

ARYZTA AG Announces New Board Technology Committee

Schlieren/Switzerland, 20 December 2024

Effective January 1, 2025, ARYZTA AG is establishing a new Board Committee dedicated to technology, digitisation, innovation, and artificial intelligence ("AI"). This initiative underscores the Board's commitment to harnessing advanced tools to drive business performance and prepare for future growth.

The rapid advancements in technology, digitisation, AI, and innovation are transforming industries, including the bakery sector. AI, in particular, will play a pivotal role in interlinking production lines, warehouses, demand planning and logistics, enhancing operational efficiency. The new Committee will be tasked with identifying the best strategies for ARYZTA to leverage these technologies, ensuring the company remains at the forefront of industry developments.

ARYZTA AG Chair and Interim CEO, Urs Jordi, commented:

"Technology and AI will streamline future resource planning and directly connect our production output with warehousing and shipping processes, optimizing efficiency. These emerging technologies will influence the design of new factories and production lines, guiding our future investments."
