

New larger municipality on MARS

7.5.2021 09:33:07 CEST | Dataprocés Group A/S | Company Announcement

Company announcement no. 20: Dataprocés has per the 7th of May entered into an agreement with yet another Danish municipality on our SaaS solution MARS.

The agreement on MARS has been entered into with a larger Jutlandic municipality. It's now the 9th municipality to join our MARS platform.

By using MARS, the municipality gets a platform which contributes to creating an overview of all municipal financial payments and refunds while the platform streamlines digital administration and contributes to a correct foundation of data.

Generally about announcements

The contract is in accordance with Dataprocés' strategic focus and does not change the announced guidance.

In all announcements Dataprocés distinguishes between three municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.

Dataprocés only announces agreements on data analyzes with a total estimated value higher than 250.000 DKK.

The SaaS platforms MARS, Min Sag and MARC Fleksløn are central to the company strategy and will be announced each time an agreement has been entered into.
