

Dataprocés announces a new contract on MARS

5.1.2021 13:05:29 CET | Dataprocés Group A/S | Company Announcement

Company announcement no. 9: Dataprocés begins 2021 by entering into an agreement on our SaaS solution MARS with a larger Danish municipality.

The agreement on MARS has been entered into per the 5th of January 2021 with a larger Jutlandic municipality and is now the 7th municipality to purchase our MARS platform.

By using MARS, the municipality gets a platform which contributes to creating an overview of municipal financial payments and refunds while the platform streamlines digital administration and contributes to a correct foundation of data.

Generally about announcements

The contract is in accordance with Dataprocés' strategic focus and does not change the announced guidance.

In all announcements Dataprocés distinguishes between three municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.

Dataprocés only announces separate contracts on data analyzes with an estimated value higher than 1 million DKK.

The SaaS platforms MARS and Min Sag are central to the company strategy and will be announced each time an agreement has been entered into.
