, Inc. (the Company) as at and for the years ended December 31, 2025 and 2024, and have issued our report thereon dated February 27, 2026. Our audits were made for the purpose of forming an opinion on the basic separate financial statements taken as a whole. The accompanying Supplementary Schedule of Retained Earnings Available for Dividend Declaration as at December 31, 2025 is the responsibility of the Company's management.

The supplementary schedule is presented for purposes of complying with the Revised Securities Regulation Code Rule 68, and is not part of the basic separate financial statements. The supplementary schedule has been subjected to the auditing procedures applied in the audit of the basic separate financial statements and, in our opinion, fairly state, in all material respects, the financial data required to be set forth therein in relation to the basic separate financial statements taken as a whole.
