COMPANY ANNOUNCEMENT NO. 22 – 2023 | 03-05-2023 - Contains insider information.

Hove A/S announces today that CEO Maja Vonsild Jørgensen has chosen to resign from her position and has therefore submitted her resignation to the board of directors. Hans Christian Hansen, former CEO of Hove A/S, becomes acting CEO.

Director of the board, Knud Andersen, has asked Hans Christian to step up as acting CEO for the coming period. "We are confident that Hove's strong development can continue with Hans Christian at the helm. He has great experience and strong leadership qualities", says Knud Andersen.

Hans Christian Hansen will remain as CEO until a successor to Maja Vonsild Jørgensen has been found, thereby ensuring a smooth transition. At the same time, a process to find a new managing director for Hove A/S, will be initiated.

Maja Vonsild Jørgensen took up the position as CEO of Hove A/S in June 2021 and has successfully completed an IPO for Hove A/S as well as overseeing the preparation and execution of the strategic plan since then. In the past two years, Hove A/S has shown solid growth in both turnover and earnings.

"I have been incredibly pleased to work with a fantastic team and a competent organization at Hove A/S, enabling the execution of Hove's strategic plan, which, even in the short term, in a very difficult market, has documented that the decided strategic plan is correct and gives the desired results. Hove is in a strong position, and I look forward to following the company's further development", says Maja Vonsild Jørgensen.

Regarding the resignation, director of the board Knud Andersen says:

"Despite the fact that we are saddened by Maja Vonsild Jørgensen's decision to leave her position at Hove A/S, the company is in a much stronger position as noted on First North compared to just a few years ago. We have a solid strategic, commercial, geographical, and operational foundation. We also have a strong management group – both in Denmark and in the subsidiaries – who can deploy the strategic plan. I have full confidence that the positive development we have seen under Maja Vonsild Jørgensen's leadership will be maintained and that we can continue the strong development in turnover and earnings in the future".
