BRAIN FORCE HOLDING AG holds more than 5 % of stock

Vienna, July 11, 2007

The Managing Board of BRAIN FORCE HOLDING AG announced, in the framework of its ongoing share buyback programme, that the company has exceeded the 5% voting rights threshold on July 11, 2007. Following the acquisitions of that day, the company now holds voting rights of 5.05%.

The purchased shares should be sold in the course of the take-over of SolveDirect.com Internet-Service GmbH, Vienna, which was acquired on July 6, 2007. The resolution of the Managing Board concerning resale was published on July 3, 2007 in the Wiener Zeitung und Financial Times Deutschland.

About BRAIN FORCE:

BRAIN FORCE is an international provider of managed services. The company offers infrastructure solutions for business critical IT systems, business solutions for SMEs in any industry as well as industry-specific applications for financial service providers and production companies. BRAIN FORCE runs 16 subsidiaries in nine European countries and North America with about 1,200 regular and free-lance employees. BRAIN FORCE is quoted on the Vienna and Frankfurt/Main stock exchanges.
