

## Hamilton Global Opportunities plc (ALHGO.PA) announces the sale of its position in Miami International Holdings, Inc. (MIAX)

**London, UK, December 18, 2025, 07:30 CET** – Hamilton Global Opportunities plc (HGO) announces that it has participated in the recent secondary public offering of shares of MIAX and through that process has sold a significant majority of its shareholding in the company. HGO made its initial investment in MIAX in October 2021 with a follow up investment in May 2022. The continued success of MIAX and strong performance since the IPO in August of this year allowed HGO to meet its investment objectives through this disposal.

**Gustavo Perrotta, Founder and Chief Executive Officer of Hamilton Global Opportunities plc** declares: *“Whilst we remain very supportive of the management team of MIAX and its future business prospects the pricing of the secondary public offering was such that we have met our investment objectives and therefore we have taken advantage of the offering to sell our position in MIAX. This is a significant milestone for HGO as it represents the first significant exit of one of our investments since our listing in April 2021.”*
